Our Mission Statement at Papakura High School

To prepare people for life by providing an education where academic emphasis has sporting, social and cultural support.

Summa Pete

2001 BOARD OF TRUSTEES REPORT

Three yearly Board of Trustee elections were held in April. We were gratified to have nineteen names put forward for election - an outstanding response from our parents which reflects the strong interest that our community has in the education of its young people. We welcomed newly elected members Louise Mathieson and Jim Powell, Staff Representative Mere Ngawati and Student Representative Samuelu Aati. During the year we co-opted Julie Wilson, Harold So'e, John Taylor and Richard Lumsden.

With regret we farewelled retiring Board Members Myra Smith, Pepe Alefaio and Jim Frear. I would like to particularly acknowledge the Board's gratitude to Mr Frear who was an extremely knowledgeable and hardworking Board member for ten years and Board Chair for six years.

There have also been changes in the Senior Management team. The Board appointed Mrs Jan Cosslett to the position of Director of Personnel, and Mr Doug Rosie to the new position of Associate Principal.

Earlier this year we received the exciting news that the school has been granted \$700,000 by the Ministry towards the building of a new Gymnasium. The Board has had plans drawn up, and work will start during the Christmas Holidays. The new Gymnasium will take the form of a new wing to the existing gymnasium, which will be upgraded. The Board has allocated another \$400,000 which will allow us to complete stage one by the middle of next year. We are seeking additional funding locally which will enable us to complete stages two and three within two years. The Board also has plans underway for the future construction of an Arts Suite to be built on to the existing school hall. With the completion of both projects, we will have two 'state of the art' facilities which will be wonderful assets for both the school and the community.

In 2004 the school will be celebrating our 50th Jubilee. Early next year we will be forming a Jubilee Committee to start planning for this important milestone. We invite all past pupils,

staff and former Board Members who would like to contribute to the organization of the Jubilee celebrations to contact us.

With the incoming Government introducing legislation to abolish Direct Resourcing, or Bulk Funding, we have lost a lot of the financial flexibility that we have enjoyed during the past five years. This decision has made it necessary for us to review our spending in some areas, and has resulted in the Board being a lot more circumspect with regard to school budgets and expenditure.

Delivery of the curriculum remains the most important focus for the Board. Along with several other Auckland schools, we have recently become part of a literacy study on the reading standards of new entrants. As a result of this study, we have appointed a full time reading teacher who will complement our existing programme designed to raise literacy standards in the junior school.

Best wishes to all staff and students who are leaving us this year. Thank you for the contribution you have made to the school during your time with us. Congratulations to those students who have achieved success in both academic and sporting pursuits.

As we look forward to 2002, the Board is confident that the school is in good heart, and endeavouring to meet the challenges of providing an excellent educational environment for both present and future students.

Shona Muir, Chairperson

Existing Board Members

Mrs Shona Muir (Chairperson), Mrs Angela Appleby (Principal), Mr Murray Browne (Deputy Chairperson), Mr Jim Powell Mrs Nisha Hura Mrs Louise Mathieson Mr John Taylor Mr Richard Lumsden Mrs Julie Wilson Mr Harold So'e Ms Mere Ngawati (StaffRep), Samuelu Aati (Student Rep), Mrs Margaret Honan (Board Secretary)

STUDENT REPRESENTATIVE ON THE BOARD OF TRUSTEES

It gives me pleasure to present my report for the school magazine. It has been a very successful year for both students and staff. We had a record number of third form enrolments and our school roll was at its highest number for the last few years.

As the student representative on the Board of Trustees I had the opportunity to work with the outgoing BOT and the new BOT, which is chaired by Mrs Shona Muir. Special thanks to the outgoing BOT for all the work they have put into the school over the last fifteen years. One of the first tasks for the new Board was to design and approve a new gymnasium, which should be built by next year.

This year was a very successful year for our school with sporting, cultural and academic achievements. Arts Festival week was one of the biggest highlights this year showcasing the talents of our student to the community. One of my main objectives as the Student Rep was to further develop the relationship between our school and Rosehill College. I interacted a lot with the Rosehill Student Rep which enabled us to look at issues from many angles and to strengthen the bond between our schools.

SAMUEL AATI

Mary (Mere) Rangihuna

We are presented with many opportunities and challenges during our lifetime. It is only a matter of which ones we choose to take on board.

I made the decision to leave Auckland Girls Grammar School after 5 wonderful years. I will not compare schools but simply hold onto the experience and memories.

I have thoroughly enjoyed the new challenges presented and welcome the knowledge and experience gained during my first year here.

This is a very unique environment made up of a wonderful range of staff and students alike. I hope I can contribute to your growth and development through education and sport.

I will certainly value the sincerity and simplicity that you as students continuously remind us of. Thank you all for the last year. I look forward to many more.

Grace Vai

Talofa lava!

Well, science at this school has definitely improved since my arrival at Papakura High this year!!

For the past 2 years, I've been teaching science in Samoa. However, nothing prepared me for the wonderful classes that I've taught this year. It has been challenging and stressful at times - but in the end it's made me a better person.

I've been blessed with having very supportive colleagues and this has made my first year easier. Being involved in extra-curricular events like Kirikiti and Tennis has also been memorable. However, it is the interaction with the students in this school that has made my first year in 'Kura High' unforgettable - I thank you for that.

Faefetai

Katie Keys

Having taught Woodwork and Technology at Greenmeadows Intermediate I have followed some "Greenies" to Papakura High. Hearing 'remember me Miss, you taught me at Greenmeadows' was a great introduction to this school.

It's sometimes difficult as either a student or teacher, to start at a new school - (so much to learn) but there is a group of students to whom I will be forever grateful - MY TUTOR GROUP. They are forever displaying how much they care for me - I just care for them all.

Last year I was very privileged to receive a Royal Society of NZ teachers fellowship, and spent the year researching "paper-making and bookbinding" in Australia and New Zealand. Although the year was enjoyable I missed the real passion of my life - teaching.

My most memorable moments are when students achieve or conquer something new. Sincere thanks to all the students and staff who have made Papakura such a fun place to come each day.

Steve Broun

Yes, I'm tall. Deal with it. Move on!! Well, with that done I can now talk about my year at Papakura High School.

What a year! I have found Papakura High students to be very outgoing and have enjoyed their good humour. I have also been amazed at the wealth of talent that the students of this school possess.

Some highlights of my year would have to have been the Junior and Senior camps and the Arts Festival in Term 3. I am looking forward to another terrific year with the staff and students of Papakura High School.

Catherine Hutton

School. The cringe of polyester and knee high socks. Who would ever have thought I'd be back? I'm a teacher now. Finally school is an experience I look forward to. My students are hot. We learn together and gaze longingly to the next set of holidays. After having gorged our minds on the musings of Edgar Allan Poe and the like of course.

Lawerence Naicker

I enjoy teaching. My interest are in Maths and Computers. I taught in South Africa for over 10 years. The school I taught at in South Africa was similar to Papakura High (large, multi cultural).

I started teaching in New Zealand in 1998. Taught at Northland College, Kaikohe for 3 years. I moved to Auckland in 2001, to be closer to family and friends. I find Papakura High, to be the kind of school that grows on you. I think the pupils have a lot of natural ability. I sometimes wish I had a magic wand, to help pupils believe that they can do it, especially in the Maths classroom.

I've enjoyed working in the Maths dept and I've found the teachers at Papakura High to be very supportive.

My interests outside the classroom are - my family, messing around with my son, cars, golf, fishing, Bunjee Jumping.

MY MOTTO: Success thro' hard work and perseverance

Michele Storrie

Buenos dies!

I spent 5 years travelling and working overseas, based in Spain, England and Mexico, before returning to New Zealand in 2000.

I decided to come back home and do something different...that something being the wonderful world of teaching.

This year at Papakura High has been a real 'learning' experience and I've enjoyed teaching such an interesting mix of students (most of the time!). The support of the staff is a big positive and I look forward to next year.

Vina McCollum

Vina McCollum left our XA department at the end of Term Two after spending seven years at Papakura High School. Originally starting as a voluntary worker, Vina's business talents from her career in the business world were soon recognised and she was eventually promoted to secretary in the unit. Her greatest joy, however, was in working with and seeing the development of the students. She was an outstanding, hard working secretary/support teacher who demanded high standards of herself at all times. She also involved herself in many organisations such as Rotary

Vina had a special rapport with the parents and students. Often, she worked long hours after school, at weekends and in the holidays doing that little extra for the students. This included her making costumes etc for the students to wear in school talent quests, putting a huge amount of effort into preparing, organising and running the unit art exhibition (the Head of Learning was on sick leave at this time), assisting at special Olympics events, playing a large part in our speech contests and the many activities that the XA unit involved itself in.

We wish Vina well for the future.

Natasha Leafberg

It is always difficult to know quite what to write in leaving letters. However, I feel that I have a store of memories care of Papakura High School, which will assist me greatly. In fact I could write a thesis on my memories, but I won't. What will I miss about Papakura high? I'll miss the unique individuality of the students, the supportive staff and the "specialness" that is Papakura.

For all the students that I have taught over the years I thank you for contributing to my classroom experiences. I would like to say that all of you are unique and special individuals who have shaped my positive teaching experiences. I will miss all of you and wish you the best of luck for the future.

For the awesome staff, I will miss the fun staffroom environment and teaching support. Thank you to the English staff for being such wonderfully supportive department. Mr Saville, thank you for all the time you spent listening to my questions in my first year at Papakura High and providing me with so much knowledge. You have been an inspirational HOD. A special thank you to Mrs Rees for being such a great friend and confidante over the 3 years I have been here.

Best wishes to you all.

David Gaskell

The Science Department is sorry to be losing David. He is returning home - to the UK. He has put a lot of time and energy into coaching the Senior Girl's 2nd XI Soccer Team and he will be very much missed as a coach.

David has particularly enjoyed the Year 9 and 10 camps and will leave us with many happy memories.

We wish him well.

Richard Banks

Richard Banks arrived at the beginning of 2001 to take up a position in the Health and Physical Education Faculty. With his wit and genuine charm, he quickly became part of the Kura crowd. Richard coached the Senior Boys Softball team in the first term and based on his enthusiasm and positive approach to bringing out the best in athletes, went on to coach our prestigious 1st XV boys rugby team. Although they were slow to get points on the board initially, with the encouragement and motivating force of Richard, the boys went on to win their last six games. Let's not forget that Richard was 'Super Camp Leader' of Year 9 camps this year also. Both teachers and students who attended the camp had a thoroughly good time. Richards' repertoire of wet weather games went down a treat, and he made an excellent gnome at night on the Burma trails.

Richard has gone on to establish a lifestyle for himself and his partner in Cambridge and has taken up a position at Cambridge High School. Thank you for your contribution towards making Papakura High School such a great place to be.

Moana Brown

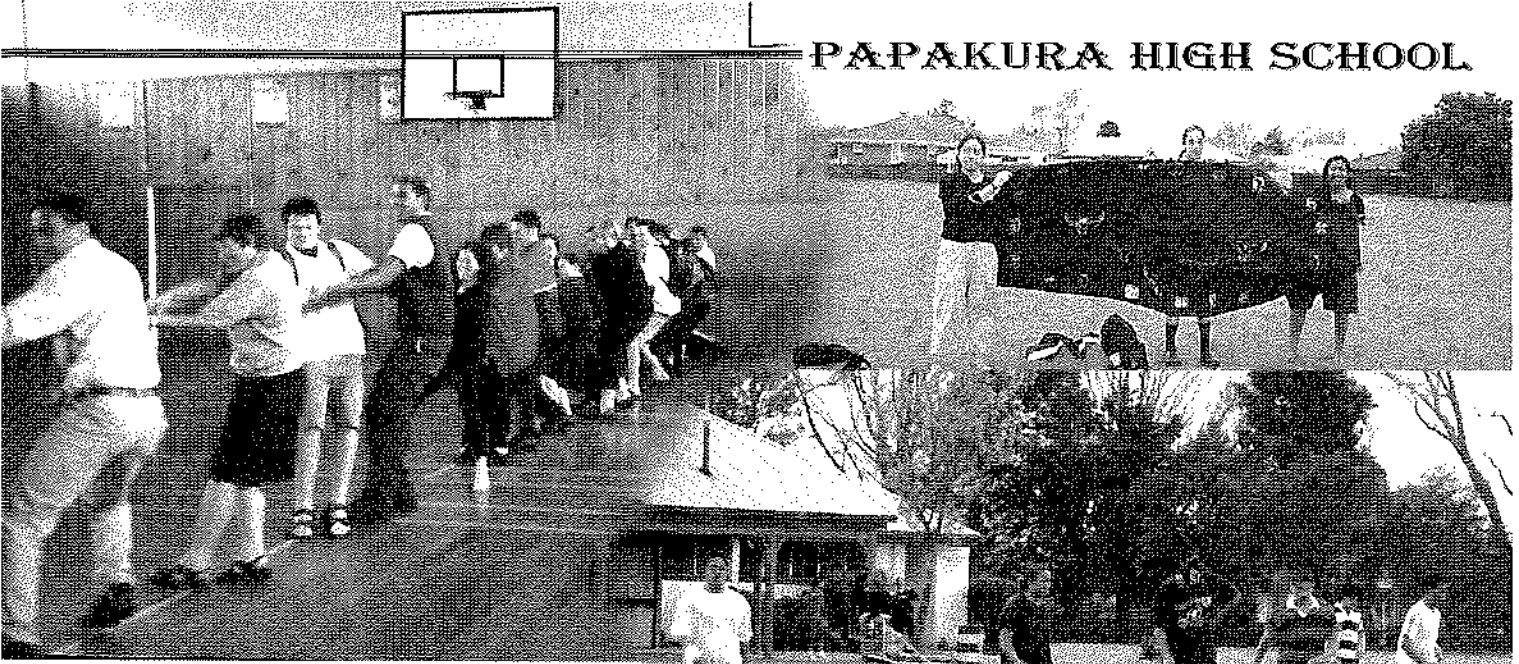

Wow, have I been so blessed to be part of the 'Kura' whanau for the last two years. I am very sad to be leaving such a special school of dedicated and hard-working staff and the best students that I have ever taught! I have absolutely loved my time at Papakura High as Head of Faculty for Health and Physical Education. Special thanks to an awesome Senior Management Team - I have the utmost respect for the wonderful job that you all do for this school. It has been a pleasure working with such dynamic and committed Faculty Managers. Let's not forget who really runs the school - the Administration team - thank you all so much for your kindness and all that you do to make our lives easier. And Lionel - you rock!

The Dream Team - my Faculty: You are all an inspiration to me and I am grateful to have been at your service. I know that you are all destined for fame and fortune!! I hope that your talent and skills continue to be recognised and nurtured when I leave. My heart will always be with you and I'm only a phone call away.

To my students - I know that you will continue to make empowering choices for your future. As my good friend Willie Jolley says: 'A setback is a set-up for a comeback'. Don't ever give up on your dreams! Don't forget to look after my room, my whare of learning. Be good to yourselves and to each other. Look after one another, as life is far too short to hold grudges. I will miss the number one Bledisloe tutor group - you are all beautiful and you know I will expect you to continue to carry on the high standards that we have established. I hope I have served you all well.

I am returning to work with my own people in Tauranga, teaching at Mount Maunganui College. Papakura High School will always remain in my heart.

Kia kaha, kia toa, kia manawanui.

Bledisloe is the Best
More determined than the rest.

Let our Leaders Mona and Tafu go down in the 2001 books as the only House Captains who had both brains and looks.

Engulfed in our fury Fergusson and Freyberg cried Cobham we had on the knees with broken pride.

Dedication by tutor teachers ensured discipline and with this followed our wins.

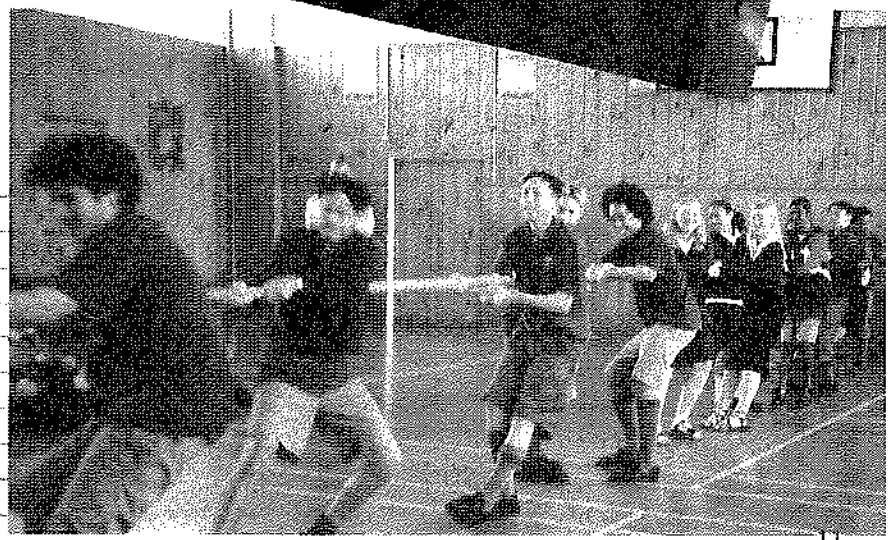

In the water we weren't champions yet in times of hardship we came together and crunched the opposition. 2nd in swimming sports was too much.

Sharn Trophy we proved that are worthy, once again we won. Well done everyone!!

Lava lavas were worn throughout the year the black and white bull indicated no fear.

One target was to gain victories. Participation was the way to conquer our foes.

Excellence, we strived all year long.
Bledisloe exceed your dreams be strong.

Cobham House 2001

For the last 7 years Cobham has reigned supreme as House Champions apart from 1998 when we generously allowed Fergusson to have a turn at getting their name on 'our' cup.

Our mascot Neptune, God of the Ocean lead us to victory at the swimming sports giving Cobham a great start to the year.

Then it was Athletics day.

Cobham house entered the stadium in a blitz of red. Students had demonstrated their true house spirit by adorning themselves in red shirts, paint and many accessories, not to mention our awesome banners made by the students. Unfortunately we did not manage to take out this event but all of the students put their full effort in by abiding by the major Cobham rule - PARTICIPATION.

Well done Cobham House and good luck for the future

Freyberg House Report

Wow what a year of changes around Freyberg house. It has been a pleasure this year to take on the head Deaning role of Freyberg house with the departure of Mrs Boyce. Joining the team also is Ms Matthews who has been a great asset to Freyberg with her enthusiasm and humour – all the best next year with your new baby.

A big thank you to our house leaders (Simon Thompson, Moana Jacobs, Baeyong Purukamu and Rebecca Spick). They have grown up true blue Freyberg students and have encouraged and rallied many students to participate and get involved in our activities. Good luck to you all next year. Freyberg house wishes all its leaving seniors the best for the future and we'll try our hardest to win the house competition (Our last overall win was 198....- Oh well the All Blacks lose too! Like the All Blacks we will at least look sharp and give 100%)

Freyberg is lucky to have the greatest bunch of tutors around. This year we welcomed aboard Ms Storrie (taking over Mr Junges tutor group) and Mr Naicker (taking over Mr Wikohika's tutor group). Last year Mr Weijermars created the wonderful Freyberg trophy. This year each of the tutor groups have competed for it over a series of activities. At the end of the year one tutor group will be left standing and raise the coveted Freyberg trophy in victory (not to mention a free lunch!). So far results have shown (3 points per win):

- YJDN- 6pts(Fire drill organisation, Rope climbing activity)
- YMEI-6pts (Junior quiz, Tabloids)
- YNAI-6pts (no Detentions for a week, Quiz)
- YSTE-3pts (Organise tutor activities)
- YNCL-3pts (no Detentions for a week)
- YSVL-3pts (Quietness in assembly)
- YGKL-3pts (Organisation in assembly)
- YCLK-3pts (Tabloids)

This year we were sat with Bledisloe in assemblies and we were treated at times to some great entertainment. Moana organised a balloon shaving competition that back fired when she realised she brought deodorant not shaving cream!! Clint the MC for the best of the best concert in term 3 managed to make us laugh with his unique sense of humour. Simon blasting away on his guitar and showing us what dedication and practice can do (Watch this guy, he is going to be a rock star!).

Think back to the start of the year and being in the sea of blue painted faces at athletics day. The tension was rising by the time we got to the senior relays. Freyberg cleaning up in the relays (Thanks Baeyong and Rebecca for being so fast). However, congrats must go to Fergusson House. You showed us how participation is the key to doing well in house events.

Thank you to all those students who stood up and entered or did something for the house this year. It is always easy to sit back and do nothing- let somebody else do it. Freyberg challenges you all to get involved in something- swimming, tabloids, quiz, organising an assembly.. (not necessarily a house event). You never know you might enjoy it, make a new friend or help somebody.

Good luck to the house captains and leaders next year- Go for it Freyberg!!!

COLENZO SOCIETY

INTERNATIONAL STUDENTS

SPORT REPORT

58 teams, 22 sporting codes, 24 staff, 5 external volunteers and 412 students helped Papakura High School dominate the sports fields, diamonds, turfs, courts in the Counties Secondary Schools Sports Competitions.

Thank you to all the staff, coaches, volunteers, parents and students who have braved the heat and cold conditions to ensure that we have represented with pride week in, week out during the respective seasons. We will only be able to foster sport at this school through ongoing support of all those mentioned above.

To the staff coaches/managers, thanks for what seems a thankless job at times, without your support, enthusiasm (although not all may share in this) or whatever it is that makes you motivated to take on the job!! THANKS, on behalf of all the students, parents and caregivers.

To the students who have participated in the sports teams this year, I hope you will hold onto the values sport can offer you in terms of some of the attributes gained through competing and participating in sport, they being commitment, discipline, respect, being

organised, and fair play to name just a few. These are common values that can be adhered to in the classroom, at home and at work.

Papakura High School continues to dominate the sports fields, courts, astro turfs, diamonds in the Counties region. We have competed with pride, skill and sportsmanship. Success is measured in different ways and not necessarily through the winning or losing of a game as often thought. We saw the introduction of a few new codes and personnel which made results indifferent, however with the experience and development had, this is sure to hold us in good stead leading into next years competitions.

It is amazing to witness the passion and commitment to informal recreational activities as I wander around before school, interval, lunch and after school.

If you could learn to channel that same energy, enthusiasm displayed to team practices and meetings we would surely witness, greater success, and a higher percentage of participation. Be proud of who you are, where you come from and that pride will mould you and our school into the best school in the Counties Manukau region.

*Mere Rangihuna
Sports Co-Ordinator*

Secondary Schools Open Tennis Tournament:

Nick Burnie represented the school at the Secondary Schools Open tournament held at Rangitoto College on August 20th. Although Nick did not come away with any of the trophies, he played well and was an excellent representative of the school.

Saturday Tennis teams representing the school in the Auckland Secondary School Tennis Competition.

We entered six teams at the start of the year and have played five matches. The competition has three more matches to complete for the year.

1. The Senior Boys team is coached by Ms L Harford and Mrs S Mukund and is competing in the Senior Boys South Auckland competition. They are currently **WINNING** the Competition with 40 points.
2. The Intermediate Boys team is coached by a parent - Mr Hardcastle, and is competing in the A3 (E) section of the Auckland competition. They are a group of very enthusiastic players who practice regularly and are playing well. They are coming 5th in their competition.
3. The Junior Boys team is coached by Mr R Basdew and has some students who have never played before, but they are all having a lot of fun. They are competing in the Junior Boys South section of the Auckland Competition and are coming 4th with 21 points.
4. The Senior Girls Team is coached by Mr S Wikohika and is competing in the Senior Girls South section of the Auckland Competition. They are enjoying playing and are coming 5th in their competition.
5. The Intermediate Girls Team is coached by Miss G Rees and they are entered in the Intermediate Girls East section of the Auckland Competition. They are playing some excellent tennis and have won four of their five games. They are currently **WINNING** their competition with 41 points.
6. The Junior Girls Team is coached by Miss G Vai and they are entered in the Junior Girls East Section of the Auckland Competition. They are currently coming second with 34 points.

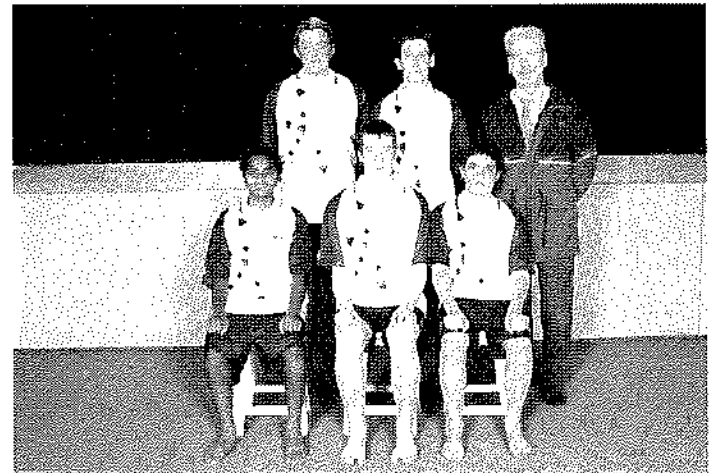

The year has gone well and congratulations should go to all players for their effort and enthusiasm when representing the school. Many thanks to the Coaches and parents without whose help these students would not be able to be involved with tennis.

Mrs S. M. Parnell

SENIOR GIRLS TENNIS

INTERMEDIATE BOYS TENNIS

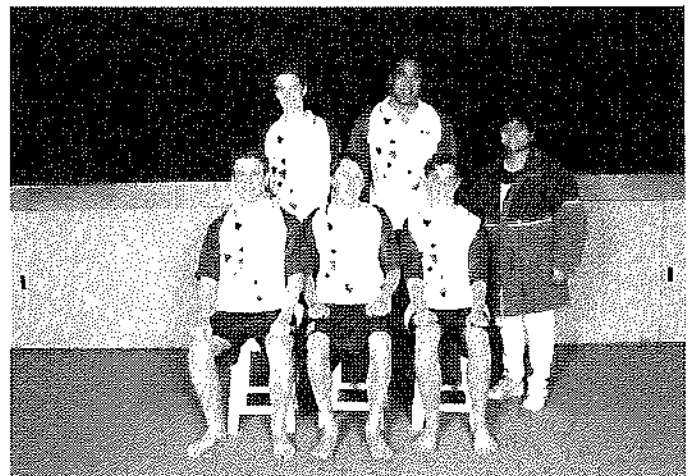

SENIOR BOYS TENNIS

Our senior boys have done a great job through the year, winning most of the games both at home and host schools. Its been great fun driving down with the senior students to all matches.

Well done boys! Keep it up Mrs Mukund & Ms Harford

SENIOR BOYS TENNIS

GIRLS 1st XV RUGBY - Ten Mins Till Death

This is what I would like to call Hoonz's 10 min call, and later on you will see why. But when I heard that there was going to be a Girls Rugby team this year, I laughed. The reason why I laughed was because Hoonz was taking the team, and everybody knows Hoonz's motto: "I hate losing" and everybody knew that the girls were not good at Rugby. We were worse than bad.

Or were we?

Because I felt embarrassed from last year's humiliation, I was still not prepared to walk down memory lane. But I went to the trials for the heck of it, just to see who would turn up. The turn out was great, we had some talented girls that just wanted to give it a go this year, and the atmosphere was good too. After the trials we showed how committed we were to the team, some of us stayed and some of us left and after the mixing around we finally got our 1st XV team. I thought that the trials were easy, but that's where I lost the beat. In the second week of training we were introduced to the 10 min call, what I like to call the 10 mins till death. We had to train next to the 1st XV boys, that was hard enough, if they saw us suffer they would laugh. If they heard Hoonz yell at us they would laugh, I mean who wouldn't, we were girls trying to play a boys game. Because of last year all the girls including Hoonz were motivated to win this season, and I guess more 10 mins till death calls were made, and longer training times.

After the first win, it felt like the winning streak was coming our way and was in favour to us. I guess we got a little big headed, and lost against Tangaroa, but set us back on our track, and that brought our heads down to the ground. I started to notice that Hoonz, was becoming a little soft. What had we done? Hoonz was laughing, smiling. Was there something wrong with him!! He was never ever like this, he was becoming extremely nice to everyone.

We had a great season, we made it to the semis and that was just great for me to even have made it that far. In the end, we did make it to our goal, the final against Auckland Girls Grammar. I mean we deserved to be there. We had great coaches, a great team of girls and we had great supporters. Even though we didn't win against Auckland Girls Grammar, we came out feeling like winners, because we had got that far. At the end of the day, we came out with a whole lot of bruises. We were led well by our captain Alicia Savage, and I hope to see her becoming a captain for a team like the Black Ferns.

A big thank you has to go to Mere and Wayne Rangihuna for the endless trainings, and the great tactics taught to the back line and the forward pack. Also a big thank you to the girls, for their commitment right through to the end of the season and their hard work.

Moana Jacobs

GIRLS SEVENS RUGBY

SPECIAL OLYMPIC RUGBY TEAM

On Friday 10 August 2001 and Sunday 12 August 2001 five students from the XA Unit of Papakura High School represented New Zealand along with 14 other students in a first ever Special Olympic Rugby test. A Japanese team – Ryokuseien Boys – aged 15 – 20 years were their opponents.

The first game in Rotorua was played to an awesome crowd of supporters from Auckland, Rotorua and Japan. (Zenkai Beers Senior team, Zenkai Beers Old Boys and many supporters and interpreters were also touring and playing in New Zealand).

After performing the customary 'Haka' the whistle blew. It was such a powerful display of diverse skills and seeing our Kiwi side win the first match against a very organised Japanese side was wonderful.

Their strength, speed and good ball handling skills in slippery conditions overwhelmed the Japanese. With the ever present TV1 News team there, lasting memories of jubilant faces caught on camera will be etched in memories for a long time.

Home to Auckland the next day to prepare for the second match at Waitemata. What a turn out this was, supporters from far and wide came to cheer the teams. Kick off – 2.30pm on a bright sunny day. It was a nail-biting first quarter. The Japanese poured on the speed and were winning 14 --7. This was a much improved team with very fast backs.

After a team talk in the break the score was turned around in favour of the Kiwis which delighted the crowds. Our boys did not let up and South Auckland Kiwis were triumphant again.

Lots of after match socialising. Language was not a barrier as all teams were there for a common cause. Interpreters were always available for the never-ending chatter and speeches. Much entertainment was enjoyed by everyone and the Japanese finished the night with an awesome Sumi display.

Certallo Faliu – captain of the team – kept the students in position and proved more than his worth with his awesome speed and side steps.

Saia Ale – vice captain – was here, there and everywhere. With great dexterity he planted try after try. I might add, quite the entertainer also.

SENIOR GIRLS VOLLEYBALL

The senior girls volleyball team had a great season, having great wins against top teams, the team members were all comedians. They supported each other both on and off the court. Most of the time they were often seen at the other court supporting the other teams. All players improved on their skills, and played with more confidence as the season progressed.

Having fun and getting out there was our main goal, so when winning our games it felt like an enormous achievement. You could say that we set a bench mark for our peers to follow.

We had a enjoyable time as a team and would like to thank our coach for helping and pushing us throughout the season.

Joshua Conrad – a powerful front rower – proved hard to tackle and he excited the crowds with a last minute try when he just wouldn't go down!

Brett Bainbridge – no stopping him at full speed and he kicked some of the best conversions to give credit to his tries.

Samuel Muir-James, had his job down pat, picking up loose balls and passing them quickly to set up tries for others. Great stuff considering he had an injury to his knee.

Much thanks must go to the dedicated teachers and parents who with their diverse skills and patience! Bought out the very best in these young men.

CROSS COUNTRY TEAM

Wearable Arts Show

Glue, Sellotape, tin cans and various other otherwise useless pieces of junk, were transformed into fantastical wearable creations at the Wearable Arts evening.

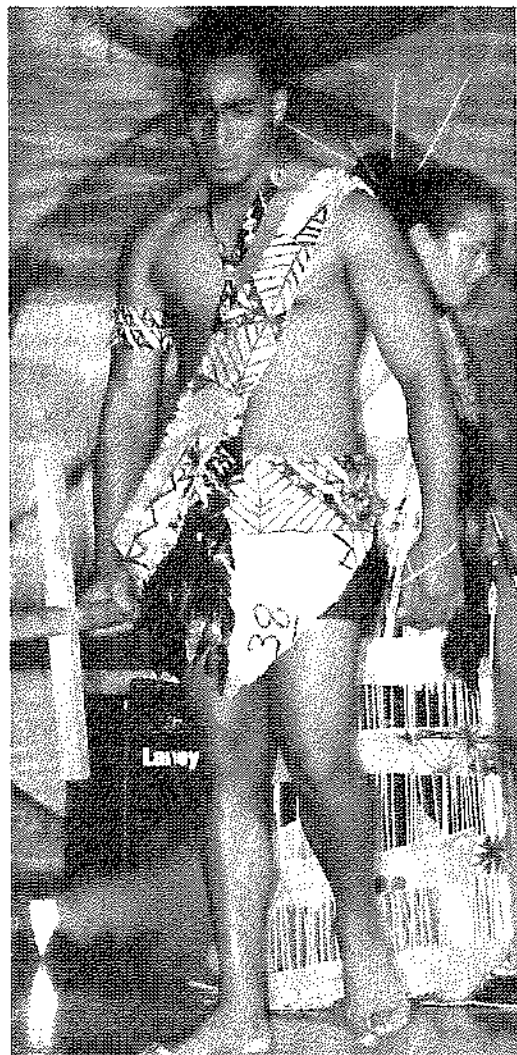

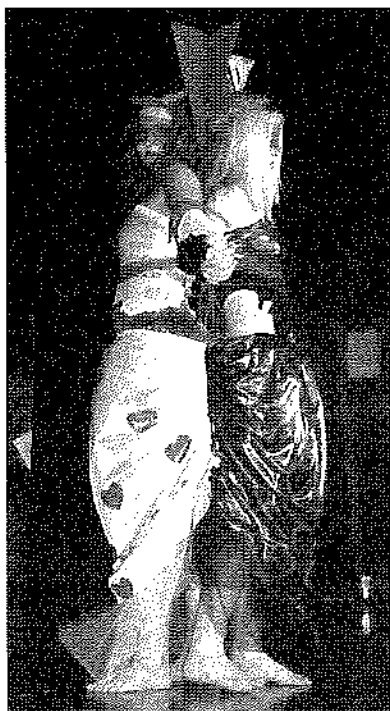

There were many entrants ranging from a six-foot girl with a dress made of cotton buds, dancing tin men, to a real life dragon! "It was quite exciting seeing everyone's achievements that started from a plan in their mind, then brought together to create spectacular visual spectacles," said John Toia of the Foundation Arts course.

There were dancers, that bedazzled the audience with their range of creative choreographs. Despite difficulties with microphones,

Ms. Matthews and Mr Saville hosted the evening with their usual charm and humour.

The night was an exciting feast for everyone's eyes, leaving many thinking... would my black dress go with my milk bottle hat?!

Sean Henry

Music Department

Another kochunga year of talent with the Talent Quest and Art Festival Week. Once again really cool to see lots of new faces getting involved and the old timers still strutting their stuff! As far as the department goes, Swasbrook seems to be the only sane one out of Harfe and Rabin.

"We tuff you long time and geeb da moosik gumming" (HFD) which means "Jolly good show chaps!"

(RBN)

Classical Banquet

It was Saturday 22nd September as a group of about twenty of us piled into cars and vans on the way to a classical banquet held as part of the New Zealand International Music Festival.

This year the festival was centred around 'Beethoven's Time'. We were treated to composers like Rossini, Kraus and of course Beethoven himself. We heard soloists Maria Kliegel, Nina Tichman, Gabor Sipos, David Griffiths (also a composer), Elise Bradley, Kenneth Cornish, Robert Wiremu and Matteo Napoli. The concert was really three mini-concerts with food breaks in between. We were seated above everyone else, and could clearly see the people who were eating the banquet during the concert. We caught the full onslaught of all the scraping knives, forks, spoons and also the waiters. On leaving for our breaks many of us saw the Platinum ticket holders in tuxedos, ball gowns and what looked like a wedding dress! Others looked as though they had just stepped out of a court of Beethoven's time, dressed in tights and gold embroidered jackets. The music was performed to the highest of standards. Even the violinists bowed in time to each other.

We were really privileged to be there - what other High School gets tickets gifted to them? The De Croy Arts trust (Adrien de Croy, Adrian Burr and Peter Kraus) donated 25 tickets to our school for this highly enjoyable evening.

There was only one slight mishap the whole evening - the third miniconcert started about five minutes early, meaning we were locked out for the first half of the concert! Serves us right for going down to Imax to get dessert. Everyone enjoyed this musical extravaganza! It was a fun evening all round.

Charlotte Poletti

Class Act Opera

The recent visit of "Class Act Opera" was thoroughly enjoyed by all. Who is "Class Act Opera" you might ask?

They are a group of well-known Auckland professional opera singers who promote and present opera in schools and communities. Their performance was entitled "Who is Joe Green?" Joe Green is the English name of the famous composer, Giuseppe Verdi.

The Opera took on the face of a "This is your Life" programme, with Daniel Cairns (a 6th form student) playing Paul Holmes, the presenter. Another student (who wished to remain nameless) was lucky enough to be pulled up on stage and dance a waltz with an actress. The four members of the company involved the audience to an amazing extent in their performance.

With a turnout of approximately 150 people, the production was greatly appreciated. We all hope they can come again next year and expect a bigger attendance.

Geoff Rowe

Rubbish Bin Painting

It was a cold, windy and wet Wednesday during Arts Festival week, but not even the heavens could stop the marvellous Rubbish Bin Painting Competition. Queued outside the New Pavilion were students with an artistic streak. The wonderful white bins were set out and the paints were everywhere. Brushes were handed out along with the rules and then Mrs Fletcher let us rip. In a swirl of yellow and a dab of blue, rainbows were painted and students set out, each with an idea spawning a colourful creative masterpiece on each bin. Everything was painted from colourful Koru to Fairytale Fantasies. As the end of the allotted time crept upon us we rushed and dashed around sloshing every colour of the rainbow on our bins just to finish. There, times up! As we roll our bins into a semi-circle to be judged we each hold in our hearts some hope that maybe our bins will be picked for the top three. Judged by the unbiased Mr Saville and Mrs Titford, the bins were narrowed down to six of seven creations. We stopped breathing as we anticipated the winner of the competition. Colourful Koru by Keriana Wilson and Melissa Urban was destined to win, closely followed by Fairytale Fantasy by Jessica Ruegg and myself. Last but not least was the bin by Taryn Miller, Calli Cleland and Rachelle Kells wrapping up the wonderful contest. Even those who didn't win were left with a sense of happiness as their very own bins were placed all around the school showing their awesome talents, plus if anything else, they got off periods three and four.

Chris Fenwick

MORE OF OUR OTHER ACTIVITIES

Arts Cafe Evening

The Arts Evening was held on Friday 8th June. There was a cafe-style emphasis to the evening; table cloths, candles, stunning art works and beautiful pot plants helping to transform the hall in to the perfect setting for a formal evening of entertainment and art.

Tickets sold quickly for this one off evening. Students from the faculty of Creative Arts entertained the guests and the Food Technology department catered for the evening. Students served their finger food creations to the guests as they enjoyed the entertainment and admired the artwork that was on display. The artworks were created by past and present students and sold in a frenzy during the evening.

The entertainment was diverse; a small Jazz combo, consisting of vocals, guitar, keyboard, bass and drums opened the evening's entertainment. Drama students performed dramatic monologues, dialogues and scenes from Shakespeare's Taming of the Shrew as well as

student's own original work. Members of the 4th form Theatre sports team put on an amusing and entertaining display. The six form Dance class Mesmerised us with their beautifully choreographed dances, and senior and junior music students entertained the audience with some enjoyable songs and solos. The evening was prosperous in that it marked the first public performance for our newly fledged choir. Under the expert guidance of Miss Harford who doubled as choir master, conductor and accompanist, the choir sang themselves proud. The evening was a tremendous success thanks to the abilities and talents of our students. Our thanks to the Food Technology Department and the staff of the Art, Drama, Dance and Music Learning areas for all their hard work. What a great way to spend a Friday evening with great food and entertainment!

DEVELOPMENTAL BAND EXTENSION MATHEMATICS

The top 20% of students in Form 3 and Form 4 Mathematics are offered the extension program during the year, achieving a Developmental Band certificate. This was again available for our students this year. All of 3tx, 3ty and 4t were required to take part plus other Mathematically Able students from other classes.

Unfortunately the results were not available at the printing time for this Magazine.

2001 MATHS WEEK

This is a week for discovery and enjoyment of Mathematics throughout the country.

At Papakura High School, we had problems of the day for each year level and for the staff. We held Mathematical games and puzzles in the hall with many prizes being won. The lunch hour activities included a juggling competition, a Dimensions Competition, several different dart competitions and a 'Rugby' Maths game.

The following students received prizes during the week:

Dimensions Competition:

- Sarah Woodroffe – overall winner for the week
- Campbell Voice – runner up

Bryan Ellis and Puletoago Penifilisa both made it to the semi-finals.

Juggling Competition:

3 balls – 2 hands:

- 1st Ngatupuna Moetana
- 2nd Tammy Dunn

2 balls 1 hand

- 1st Ngatupuna Moetana
- 2nd Nuseta Leapai

Rugby Puzzle;

The following met the challenge and completed the rugby puzzle:

- Natasha Vasey; Kathleen Ilallo; Leonie Cranston; Chelsea Tawhiti; Kane Takawe; Melissa Stewart; Lorelle Paul; Paula Vaeqea; Emily Fruean; Ashley Cullen.

Many other students received prizes each day for different achievements. Congratulations to all.

Mathematics Applied

This practical Mathematics course is offered at three levels in year 11, year 12 and year 13. Students in these courses get to do Mathematics based on a theme. The adjacent photos are of students in MAP 2 (flying Kites they had designed, measured and made).

3TY

Academic Institute Magazine Report

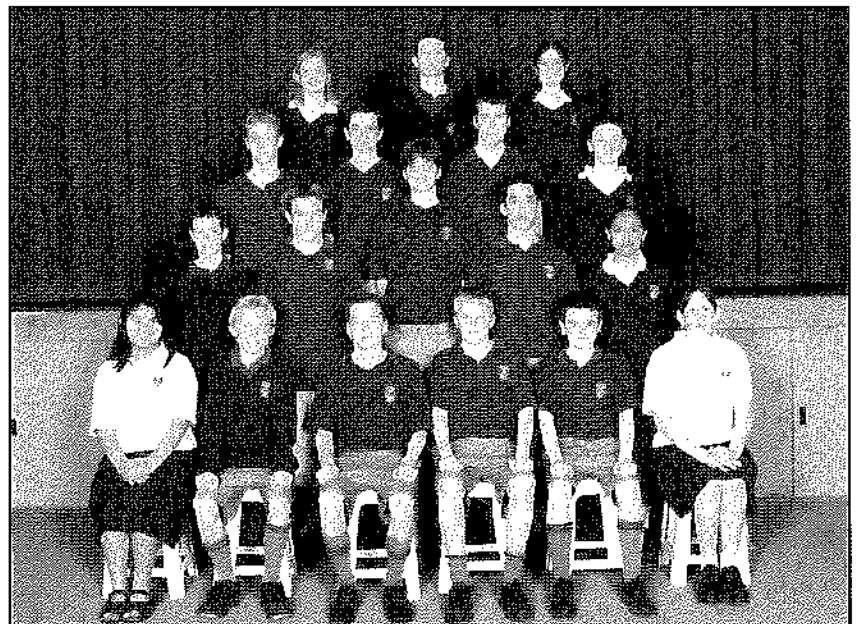

This year because of the quantity and quality of applicants we were able to offer two Academic Institute classes at Year 9. Both classes have followed a programme similar to other years with the School Success seminar run by Lance King at the beginning of the year and a visit to the Waikato University Open Day in April. But having two classes has also provided the opportunity for some extra activities such as an inter class debate on cloning at the end of Term One (won by 3TY) and a cross curricular unit based around the theme "Communities" which culminated in a competitive activity day early in Term Three (won by 3TX).

3TX

4TT also attended the Waikato University Open Day this year as their trip had been cancelled last year. As well they have also attended a career's workshop at MIT, the Coca-Cola Expo, a seminar by the 1999 Irish Young Scientist of the Year, a visit from former Head Girl Rosetta Rawnsley-Mason talking to them about Tall Poppy Syndrome and, because they do School Certificate Geography, several field trips. In preparation for their School Certificate Exam 4T have also been involved in a full day Exam Success workshop.

Like other students around the school, many of the students from these classes take part in activities outside the class room and have had success in the School Speech competition, Debating, Theatresports, Mathex, The New South Wales competitions in Maths, Science and English, the Arts Festival and in Sports.

4TT

JUNIOR DEBATING

The Junior Debating team of Rueben Sweeney, Margaret Chen, Charlotte Poletti and Michael Appleton have made it through to the final four in the Auckland Debating Association Competition.

The team defeated teams from Pukekohe High School, MacLeans College and Rosehill College to make the quarter-finals where they successfully defended the moot "Crime does Pay" against a St Kentigern's team.

The team success so far is doubly rewarding - all of the team is Year 9 students and most of the opposition has been Year 10. This looks good for the future of debating at Papakura High School.

This team was the most successful team in what proved to be a great year for Debating at Papakura High School. The senior team of Natasha Williams, Daniel Cairns and Mallory Carter also made the knockout stage of the senior competition before being defeated by Baradene.

The Year 10 team of Jeff Rowe, Shiva Mahoodi and Jason

Biddick missed out on the knockout stage by one position.

The other two Year 9 teams gained valuable experience in this Auckland side competition.

STOP PRESS!!!

At the time of going to print, the Junior Debating team were Junior finalists in the Auckland Debating Association debates. This was in competition with 36 other Auckland secondary schools. Congratulations! Unfortunately, it will be too late to publish the final result. The finals will be against Baradene College in November.

LIBRARY REPORT

2001 has been a great year for the Library. We have welcomed Mrs Hooks to the staff and Mrs Hapeta has expertly taken over the role of Library Manager vacated by Mrs Baker at the end of last year. There have been no major computer failures, no fires and no dramas - a pleasant change to the previous two years.

The Library continues to be a busy place for reading, researching and relaxing. The magazines continue to have a large following, as did surfing the net until user pays was established to reduce the growing cost of Internet access. Now students enjoy the chance to find themselves on the up-to-date school intranet.

The Homework Centre continued to operate this year with a few keen students making good use of the books and access to the computer network. There is still plenty of room for more students to make use of this facility.

This year Mrs Hapeta encouraged both Juniors and Seniors to become Librarians and consequently we have enjoyed lunchtime with the company of a large

group of student librarians. We would like to thank them all for their commitment and contribution to the Library and for keeping us well informed on many aspects of student life - often unintentionally revealed. Many thanks to our Year 13 Monitors, Matthew Naylor, Chris Gardner and Chris Kershaw for their time.

See you all back next year.

Papakura High School Ball

2001

In ten years time, what will you be? A successful lawyer, artist, doctor, preacher . . . ? When you think back to your High School days, what will you remember? Surely not the hours of study and pressure of exams, but the glitz and glamour of the school ball.

The theme . . . Medieval Masquerade. The plan . . . grab your best frock (which you had made months in advance after a year of planning) or your smashing armour (hired from the shop the previous day) and rock up to the school. The "carriages" (Funky buses) awaited and after giggling squeals of 'you look fab!' and 'love your hair', we trotted off into the sunset - into the open gates of the Ellerslie Convention Centre and the **BALL 2001**.

Walking through the entrance, as if entering a castle, we were greeted by a smoking dragon creating a mystical effect. Everyone soon settled down and the dancing began, going on for hours, with a short break for fuel. Photos went on with everyone wanting to capture the moment - I mean when are we ever going to have our hair that perfect ever again? Okay, so we had one . . . or six . . . so give us a break!

The night was almost over, but the moment that was on everyone's mind had yet to be announced. This year "Queen and King" or according the theme 'Damsel and Knight' of Seventh form went to the enchanting Kylie Biddick and Solomona Viliamu. Much to everyone's disgust there was a repeat of last year's episode - the Seventh Form bus never showed up! So, we piled onto the other buses, to their

annoyance, and the ball was over: FINISHED.

Special thanks to Ms Cosslett who came out tops after being thrown into the deep end by Mr Vanderlaan who decided he needed an overseas holiday after organising the ball committee last year.

It was a night of fun and most importantly friendship. The Ball Committee - you did a great job. Good luck to next year's committee - it's going to be a hard one to beat

Nui Wellington, Clint Vilitau-Tutavaha, Leanne Bieleski, Simon Thompson, Sharon Webb

BODY - John Toia

BOYS 1st XI SOCCER

An enjoyable season with mixed results. We played well against top teams such as Waiuku and Manurewa but poorly against lowly ranked teams Pukekohe and James Cook. As a result Papakura finished 3rd on the table with six wins, five losses and one draw.

Yuki Sakai as captain provided inspiration in the midfield and Anthony Fenton maintained his position as top goal scorer with 14 goals.

The season concluded with a day trip to Tokoroa where Forest View was defeated 5-0 and a friendly game played against Auckland A side and Papatoetoe which we lost 3-5 after being 0-4 down at half time. The team scored 30 goals with 28 being scored against them.

A GREAT TIME HAD BY ALL.

Mr McCoskrie

1ST XI BOYS SOCCER TEAM

SENIOR GIRLS SOCCER

Well done to the Senior Girls soccer 2nd X1 who have had a really enjoyable season. After losing 4 of the first 5 games the team began to gel and finished the season with 3 wins from their last 4 games. A smile was always worn by the team before, during, and after the games regardless of the result.

The players were:

Emma Baber	a tricky wing-back
Krystal Smith	who rarely missed a game
Raychill Shrimpton	an aggressive defender
Andrea James	a tough-tackling utility player
Catherine Cummins	who never gave up
Angela Herlihy	who improved throughout the season
Renee Garbett	a fast learning defender
Leanne Bieleiskia	seasoned 7th former
Taryn Miller	who kindly helped in goal

And the two star strikers who have a great future in the game, Angela Sutton and Emma Dunn.

1ST XI GIRLS SOCCER TEAM

Well done to all the girls.

Mr D Gaskell (Manager)

9 May	H	0-3	Pukekohe Black	
16 May	A	1-0	Pukekohe Red	Singh
23 May	H	1-6	Onewhere	James
30 May	A	0-5	Pukekohe Gold	
6 June	A	1-5	Waiuku	Sutton
13 June	A	4-2	Manurewa	Sutton 2, James, Dunn (1 pen)
20 June	H	3-2	James Cook	Dunn 2, Wilson
25 July	H	0-4	Waiuku	
22 August	H	3-2	Rosehill	Dunn 2, Sutton

SCORERS:

Dunn 5 - (1 pen), Sutton 4, James 2, Wilson, Singh

JUNIOR BOYS SOCCER

Junior Boys soccer team grew in confidence as the season progressed.

Won 5 out of 7 games. They won their last game 5-0. Team play, fair play and high spirits saw our team become a feared squad in our zone. The most memorable moment would be the last minute winning goal by Michael Appleton against Pukekohe High in a goal mouth action packed game.

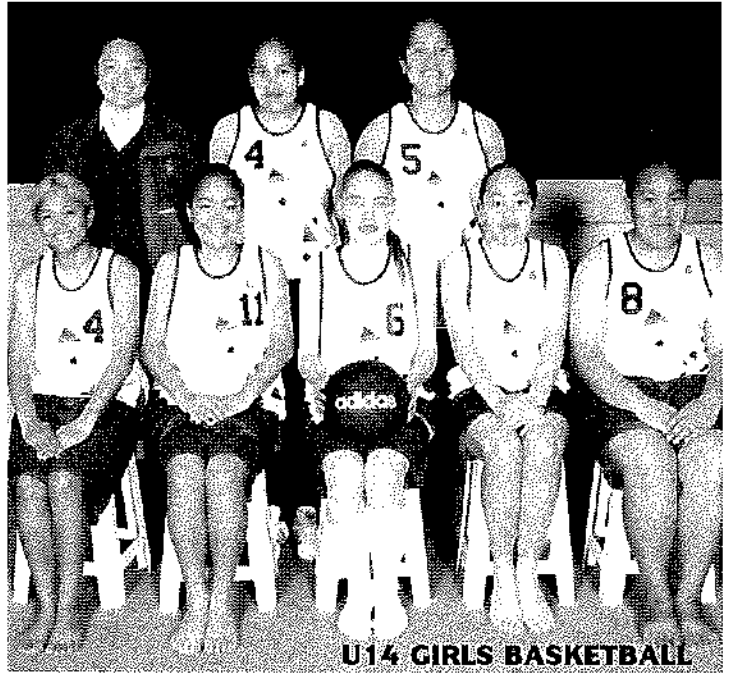

UNDER 14 GIRLS BASKETBALL

Throughout the season the girls improved and helped each other working as a team and not as individuals. The team was also filled with natural talents and excellent skills which were put to the test against a high competitive team such as Manurewa High School which was a game away from school. Matches were played on Tuesdays, with practices at lunch times.

Everyone played their best and had an enjoyable season of basketball.

Matches were played on Tuesdays, with practices on Monday and Friday lunch times. They all played their best and had an enjoyable season of basketball.

Doris Parker

U14 GIRLS BASKETBALL

UNDER 14 BOYS BASKETBALL

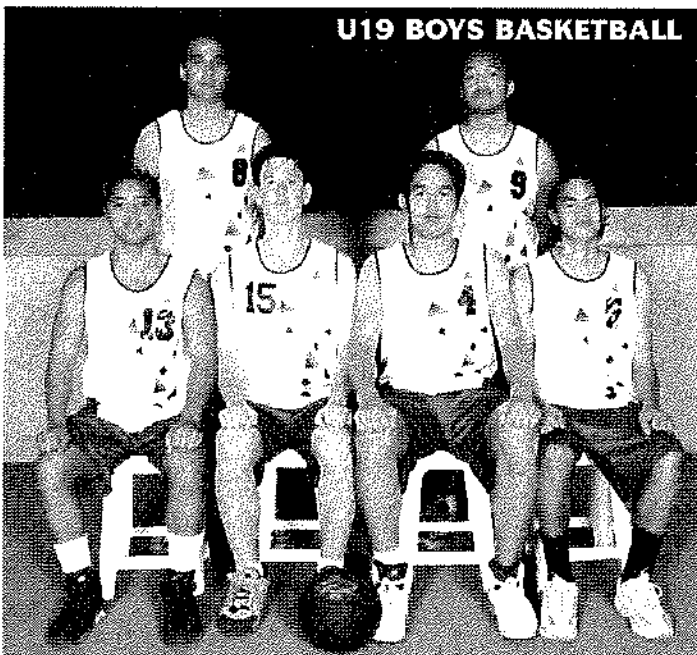

The season for the U'14 Boys Basketball team started off on a great note. Our first game was up against a GIANT Tangaroa College team. The boys were nervous, but not as nervous as "the first time" coaches. In the end, we disposed of Tangaroa by a 20 point margin. From then on the boys seemed unstoppable winning by "unbelievable" margins, until we faced a one man gang Pakuranga side. Although they beat us, we came back in the top four and kicked their butts!!

When the season was over the boys remained in the top four which was a great result for not only them, but for "the first time" coaches! Big ups go to "Pikalo" (Petelo) and "Ivan Ho" (Ivan) for leading the team as co-captains and as the teams most understanding players. "Summa" (Summit) and "Frankenstein" (Ashley) for being the laughing stock of the team and "Big Bird" (Michael) for being most improved, and to the rest of the boys for putting up with (Riki Po) and Michael's "HARD" trainings each Tuesday at lunchtime.

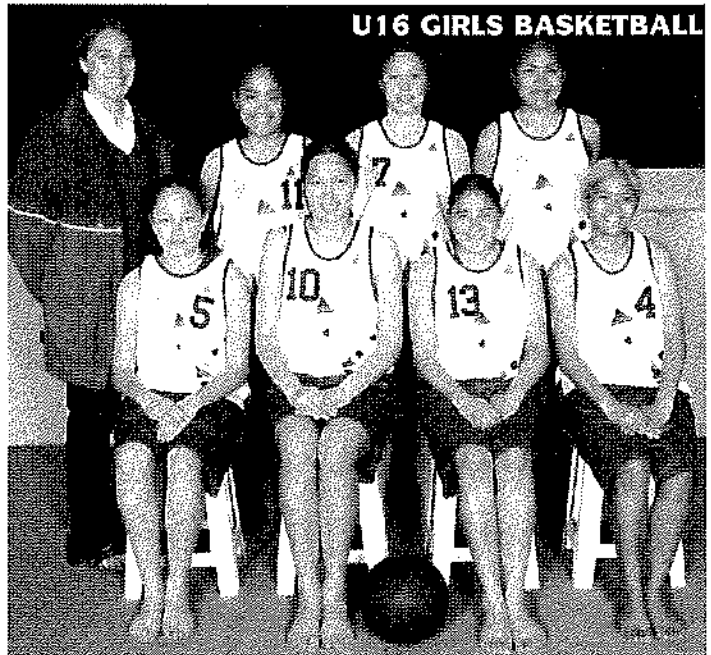

U14 BOYS BASKETBALL

U19 BOYS BASKETBALL

U16 GIRLS BASKETBALL

1st XI Girls Cricket

I was full of confidence and enthusiasm about the team from the first practice in mid February. The girls were full of enthusiasm and support for each other, which I feel, is the most important part of any team sport.

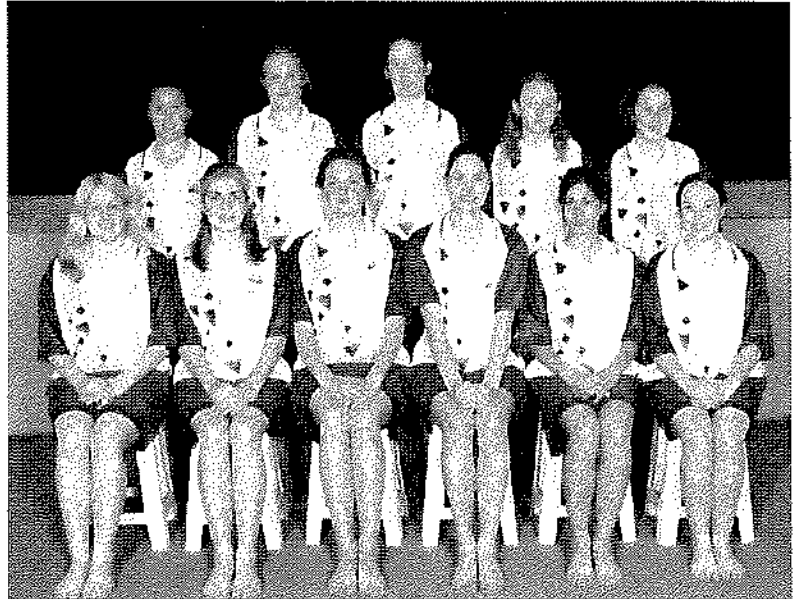

Our first games were quite a laugh in some instances, many of the girls had not played cricket in a formal setting and lacked some of the protocol and skills, such as talking when the bowler is bowling. To the girls credit it was words of encouragement. Also some of the girls had not worn cricket pads before and many were caught short of the crease.

The season continued on in a similar vein with the girls always full of praise for team and foe. They also made improvements in their games especially their fielding. The team played well and thoroughly deserved their place in the final against a very polished Pukekohe High School team. The girls lost on the final ball, which was a little disappointing, but in a way exciting for the girls as they are now hungry to go one better next season.

There were a few stand-out performers during the short season Sarah Spence was outstanding with bat and ball, Melissa Johnson vastly improved as a wicket keeper, Ruth Baber was impressive as well with bat and ball, being a year nine student she has a promising sporting future. Kylie Biddick lead the team well and opened the bowling with success. A special mention must go to Kristel Cavil who had an outstanding bowling performance with a five-wicket bag!

All members of the team contributed to their success. This team was a pleasure to be a part of and I look forward to being involved with them next season, as most will be back.

Cheers EMN

JUNIOR 'A' NETBALL

The Junior A netball team had a very interesting season. The girls were very competitive in all of their games with captain Jody Tupaea keeping them well motivated. Unfortunately due to lack of commitment at training the team were unable to win many games, although they did manage to win the bowl final!!

JUNIOR 'B' NETBALL

We had a team that expanded and contracted with the weather. Each Wednesday was a new beginning. New faces, new team, all held together by Pauline's mum Ms Karika.

A team with spirit, it didn't win many, but the girls out on that court played their best. WELL DONE GIRLS.

POEM

I float across peaceful waters,
 Drifting with currents of wind.
 Everything is silent,
 Eerily tranquil.
 My thoughts run wild.
 No one can disturb me. No one can reach me.
 I have no contact with the outside world,
 Like a needle in a haystack,
 As inferior as a drop in a bucket.
 Wind blows across uninterrupted terrain.
 Power disturbs the water, creating ripples.
 My boat slowly moves through.
 Wildlife sings, disturbing the silence.
 The sun shines brightly, reaching every corner of the
 earth.
 It towers the mid afternoon sky.
 Jet stream running through the picturesque sky,
 Disturbing nature's beauty.
 No human contact,
 nothing destroyed by evolution.
 I hear a voice, no one is visible.
 "It's time to come in, and head back to camp"
 the real world, where peace and quiet is a dream.

Sarah Brooks

DISK

I popped the small reflective plastic into the depression and hit another cold, dark, plastic button. The machine slowly stirred into life again as the big black casing slowly devoured the disk. An audible click and whirring could be heard penetrating the air only a few seconds after.

As I looked into the plastic case in my hand, I was reminded of how long I had been waiting for this moment. After all the cat and mouse, hide and seek, catch me if you can, it was finally my own. It knew that too. We were on equal terms as I looked longingly into the toothy cavorted expression that was sealed under a finger smudged plastic protector, embracing it loosely.

My heart rate picked up, palms became sweaty and a wave of heat ran up and all over my body as I ran the tips of my fingers over the beast's smooth, near polished looking surface, until my fingers brushed lightly against their target. There was no turning back now, whether it liked it or not I would soon know what it held inside. I would know all of its little secrets and I would make judgement on all that it was and all that it could never be, while it just gave into my every whim.

I slowly pushed the play button and sunk slowly back into the huge, plush chair that was behind me as I wearily closed my heavy eyelids as the first harsh, heavy screeching sound comes barreling out from the undersized speakers followed by a steady, yet fast drum beat, causing a big grin to creep across my still face. This is what I had wanted, and much, much more. Ahhh yes, this is the beginning of a beautiful relationship

Damian Neems

MUTTER

A tiny creak could be heard as the bedroom door opened, filling the young boy's bedroom with rays of golden, early morning sunlight.

The cold, bare wood floor seared the boy's feet with tiny daggers of ice, stabbing into his soles - and up his legs as he ambled slowly and groggily down the hallway. He was used to it though it's not like he had anything to put on them anyway. The house was quiet... too quiet in fact. Maybe Mum and Dad were out again, wouldn't be surprising, they usually weren't home, for most of the day at least. But this was something new. No old peoples music, no shouting, no crying. It was silent...completely and utterly.

An old, faded floorboard groaned quietly under his petite frame as he made his way slowly through the door at the far end opposite of the hallway. The slightly ajar door slowly opened into a small, empty living room, dimly lit and with a dank musky smell. The child let out a small sigh under his breath as he fumed to leave the room. He didn't like it in there. But it confirmed that his parents weren't home, well, his father at least. He was always in this room, drinking his beer and doing other things which he had not seen, but could smell or hear every night. Every night he was actually home that is.

As he closed the door he started to think. He was hungry. In fact, he hadn't eaten anything for nearly two days, mainly because there was no one to feed him. No one to pay attention to him for that matter. The only attention he got was a box around the ears...or worse. Usually followed by something like, "useless boy" or, "don't you ignore me boy". He couldn't help it if he couldn't hear what Dad was saying over that loud, old person's music, could he?

As he made his way back over the creaky floorboards again he felt the temperature drop. His skin began to rise into minute goose bumps as the seemingly blue light from the kitchen covered his body in a dim aura. There wasn't much point in going into the kitchen. Nothing in there, except the food that was well out of his reach. There probably wasn't much in there anyway. It's not like food was a regular thing to find in this house. He rubbed his arms with the opposite hands while walking out of the light... "No one home". He said to himself in a quiet, shattered voice.

Another tiny creak could be heard as the bedroom door closed. As a young boy shut himself off from the rest of the world again, in a cold, dark, empty house.

HEAD PREFECTS – 2001

Boys: Edward Porter
Bae-Yong Purukamu

Girls: Leila Rawnsley-Mason
Moana Jacobs

Towards the end of the third term all the prefects were treated to a day of leadership with the inspiring Mr Rosie (who bribed us with PEANUTS). The day included us making cocktails for the House Deans, I think we enjoyed making them more than they enjoyed drinking them. Then we set off to the ROCK with a

The student executive of 2001 was made up of a group of very different people, which was great when it came to discussing anything because we have every view possible. Despite our differences we got on really well and had an awesome year slogging it out together.

With the help of our fellow Year 13 students we managed to organise a great Ball night that was enjoyed by all. There was the continuous encouragement and enthusiasm shown by our eight house leaders on Athletics day, Swimming Sports and whenever else they could.

group of courageous Year 9 students who willing let us belay them. Then for the grand finale it was across to the Blasta cars.

It was a really cool day and a chance for student executive to come closer together as a team.

We can all agree on one thing and that is the great time that we have all had this year and the unforgettable memories we will always have of our time at Papakura High School. We would also like to thank the teachers for their support.

Oh gosh, we'll miss you guys!!!

WOW! – Class of 2001 – and what a magnificent year it has been.

CHANGE was the word that impacted on our lives a lot this year. From being offered various leadership roles within the school, to Peer Support and Mediation, to the Sports Council, to Mentoring Groups we lead, and finally and most importantly, to being placed in separate Year 13 House Tutor Groups. A change for the better I believe, because it gave us as Seventh Form body an opportunity to develop a sense of camaraderie which has never existed previously. Many thanks to Mrs Andersen, Mr Junge, Mrs Parker, Mrs Garthwaite and Mr Mitford-Burgess for a job well done, particularly for pushing us to get to class on time and in full correct uniform.

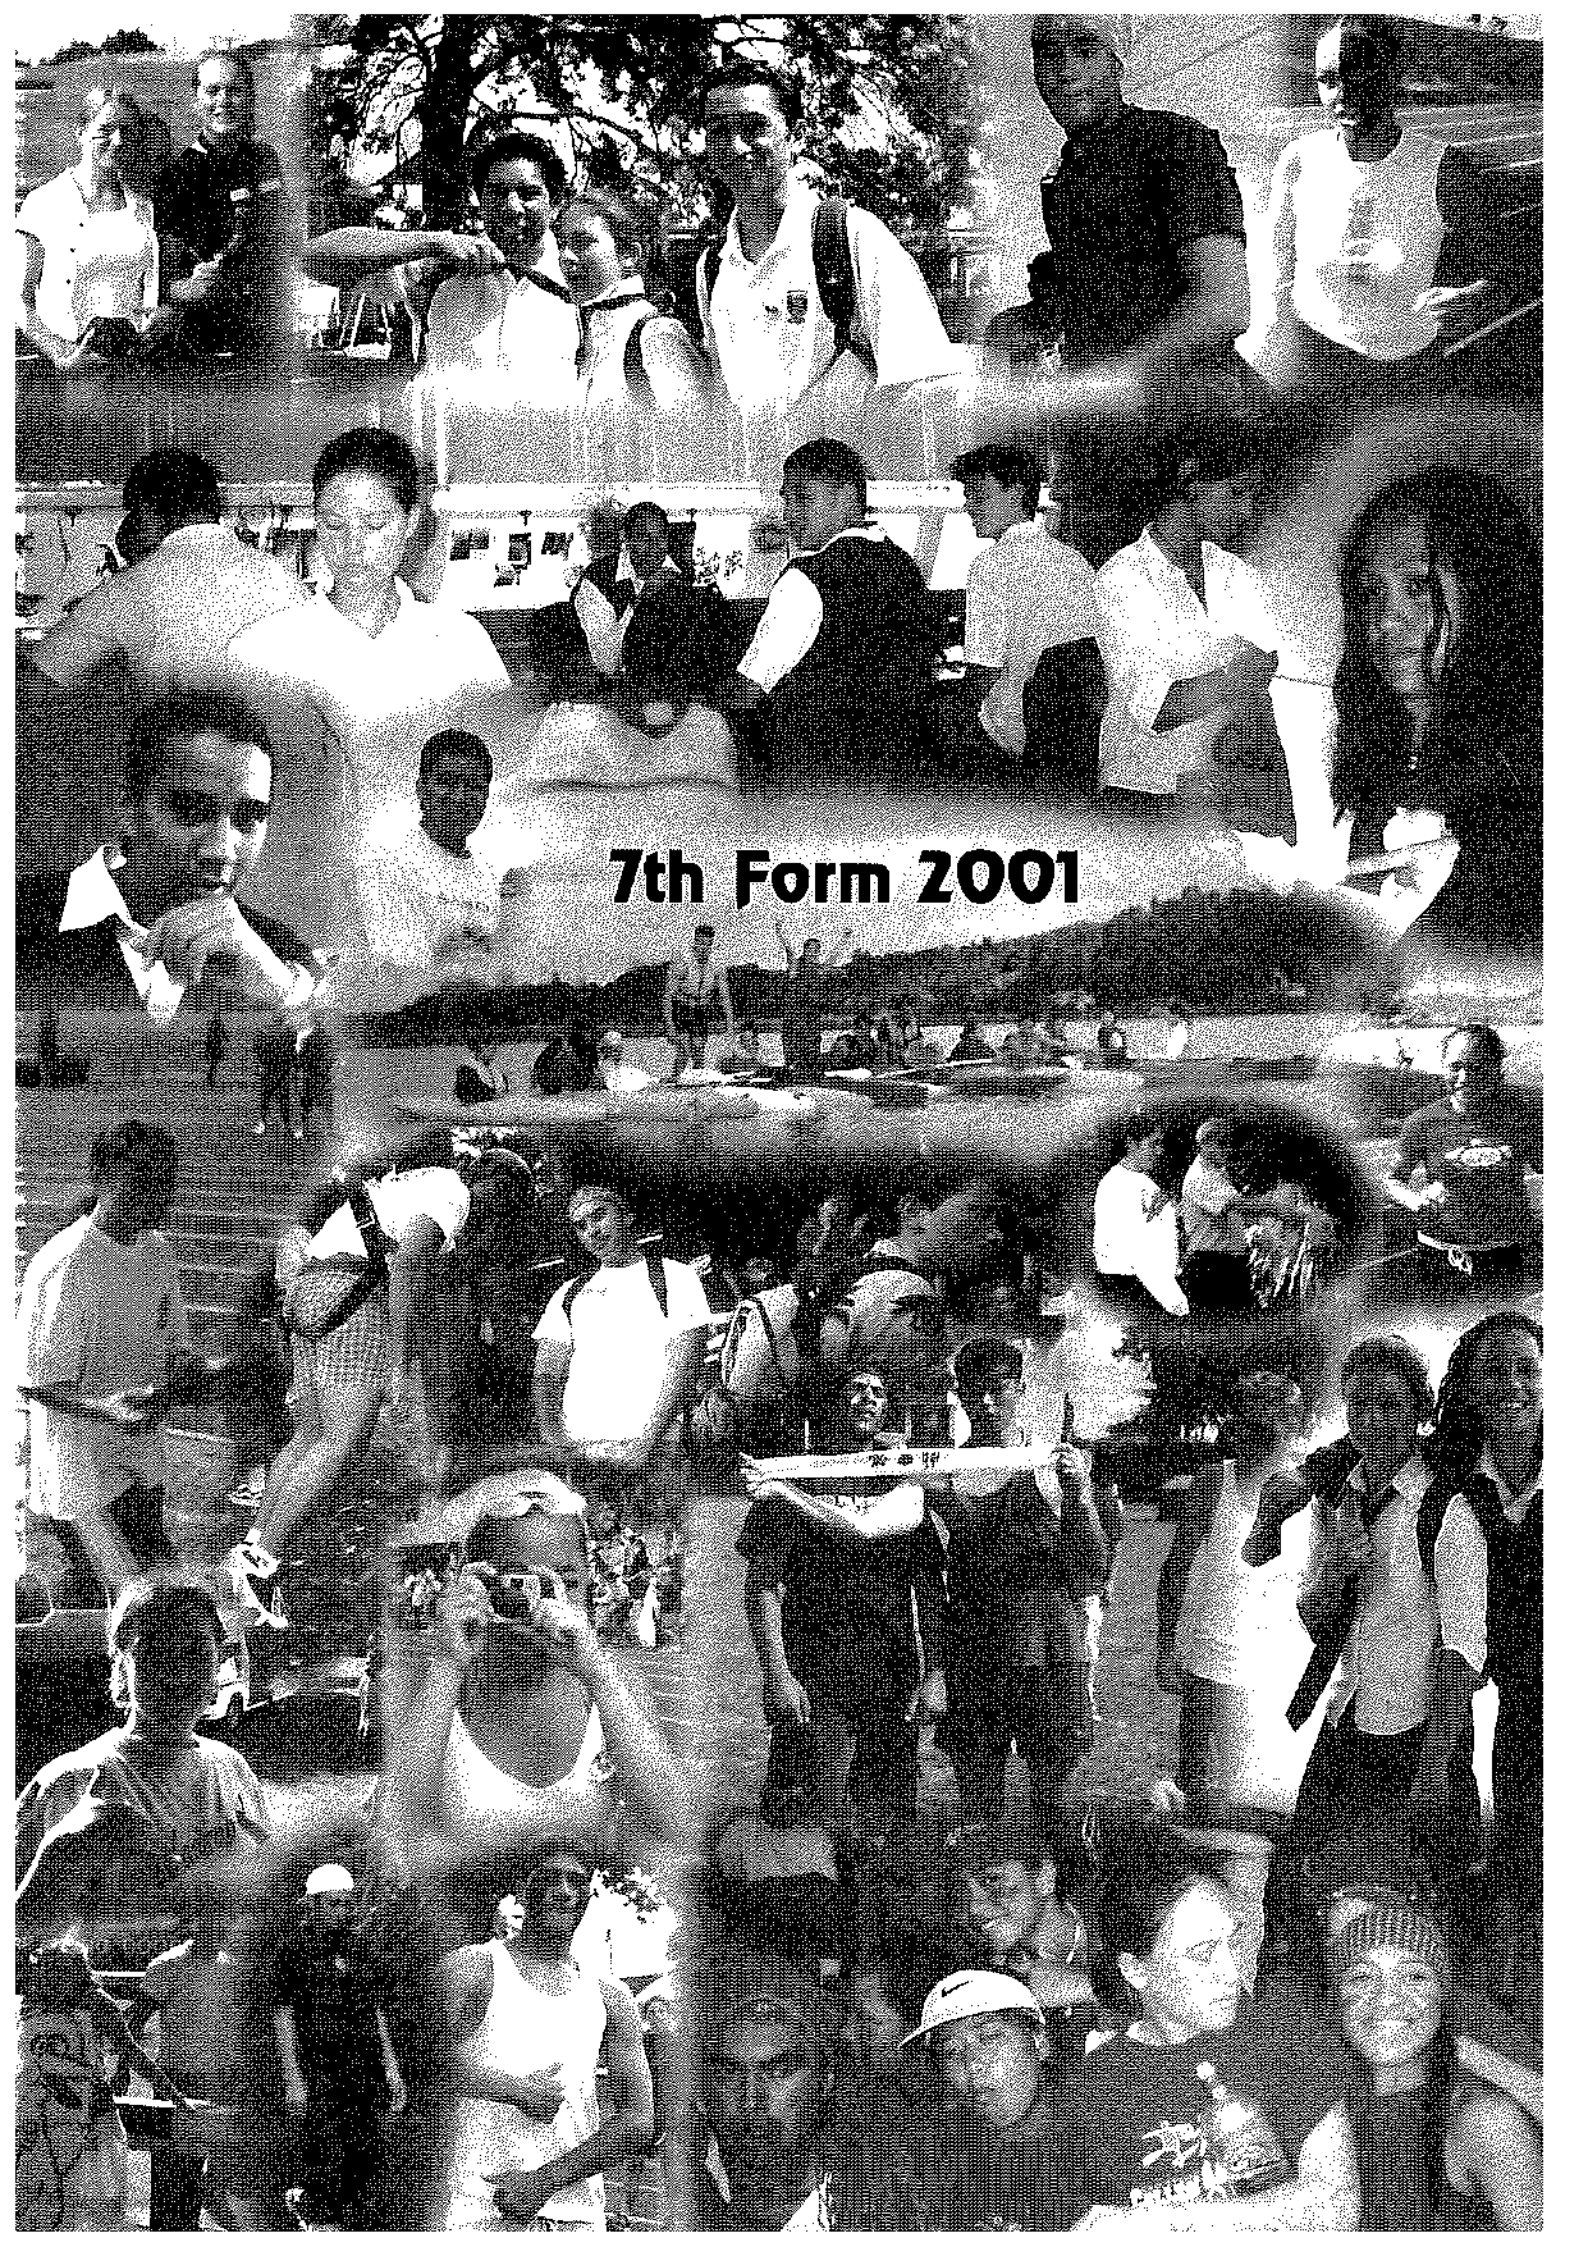

It was great to see friendships develop and flourish as the year went by and especially at the annual Seventh Form Camp which was held at Waharau Regional Park. Over 80 students attended and everyone had a BLAST, together as a team. The weather initially was against us, as it poured down. However we didn't let it dampen our spirits as we had rehearsed and hosted our very own performance evening, consisting of lip sinks, skits, camp songs and a surprising performance by Solo "Mona" and Fabia. It was awesome. I'll never forget our camp, especially all the worried faces at dinner when Mr Rosie announced the false "Drug Search" on the premises or the incident involving the mountain bike which had "driven itself into a pole, leaving Moe face first in the hedge. Legendary!

But sadly, as this year comes to a close, so too do our days of secondary schooling. As we hang up our school uniforms for the last time and venture into the working world we will take vivid memories with us. Many thanks to all the students, teachers and mentors who made this year an enjoyable one.

Good luck for 2002.

Natalie Hura

7th Form 2001

YEAR 12 GEO TRIP TO TARAWERA

We didn't know quite what to expect. We knew we were going to have a go on the luge and climb Mt Tarawera, but other than that it was all a bit of a mystery. We left on Tuesday morning, and travelled through. Had a couple of stops, one at 'Te Wairoa' the buried village. That was quite neat, as we got to walk down to a water fall, and also see excavated sites of Whares and Old Houses.

When we finally got to Rotokiwī, where we were staying, we found an outside pool, inside spa, a pool table inside. We had a beautiful feast for dinner and then had a very comfortable sleep. The next day, Wednesday, we climbed Mt Tarawera, 1,111 mtrs high!! We

definitely had a good sleep that night!! Well it was over too soon! Thursday morning and it was time to come home. We stopped of at Whakarewarewa thermal reserve and carving school, then went on the luge after that.

The trip to Rotorua and Mt Tarawera was very cool! A very cool Geographical experience for everyone who went.

COMMERCE TRIP TO WELLINGTON

In the third term, a combined group of Yr 12 & Yr 13 Economics and Accounting students, flew down to Wellington. This commerce trip was an integral part of our studies, getting to see in practice what we had learnt about in class.

It was a very busy schedule that we led, traipsing around Wellington either on foot or using the hand public transport system. We visited the Westpac Trading rooms and learnt how fast \$5 million can be made - 5 seconds. We visited Te Papa and also the commercial district of Wellington. We were shown an informative slide show at the Reserve Bank and were instructed to create a

simple national budget at Treasury. That was fun as the room that we were in became as vocal as Parliament's debating chamber.

Possibly the highlight of our trip was our tour through the Beehive and Parliament Buildings. We had time to talk to Phil Goff, were shown the old Maori Affairs room where many famous New Zealand Maori have sat and also visited what is known as 'the three-ring-circus' - the debating chamber.

The Year 12 & 13 Commerce trip was a huge success. It was interesting, educational and fun. We all hope that this trip is repeated next year so that other students can experience the great time that we had.

Many thanks to Ms Pericolini and Mr Wikohika for organising this wonderful trip.
