Mabuhay!

Greetings

It has been a pleasure designing this magazine. It wasn't easy but at least I had a lot of fun and help from all of you. It was especially true with my Year 12-13 and Year 9 students.

Everyone wanted to be on the cover. Thus, we created "Through the Eyes of the PHS students". Cailin Kimberley, Brody Cole, Anthony Kepeli-Sua, Lucky Faisavale, Privinn Mwene and Ailafo Time literally lent their eyes for the cover. The title design was an inspiration from my previous Year 9's lesson.

Utilising the NZ curriculum key competency of *understanding language, text and symbols* my Year 9 captured images and photos representing each letters of the alphabet.

The letter "P" was actually the fern found at back of the staff room. The letter "A" was a picture of our steel barrier leading to the car park. The rest of the letters are all up to you to find out. They can be found all around our school grounds.

As I always say, learning should be fun and relevant. It can even be cool.

I hope you will have fun reading this magazine. Be inspired by the students achievement and stories. Smile at the pictures we have assembled.

This is our Papakura High School.

Salamat - Thank you,

Jesse Enriquez

*Mabuhay-Filipino equivalent of Kia Ora and Hare Mai

Achievers Award 2012

I joined the English department of Papakura High School half way through term 3 this year. It wasn't an easy time to start at a new school but it didn't take long to settle in. Thank you to everyone for welcoming me into the school and helping me find my feet here.

Katrina Logan

Hi, I'm Anshu Patel and a teacher at 'Kura High. I have always been fascinated by the physical and living world, so naturally I pursued an education in Science. I enjoyed learning Physics and Biology so much that I decided to share my enthusiasm and inspire more children to do Science. And so here I am! What's even better is that I have an amazing department to work with as they all enjoy Science as much as I do

Hi my name is Alison, and I am married with three children (ages 16, 14 and 11), a husband and a pet rabbit called Snowball. I have been working as a Day Relief teacher at Botany Downs Secondary College for the last 3 years but this is my first "proper" teaching position!

Prior to having my family I worked for ten years at the New Zealand Blood Service as an Immunohaematologist....a Blood Banker!

“Kua hiko au i nga tahataha, koia na te rereketanga.”

“I have walked the fringes, that has made the difference.” I have a passion for learning and teaching Te Reo Maori, and paddling waka ama. Our language as an oral traditional has beautiful sayings, whakatauki, pepeha, kiwaha, aha ranei. All I can say is to be passionate about what you do, and enjoy the journey of Life.

Hi, I am Michele Heywood. I arrived at Papakura High School in June of this year as the new Deputy Principal. I am enjoying meeting and working with the students here and am looking forward to the exciting changes to curriculum and pathways.

Thanks to the audiences who really got behind our performers.

I think I'm almost glad that Band of Strangers wasn't in Auckland this year – but it's a good opportunity, so watch out for 2013. However, it was seeing people entering competitions this year – Song writing, Rockquest and Stand Up! Stand Out! It takes much time, effort and dedication to do these things so great job all of you to out yourself out there, and to those of you thinking about it, go for it next year! Not sure if it affected Mr Granshaw, but I know I was deafened by the rehearsing versus the songs on the radio in the mini-van on the way to OMAC! Hopefully now embedded into our joint school calendars is our performance at Cosgrove Primary, for their Duffy Books assembly. I think that for this year, this has been the real highlight as I was very proud of all of the performers and artists as the children's reactions to you on stage was amazing; they were all transfixed and mesmerised and I thought one girl's eyes were open so wide they would pop! A really great thing to do, a real experience for all involved.

At the time of writing this, we are mid rehearsal (besides completing credits of course) for the biggest audience gig of the year – the Fireworks at Massey Park. If it's like last year, the

crowd of 6,000+ people will be wowed by Music and Dance performances by PHS and we'll continue making a good name for ourselves in our community. Do us all proud please!

Miss Fagan: you guys have gone over and above and I thank you for that dedication and commitment. As Friedrich Nietzsche once said, "Without music, life would be a mistake."

Level 3 D Level 3 Drama X-factor with Freddy Murky & French mimes at the Hawkins Centre

For the first time, the girls' soccer team entered a national tournament in Whangarei. It's one of the best things I have done as a teacher as our students learnt a lot of things in our week away from school.

I asked the team what they had got out of the week and all of the girls were able to identify something: friendship, supporting one another; the skills needed to work on a team and how successful people take ownership of a problem rather than apportion blame.

We had a lot of fun too. During our time in Whanagrei we had a trip to the cinema (in pyjamas!), a visit to Matapouri beach and lunch by the Whangarei Falls. We also did some ten pin bowling, shopping and had a pizza night. The girls also cooked a special dinner for Miss Mortimer on her birthday.

The team discovered that some things need to be improved particularly fitness levels and a few ball skills.

I'd like to take this opportunity to thank all of the people involved with the team this year and have helped out in some special way. I'd like to thank the parents and caregivers who have supported the team and helped out with fundraising. Lastly, a special "thank you" to the Y13 girls who are leaving us this year and have represented the team for the past five years with pride.

If you'd like to play soccer next year, make sure you sign up in Term 1!

Have a great summer and see you all in 2013!

- Land Based Studies
- Travel and Tourism – with a business studies backbone
- Traditional Academic .

This is the start of a new direction for our school - a focus on ensuring that every student has an individual but flexible pathway from Year 9 aligning their talents, motivations, interests and aspirations with suitable career and future learning options, ensuring that their NCEA credits are attained in subject areas that have relevance and context for their career choices or further learning aspirations. It is about keeping students engaged in purposeful learning.

The Pathways also provide a strong foundation for those who in Year 13 will concentrate on University Entrance whilst also giving focus to meet the needs of industry, community and businesses through developing 'work ready' students who have the base skills to enter employment on leaving school or commit to further seamless tertiary study.

During 2012 we piloted the Health and Sports Science Pathway (HASSA) in Year 11. The success of this 'whanau of learning' has helped in the process of transforming staff understanding. (Incidentally we were not eligible for Health Academy funding as HASSA included Pakeha students and PE elements and we have not had financial support via Trades Academies as our model is too big!) The HASSA trial, through its contextualising of learning, has seen students performing beyond their expectations both through engagement and academically. It has also helped us to successfully bid for three years funding from Sport New Zealand so that we can run a Junior Pathway which will pilot links into our primary schools.

Our staff also saw the success of the HASSA pilot and realised that with many students not achieving well at NCEA there was a need for change. Additionally the statistic that 46% of those who start University fail to complete confirmed that our existing curriculum was actually only designed for 10% of our students.

We do, however, have to keep asserting that our Vocational Pathways are not Trades Training. By having an organic programme across the whole student body we are not falling into the trap of targeting a Pathway to a group of less academic students. After all, teachers are trained vocationally, and I would far rather see a doctor who was vocationally trained, than one whose education was purely academic. Through vocational pathways we engage students and keep them in school - a student who has stayed in school and gained a NCEA Level Two in Creativity has far more chance of a career in many fields than one who has got

bored and dropped out half way through the year.

In the second half of 2012 we started developing the courses. We set in place PLD time every Thursday with a 'late start' for students. The teaching staff split into Pathway groups with representatives from all the Faculties in each. An important part of the course design was the support of national and local businesses such as Accor, McConnell Group and Hawkins Construction, Stevenson Group, and Counties Manukau District Health Board amongst others, and through partnering with tertiary learning providers - MIT, Auckland University, AUT and other training organisations.

By asking businesses to have an input at the planning stage allowed a cross fertilisation of ideas and their contributions have been invaluable. There is a huge correlation between what we as educators call 'Key Competencies' and the businesses call 'Work Ready Values', indeed in my opinion they are identical.

We have informed parents of the transformation at Parent meetings, in letters and newsletters and at parent meetings. The parents in our community understand the importance of employment as a way of breaking the cycle of deprivation in our community and support our plans. Most of our students also chose Pathways as their Year 12 route.

As a school we have been engaged in the real challenges of timetabling and resourcing for 2012 and this means that the Pathways programme is rapidly evolving. Our next challenge, having established the Year 12 Pathway, is going to be setting in place a robust Personal Pathway Planning Programme throughout the school. For some students building self-esteem is a first priority and we have been working very successfully with the Rising Foundation www.risingfoundation.org.nz to achieve this. We need to introduce a careers focus in our programme from Year Nine, an area as organic as literacy and numeracy, giving our students a focus as to why they are at school. We need to help them align their talents, motivations, interests and aspirations with suitable career and future learning options. We are merging academic counselling and careers advice and are also looking at engaging with our feeder schools so that their students will start to move from 'what do I want to be when I grow up?' to 'How will I get there?'

Visits by the Youth Guarantee Team and a MOE media crew have affirmed our plans as have visits by Principal colleagues seeking advice in establishing vocational pathways. This is an exciting time at Papakura High School and we feel that Pathways will transform learning opportunities for our students and teachers, and ultimately, for our community.

Our Principal Mr Heron and Deputy Principal Mrs Heywood judged the contest and presented prizes/certificates to the winners. The Idol winners were the Good, the Bad and the Ugly and Magnificent Seven groups. Litesha Moses won the Speech Section with her excellent speech about 'The Old Days'.

The highlight of the night was entertainment by top Country & Western star Dennis Marsh who gave of his time to be at the contest. He gave a fine rendition of humour and singing. The students enjoyed his singing and the fact that he came off the stage to mix in with them.

Since early 2010 the XA staff have been subject to a Ministry of Education review covering the employment of contracted specialists (occupational, physio, psychological and speech therapists) within the unit. This has involved a re-structure of our whole programme and has involved a huge amount of paper work by XA staff to achieve the 46 required standards. After the verifiers final visit on 22 August we were told that virtually all of the requirements to remain as an independent fundholder unit had been passed. This has been a signal achievement for our small staff and the guiding force of the Head of Learning, Mrs Nichol.

This has been a signal achievement for our small staff

- Manuka Honey is produced by bees that collect nectar from the Manuka Bush or Tea Tree (also known as *Leptospermum Scoparium*) indigenous only to New Zealand.

- Bees gather the nectar from the flowers of Manuka Tree. In the hive, they add an enzyme called glucose oxidase to the nectar in order to preserve the honey.

- Contains an extraordinary, naturally present, very stable and powerful non-peroxide antibacterial activity not found in any other variety of honey.

- UMF stands for Unique Manuka Factor. The UMF® rating has a one-to-one relationship to the phenol standard e.g. UMF® 5+

- Studies on the Manuka Honey benefits have shown that Manuka Honey, a special type of mono-floral honey contains an ingredient with powerful antibacterial, anti microbial, antiviral, antioxidant, antiseptic, anti-inflammatory and anti fungal properties.

<http://www.manukaonline.com>

To the parents; this was only possible because you trusted us with your sons. It does not matter if you could not supply all things, thank you for giving your sons to me.

port, refunding \$60 of expenses and the use of the gyms (PE Staff) during wet weather it was much appreciated. To Mrs Beaumont thank you for forgiving me, I wish you all the best.

To our Nurses thank you for keeping us stocked up in bandages and first aid, we could not have survived without our sets. Thank you for letting me 'mug' you!!

Finally to the boys of both teams, the 14's won because of the hard group trainings and the practice games afterwards. The key was your unity. It is said IRON SHARPENS IRON and without the under 15's being in our corner the 14's would not have been as sharp. So to my under 15's the CUP is yours as well, never forget this!! WE WON WE ARE ONE!! All day, Southside forever!

Much love

Matua Abe

BOYS FOOTBALL

This year the team played 11 games, winning 6, losing 4 and drawing 1.

Goals for 31

Goals against 11

Top goalscorers were Elias Mekonnen 9

Caleb Ndarowa 6

Shanal Mani 5

Team captain EJ Karam displayed great versatility by playing both as 'keeper, and later in the season, as striker.

Caleb Ndarowa worked tirelessly in centre midfield, ably supported by Shanal Mani, Avishek Kumar, and Brodie Cole.

Elias Mekonnen proved to be a defender's nightmare, particularly against Botany Downs and Hillary College.

In defence, Hayden Whiting, Aiden Hudson, Hirnesh Kumar, Privinn Mwene and Rob Matthews pulled together as a unit to limit the number of goals scored against us. Rob and Aiden in particular performed well in new positions.

In defeating Botany College 9-1 the team set a record for the season and then displayed true grit by holding higher placed Aorere to a draw while playing with only 9 men.

Coach – Mr McCoskrie

This season was always going to be a challenging one, as we had to rebuild our team and start over again. I must say that even though we didn't win that many games the girls and boys tried their best every week and were always commended on their positive and 'never say die' attitude after every game from the opposition coaching staff. I am very impressed with the effort each and every player put into every game and I want to thank those who stepped up and had a go and being goalie each game. Thank you to Ryan Hall and Eden McCann our boys and girls team captains for the 2012 season. You lead your teams well and hope you are as proud as I am of your team's efforts this year.

We may not have come out as champions at the end of the season but we did give it our best every game. I am looking forward to next year and a new season and hope to build up and train a new team to take away to tournament. Thank you to the players this year for another rewarding season of hockey. I have come to know and see another side of most of you outside of the classroom and I look forward to meeting and getting to know more students next year on the hockey pitch. Come on Kura let's show them who's the boss in 2013!!

Annie Ryan

2012 Sports Academy:

This year we again have had a large number of our Sports Academy students representing our School in sports. They have committed themselves, trained hard and played with a sportsmanship manner.

We commend you all and hope you will keep playing hard. Sadly we are also saying good bye to some of our greatest achieving sporting stars. These Year 13 students have been competing at some of the highest levels in their respective sports. Stephanie Skilton has represented New Zealand at the Under 20s Womens Football World Cup in Japan. Ashley Fennessy has represented the Counties level and was part of the Lois Muir High Performance Squad and Patrick Mailata was selected to trial for the Amateur Super Heavy Weight Olympics Boxing. You are committed, have work so hard and have made us very proud. We wish you all the best in your future sporting careers.

On behalf of the students I want to thank Ms Dunbar, Ms Ryan, Ms Joynes, Ms Fuka and Mr Tanielu for all the hard work that they have put in. I know the student appreciate it all.

Finally to those seniors who are leaving... We wish you all the best, work hard and represent with pride.

Volleyball 2012:

Sometimes we forget about some of the other important values that sport and being part of a team teaches us. These are values that are so important for developing a good community, being a good citizen and working in a job.

Values like:

1. Being committed to a team. Showing up for training and supporting each other no matter what happens.
2. The development of team work. Co-operating with each other to be the best you can be.
3. Development of leadership skills. Taking charge of a team and working with them to achieve their goals.
4. Being able to talk to each other properly, using encouragement and not put people down.
5. Being able to deal effectively with winning (being humble) and losing (not getting angry and controlling those emotions).
6. And of course having fun and enjoying what you are doing.

The boys and girls volleyball teams this year really embodied some of these values. They work as a team, back each other up and have developed some real skills. They get on well with other teams, show sportsmanship and always have a heap of fun.

Congratulations to both teams and all the best for next year.

NVP for the boys team is Jasper Papa.

NVP for the girls team is Ramona Faisauvale

Mathematics and Commerce Faculty 2012

We have again experienced a lot of staff changes this year, the largest of which saw Arvind Dullabh take retirement. However, he just couldn't leave us cold turkey so has spent the remainder of the year voluntarily coming in to teach our Calculus.

Arvind has been amazing, giving up his time every day and even during the holidays to work with our students to give them the best opportunity this year – thank you so much Arvind. We also had another valued member take leave for the latter part of the year – Rebekah Nathan – but she hopefully will be returning to us!

We welcomed four new part-time teachers including Andrea Rabin (Head of Music), Michele Heywood (our new DP), Paul van Etten (DP) and Carol Reid (Head of Maori)! Lots of people working hard to help our students improve their numeracy skills. It isn't easy teaching outside of a chosen subject area so I thank them for their efforts.

We had a very energetic school Mathex competition this year and we welcomed back another two teams from Mansell to participate alongside our Year 9's. The winners of the school competition were 9TX, 10TX and 10YY. The winning teams from 9TX and 10YY all represented us at the Auckland competition at Kohimarama along with teams from 30 other schools. All teams worked very well together and did us proud. Well done to those competitors!

We have new programmes running in our Level 2 courses this year and are prepared for changes at NCEA Level 3 in 2013. With the University Entrance requirements having changed for our Year 11 students next year we are continuously looking for pathways for all our students so that they can potentially gain UE Numeracy before Year 13. Changes will continue to be made as we align programmes that fit our students.

As a Faculty we look forward to the Pathways Programmes taking off next year. We will be supporting the rest of our colleagues by providing assistance to improve outcomes for their students in whatever career path they choose.

So, as 2012 comes quickly to a close I would like to thank my team who have again worked hard to provide our students with the support they need. Mathematics is not usually a subject of choice so it is what we do in our lessons and how we relate to our akonga that is the key to helping them learn.

Lisa Mortimer
Head of Mathematics and Commerce Faculty

NETBALL 2012

This year saw the school enter 5 netball teams into the local Counties Manukau competition playing on Wednesday after school at Bruce Pullman Park. They were year 9, year 10, Senior A, Senior B and the Premier Team.

7 out of the 12 Wednesday's were thunderous conditions. With the exception of the Year 9 team, each team made the play-offs. The Senior B came 3rd, Senior A, Year 10 and the Premier team each came 4th in their grades.

The senior A and Premier teams took part in a one-day tournament prior to the tournament week, each of the teams playing 6 games on the day. As both teams were in the same grade the Senior A came 5th and the Premier team were undefeated and won the tournament.

The following week, the Premier team were ready to face the Upper North Island Secondary Schools (UNISS) tournament at North Harbour netball.

This tournament was very demanding for the team and the first day of play had us play 3 games in torrential rain. Luckily, we had previous experience playing in this weather thanks to the Counties Manukau Wednesday nights.

We went undefeated for the first 4 days beating schools like Whangaparoa, Melville College, Rangitoto, Tokoroa, Western Springs, and Tuakau, Marcellan, Orewa, and Bay of Islands College.

This was a huge demand on the team physically and mentally, being ready to play off in the semi's Friday morning, and then play for final placing's in the afternoon.

Due to an injury in the last game and some vitals calls by the umpires, the team was down 14 goals and came back to lose by 3 goals in the last quarter against Kings College. The final play-off was between our team and Aorere College who were the other upset semi-final losing to Whangaparoa College by 2 goals.

Still struggling to find a replacement for our injury in game 1, we lost to Aorere College and came fourth in the tournament out of 34 teams in the C Grade. Last year we came 17th in the tournament, so we had improved considerably.

Our team consisted of Jade Slade Year 9, Katie Mailata Year 10, Ngamira Warren, Courtney Brandon, Briar Stevens, Year 11's, Ashley Fennessy, Renee Shaw, Rachel Aukaha, and Jazmine Day and Ariana Page, year 13's. Well done ladies.

Papakura High School Waka Ama Report

Waka ama season started off with the senior boys training 2 mornings a week in preparation for the 2012 New Zealand Secondary Schools Waka Ama Nationals at Lake Tikitapu in Rotorua.

The team met 5:30 am on a Wednesday and Friday morning to be on the water at 6am at Ian Shaw Rowing Club Panama Road Mt Wellington. The commitment and enthusiasm was extremely high and this showed as their timing and technique really started to develop. So much potential was evident and a desire to train more however, having to borrow paddles hindered us from doing so.

When arriving in Rotorua we decided to try and find a girl team to paddle in the double hull races with. The team paddled with Auckland Girls Grammar hoping to get some water time before paddling the next day in the W6 races. Although they had never paddled in a double hull before they were determined to try and place in a semi-finals. They worked well with the Auckland Grammar Girls listening to and applying the few tips given to them by Cory Lowe their coach and the coach of the girl's team. They exceeded their expectation by going on to place second in the plate finals. Awesome!!!!

The next races were the W6 250 and 500. The boys were paddling in the J19 section this year so would be up against some serious contenders. I reminded the boys that a lot of the teams would be older and a lot more experienced

however, they still set the goal of making a final. The 250 was always going to be their best race and they showed this by making the plate finals. The boys were quick out of the start in this race staying with the leading group. The race was a very close encounter and I was sure we placed third however, the photo finish showed they were just piped on the line and came fourth. The boys were disappointed but Cory and I were very proud of their efforts. They made the plate semi-finals for the 500 and were right up with the leading teams when our steers paddle broke and before he could pull out the spare paddle the waka had gone off track however, they finished the race. Well done!!!!

The school can be proud of the way the waka ama team represented it at the Nationals as Cory and I are and we will endeavour to ensure Waka Ama stays alive here at Papakura High School.

The Teams Member were; Maeva John, Gideon Rihari, Jazz Tavega, Gene Roberts, Luke Stowers, Arthur Crichton, Hayden Smith, Augea Seumanutafa, Jayde Vakaafi, Aroihi Koni and Frank Toutaiolepo.

Cory Lowe Coach
Pauline Cvitanovich Manager

This year we chose to run an Athletics Day which involved fun activities that were successful in the 2011 School Fun Day.

It was fantastic to go back to Massey Park and hold the day rather than holding the event at school for the last 2 years whilst the new Massey Park underwent a face-lift.

The school embraced the day by dressing up in their House colours, and participating in as many events as they could.

The dress-up relay, wheelbarrow race and the walking boards were the most popular events whereby we had maximum numbers participating.

We had some excellent athletes competing in the sprints and long distance running, and some amazing talent was shown in the field events such as the long jump and shot put.

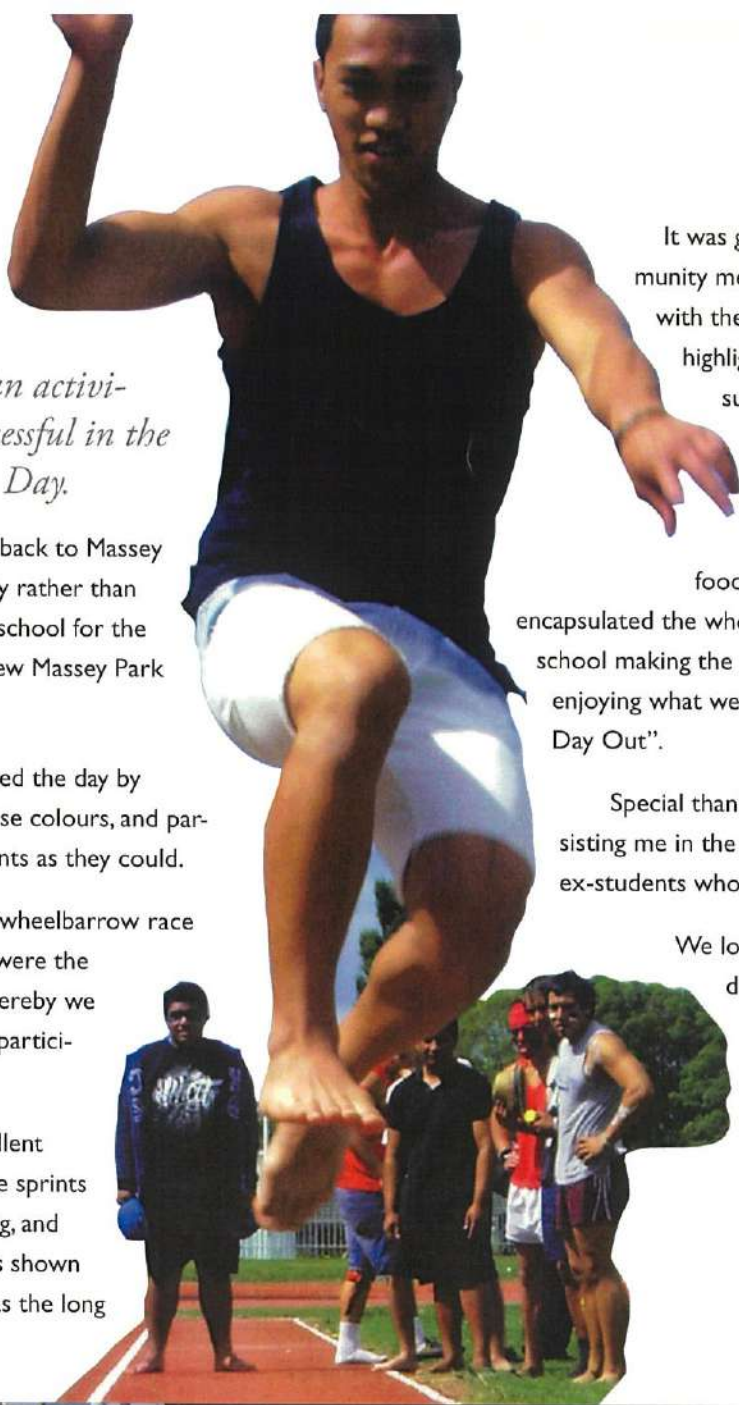

It was great to see many of the community members come and enjoy the day with the school, and seeing one of the highlights of the day as the parents/supporters relays versus the staff and prefects teams.

The Polyfest groups supplied and sold delicious food and drinks for the day. This encapsulated the whole atmosphere of the whole school making the most of the beautiful day, and enjoying what we like to call the schools "Big Day Out".

Special thanks go to the PE staff for assisting me in the organisation, and the staff and ex-students who ran the events.

We look forward to another great day in 2013.

**Tab Beaumont
Sports Co-ordinator**

have catered for many functions at the Hawkins Centre, weddings, birthdays, anniversaries and jubilees. The students have been given wonderful reviews and feedback for the wonderful work they have done.

Next year we look forward to running our first Pathway course at Level 2 where students will be able to achieve their Level 2 NCEA through studying a variety of subjects with a Hospitality flare.

We have also had continued success with past students, Alisha Doel who is studying her Level 5 and 6 Diploma in Hospitality at MIT has been awarded the title of New Zealand Food and Beverage Person of the year.

Skye came third overall in the Finals of the New Zealand Beef and Lamb Burger Competition held on August 24th at M.I.T.

Pam-Thawan Rungroungkul and Ashleigh Culpan competed in the M.I.T. Barista Competition, with Pam awarded a Silver medal and Ashleigh a Gold medal for their coffee making.

A wonderful group of students kindly volunteered to be on the committee. After much deliberation it was decided that the ball would be held on the 30th of June at the Crowne Plaza with the theme of "Vintage Hollywood". The venue catered perfectly for our needs and with great relief it also came with a DJ, Decorator and catering.

During the evening we all danced, had our photos taken by the professional photographer and we also had the most amazing photo booth. Even the staff loved posing for the cameras!

Then came the announcement for the prize winners of the evening which were as follows:

- Best dressed to a theme female: **Chauntelle Culpan**
- Best dressed to a theme male: **Kyle Lockwood**
- Duke: **Mohammed Hassan**
- Duchess: **Caitlin Husdon**
- Prince: **Zane Rua**
- Princess: **Debbie Kingi**
- King: **Jasper Papa**
- Queen: **Ashleigh Culpan**

Nobody wanted to leave when the time came as they were all having a ball! A big thank you to Mrs Matthews, Hannah Freeman and the amazing ball committee for helping organising a wonderful evening for all.

Natasha Nayabadza

50th Anniversary Samoan Independence Celebrations on Friday, 1st June 2012

After various activities throughout the week to celebrate Samoan Language Week from the screening of the movie 'The Orator', Volleyball and Kilikiti we were all excited about Samoan Independence Day. The day began with a flag raising ceremony/service conducted by one of the parents, Pastor Uili Papa. The guest speaker was Pastor Malaki from a local church. The service was followed by a traditional Samoan breakfast of Koko Samoa and Sua Fa'i (Banana sago). Willie Iosia of the Auckland Council was another one of our guests who spoke at the breakfast along with Peter Heron who had the honour of cutting our 50th Anniversary cake. The celebrations continued after the early closure of school with an Umu lunch prepared by the students and parents. The lunch was followed by a concert of performances by our students (present/former) and a dance crew.

Our thanks and acknowledgements to the many people who helped contribute towards the success of the week, too numerous to name. But a special mention to our parents who gave their time to make the celebrations a memorable one.

Beverley Matamua
Pasifika Coordinator

Arts Festival Week

The last week of Term 2 was Arts Festival week. The Art department hosted a variety of activities and were part of the 'Transitions 2012' event, two big nights at the Hawkins Centre. We had an Art exhibition and silent auction at the Hawkins Centre. Many students enjoyed the excitement of a 'bidding war' on their art and making money off their artworks!

We had two days of 'Henna Tattoo' and 'Harakeke Weaving' lunchtime workshops, open to the whole school. We also had our own 'Artist in Residence', Bobby Hung. He ran two whole day workshops with selected students and painted a mural for the school during a lunchtime break.

Artist In Resident- Bobby Hung

We were very privileged during Arts Festival week to have full-time artist Bobby Hung come run some workshops with selected Art students. Bobby makes a living from being a full-time artist and showed the students what you can achieve with hard-work and dedication! "I enjoyed learning new techniques that I would of never considered using before. It was inspiring to hear that you can make a career out of Art and travel the world" - Shanal Mani, L3 Painting

Mural Workshop

Clockwise from bottom: Shanal Mani, Johnny Pule'anga, Isaac Crichton Sean Hill, Sean, Paddy and Shanal with Bobby's mural. Jarrod Pihama's, Level 2 Design used as backdrop in Hawkins Centre Art Exhibition.

Level 3 Unitec Top Art Folio Show and Art Gallery Visit

In week 3 of Term 3, we took the entire Level 3 Art cohort (Painting, Photography and Design students) on a trip to view the top Art folio boards from 2011 for New Zealand. A highlight for some students was going to lunch in downtown Auckland at the Elliot Street Food Court. After lunch we went to the beautiful, newly renovated Auckland Art Gallery, below Albert Park. The students were taken on a quick tour by some of the gallery volunteers, and went and saw the 'Home AKL' exhibition and Wallace Awards nominee's. Home AKL is the first major group exhibition of contemporary Pacific art developed by Auckland Art Gallery Toi o Tamaki. Home AKL presented works by Pacific artists, most of whom live in Auckland.

The Wallace Awards are the longest surviving and largest annual art awards of their kind in New Zealand, with a value amounting to over \$165,000. The Awards are given for contemporary New Zealand painting, sculpture, video, drawing, unique photography and print to encourage and develop the visual arts in New Zealand, and in particular to reward artists creating outstanding work. The work in the exhibition was challenging to some students and posed the question... "How is this Art?" Students realised that all Art has a message, it's trying to decipher what the artists is saying which can be the hard part.

2012 PAT HANLY ART STUDENT AWARDS

On Tuesday 21 August the Friends of the Gallery hosted the eleventh Pat Hanly Art Student Awards at Auckland Art Gallery. Fifty-seven students from 45 Auckland secondary schools, who had been nominated by their art teachers for their "outstanding commitment and passion for the visual arts and community awareness". Papakura's nominee was Jessica Le Grice. Jessica has consistently achieved with Excellence and has been a volunteer at various community events.

This year's awards ceremony was very exciting, as it was the first to be held in the beautiful renovated Gallery and included the launch by the Right Honourable Helen Clark of a major publication on the work of Pat Hanly.

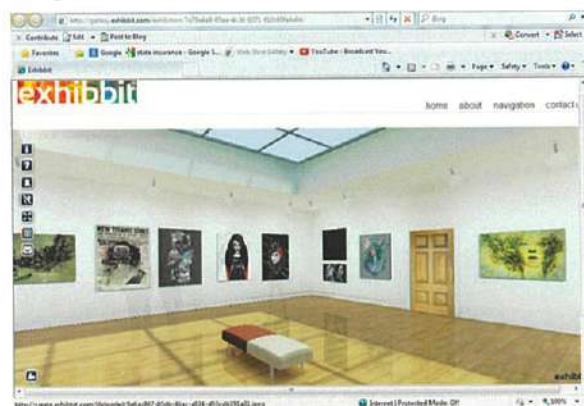

All the students received a certificate, a one-year membership to the Friends of the Gallery, and a \$60 gift voucher and discount card from Gordon Harris: The Art and Graphic Store.

Jessica (in the middle), with 2 other recipients from other schools

'Exhibit'

The Art department would like to invite you to visit our new exhibition "Visual Communication" by Miss Sexton's Level 2 Design students now showing online using 'exhibit'.

Prefects Awards

Announced by HRN

Presented by Commander Vitale Lafaele

Awards for Head Prefects	Christine Devi Hannah Freeman Sean Lockwood Patrick Mailata
--------------------------	--

Announcement of 2013 Prefects

May Ah Leong	Rereahu Collier
Kayla Barthow	Lucky Faisauvate
Tayla Cressey	Anthony Kapeli Su'a
Trish-Ana Day	Nahron Karimo
Casey-Anne Fenton	Robert Matthews
Joy Gesmundo	Matthew Munro
Samantha Hamer	Cullen Olson
Debbie Kingi	Jarrod Pihama
Olivia Maffleo	Zane Rua
Kaya Miriau	Michael Trumper
Georgia Neame	Foli Waru
Ailalo Time	

Head Prefects

Rereahu Collier, Anthony Kapeli Su'a, Tayla Cressey, Trish-Ana Day

Special Awards

Announced By FOS

Presented by Peter Goldsmith Chairman BOT.

Pacific Island Cultural Club Trophy	Eddie Toifau
Kaitiaki Wahine Award Female Leadership in Kapa Haka	Destiny Tepiki
Kaitiaki Tane Award Male Leadership in Kapa Haka	Tangata Shepherd
Arashaanu Trophy- Top year 12 or 13 student for excellence in Whaikoreo (Speech Making)	Rereahu Collier
1979 Prefects Shield Year 11 General Excellence in Speech, Drama, Library Ability and Academic English	Carlin Hudson
1979 Prefects Shield Year 12 General Excellence in Speech, Drama, Library Ability and Academic English	Monique Green
BOT Student Representative AWARD	Ninwa Karimo
RSA Award - Top Level 1 NCEA in 2011	Jarrod Pihama
RSA Award - Top Level 2 NCEA in 2011	Hannah Freeman

SCHOLARSHIP AWARDS

Announced by Mr Peter Heron - Presented by Various or Mr Vitale Lafaele

TANA UMAGA FOUNDATION SCHOLARSHIPS Tana To Present.

We welcome Tana here tonight and thank him for the very generous offer of these new scholarship awards to our students.

Known as TUF, the foundation has been developed to encourage and assist promising New Zealanders, with a focus on young people who are hard-working and who might not otherwise have the opportunity, to achieve and excel in their education and achieve their potential.

Three are being awarded tonight to
Robert Urquhart - Who received an award in Level 3 Business administration receives \$3000 per annum for 3 years with the possibility of an offer for a place at the Corden Blau Hospitality School in Wellington with Al Brown (famous NZ Chef) as a mentor

Ninwa Karimo - \$1000 per annum for 3 years to study Psychology at Auckland

Sean Hill - \$1000 per annum for 3 years to study Art Design at AUT

ASB BANK SCHOLAR AWARDS Presenter Commander Lafaele

This award has been going for about 50 years to over 80 high schools in the Auckland and Northland Regions. Such endeavours of ASB Bank aim to connect business with youth who show commitment and potential for academic achievement during their senior years at school. Our 4 nominees were treated to a grand luncheon earlier in the year and each will receive a bursary cheque from ASB of \$150 each.

Our 2012 recipients are:

Hannah Freeman

Natasha Nyabadza

Caleb Mdarowa

Jessica Le Grice - Ask Jessica to remain on Stage for next Scholarship.

2012 BAYER BOOST ENVIRONMENTAL SCHOLARSHIP Presenter Commander Lafaele

Bayer is a research based global company who have offered scholarships for over 100 years, to support global environmental and educational initiatives.

This is the only Auckland recipient, as well as a first for PHS. The recipient obtains a scholarship for working over 10 week's equivalent to \$5000. Our extremely exceptional and fortunate student is ...

Jessica Le Grice - Jessica will be working with Massey University in Albany on the research and release of four juvenile NZ Falcons.

INDER LYNCH ACHIEVEMENT AWARD

Sarah Bush, A partner in the Inder Lynch Practice.

Inder Lynch law firm began practice in Papakura in 1946. In 2006 to celebrate their 60th Anniversary, they decided to give back to the community, thus establishing The Inder Lynch Achievement award for a female and male student, who have demonstrated consistent academic ability and leadership. Our two recipients will each receive an award of \$1000 towards the funding of their further study. Our 2012 recipients of the Inder Lynch Award goes to:

Jacqueline Dawson and Caleb Mdarowa

MANUKAU INSTITUTE OF TECHNOLOGY TERTIARY SCHOLARSHIPS IN SPECIFIC STUDY AREA:

MIT Representative Vanessa Ellis (Director of Sales and Marketing)

The tertiary award signifies MIT's special commitment to secondary schools where partnerships are established through delivery of MIT programmes in School. Such MIT programmes aim to create the possibility of a seamless pathway to further education and training or to the workplace. Each scholarship is for a full tuition fee for up to \$4000 for the first year of study.

Our First Recipient of a MIT Scholarship, breaking the trends in gender bias and hoping to pursue studies in Engineering is Cynthia Teekotal.

Our second student is Patrick Mailata, who will be pursuing studies in Sport and a future career path in the Police Force.

Our Third student to receive an MIT scholarship is one who will be pursuing studies in Civil Engineering, Joe Niku.

Our fourth Recipient is a Scholarship awarded to a student in the school partnership Hospitality programme, Titonawan (Pasi) Rungrungrukul who will be undertaking a course in Culinary and Hospitality.

Congratulations to the Students and also MIT who partner with us.

Our MIT PARTNERSHIP SCHOLARSHIP RECIPIENT

Lavenia-Jane Ena: who will be also be pursuing a course in Culinary and Hospitality.

Ipu O le Sili Award

This trophy was donated in 2005 by the Papakura High Pacific Culture Committee for the top Year 13 Academic Pasifika student. This year's recipient is of Samoan descent and has been a student at Papakura High school since Year 9 successfully completing NCEA certificates along the way. She has generally worked hard, and has received a Class Award in Practical Music. She has been successful in achieving 68 credits at level 3 already this year, 31 of them at Merit or Excellence.

Please congratulate Maxine Poutoa

Te Matauranga Toa Award

This trophy was donated in 2005 by the Maori teachers of Papakura High for the top Year 13 Academic Maori Student. This year's recipient is of Ngati Kahungunu descent. She has been a student at Papakura High School since Year 9, and has gained a number of awards along the way, mainly in music. She gained NCEA Level 1 with Merit and in Year 12 she came 1st in Level 2 Dance. This year she has gained a Diligence Award in Level 2/3 Classical Studies and is line to gain her Level 3, gaining all 66 credits out of the 66 attempted so far, with 41 at Merit level or Excellence.

This year's recipient is Arawhita Christie

PTA General Excellence Award

This award recognises general excellence in Academic, Sporting, Cultural, Service or any other sphere for up to two recipients, one male and one female recipient.

This year's sole recipient has excelled in areas of academia as well as her sport throughout all her years at Papakura High. She gained her NCEA Level 1 with Merit and gained Level 2 with 107 credits. She is well on the way to gaining Level 3 with 82 credits gained, 33 at Merit or Excellence, surprising considering the amount of time needed to fulfil her commitments to the NZ U20 Women's Football Team, which played in their World cup tournament in Japan this year. She gained two 1st places in her 5 subjects.

Although not playing for the school now (she represents the Glenfield Rovers Premier Team in National Women's league in Auckland), she has always made herself available to help the sport in school in any way she can.

Please congratulate Stephanie Skifton

The Judith Collins Cup for Leadership

This award was presented for the first time in 2010. The leadership Cup has been donated by the Right Honourable Judith Collins to recognise a student who shows leadership and/or encourages others to take on leadership roles.

This year's recipient epitomizes what it is to be a leader. He has been one of those quiet types who lead by example, mostly from behind the scenes. He has played a lead role as Head Prefect with the prefect team and has developed his leadership skills throughout the year. He has done a lot of work for such things as the Ball, Graduation, the Blood Donor group, Peer support and many of the fundraising activities. An injury last year put paid to his past great contributions in sport, especially in Rugby.

The 2012 Collins Cup for leadership goes to Sean Lockwood.

PROXIME ACCESSIT

The recipient of this year's Proxime Accessit – or runner up to the Dux has been a student at Papakura High since Year 9. This student gained both her Level 1 and 2 NCEA certificates with Excellence. Throughout her time here this student has gained many awards in the Arts and this year gained the top Senior Top Painting prize. This year she has gained 1st in Art Painting, 1st Equal in Mathematics with Statistics, and 2nd in Biology, Chemistry and Physics with 2nd overall Grade Point Average.

It is with great pleasure that I ask our Proxime Accessit for 2012 to come forward.

Please congratulate Jessica Le Grice.

DUX 2011

The recipient of this year's supreme award for academic excellence has been a student at Papakura High since Year 9. This student has maintained an outstanding academic record throughout her years with us, gaining many prizes in mainly Mathematics and the Sciences along the way. This has been well supported by her English and Drama, also being of an excellent standard. This student was one of our Junior Duxes and gained both her NCEA Level 1 and Level 2 certificates with Excellence and is well on the way to doing the same for level 3. This year she gained 1st place in Drama, Biology, Chemistry, Physics and 1st Equal in Mathematics with Statistics.

It is with great pleasure that I ask the 2012 Papakura High School top scholar and Dux to come forward.

Would you all please stand for Hannah Freeman.
