Vol. 3

NOVEMBER, 1956

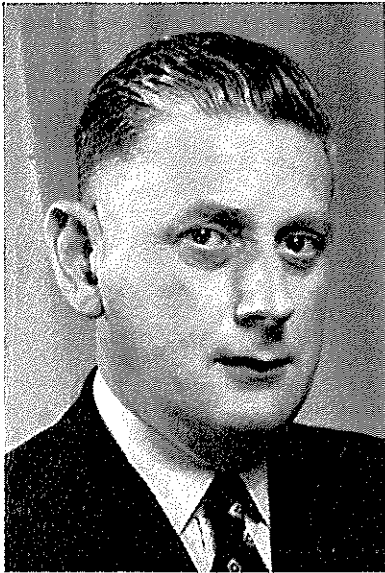

Editorial

We have again in our third year to record a rapid expansion in both our numbers and in our permanent buildings. The school roll when we re-opened in February was 624. Further enrolments in March brought the total to 641. Indications are that the roll in 1957 will be over 700. To meet this rapid expansion the Department of Education authorized the building of another wing made up of six class-rooms, a Biology laboratory and a Music Room. In addition, authority was given to build the Assembly Hall. The M wing, as the new wing is called, has been in use for two terms and the Assembly Hall is at the time of writing, almost ready to be handed over. These two additions complete the permanent buildings which were planned for this type of school. We feel that with the completed building we have been liberally treated on the material side and that the challenge is to us all, staff and pupils, to show that we can use and appreciate what has been given to us.

The growing size of the school has been a matter of concern. While opinions differ as to the maximum size to which a school can grow, and at the same time be efficient, we feel that in a co-educational school a roll of 600 to 650 can give those qualities which are necessary for a good school. It makes possible a good balance between junior and senior pupils; it allows a full range of courses, and ensures a reasonable standard in athletics and games. In addition, up to this number, pupils are able to know one another, and the staff can have actual teaching contact with most of the pupils. In building up the tone and qualities of a school very much depends upon the personal relationships which are developed. If many of the pupils are unknown to each other even by name, and if staff members are strangers to a large group of the pupils, it is difficult to obtain that spirit of unity and happy co-operation which is so greatly to be desired. With the establishment of Papatoetoe High School and the projected building of a High School at Manurewa, we hope that our roll will be able to be limited to 650, the number for which we have permanent buildings.

It is pleasing to record the further development of the

school in its academic and athletic activities. This year a very much increased number of candidates will be sitting the University Entrance and School Certificate Examinations. The school has also been added to the list of Accrediting Schools for University Entrance. In athletics and games our teams have been very much stronger this year and have acquitted themselves very well. The loyalty of pupils to their school teams has been a most pleasing feature of the school's growth. As we look back over the three years of our existence we realize that the period of waiting until we grow up is now almost completed. We shall, in 1957, be in a position to take our place with the older established post-primary schools of our country.

MR C. T. MCGILL

Mr C. T. McGill was appointed First Assistant Master of the Papakura High School in 1954, when the school opened. He had, before joining the staff, built up a reputation for sound scholarship, teaching skill and organising ability. All of these qualities he has shown in full measure in the three years he has been with us. In addition he has shown that his convictions on what constituted, a sound educa-

tion are based on wide reading, a varied experience in teaching and above all, on mature thought.

From the beginning of his associations with Papakura High School he has given of his best to see that the school should have a good tone, and high scholastic standards, and that it should take a worthy place in athletics and games. We know that he will work as hard to build up these qualities in the school to which he goes as first Principal.

Mr. McGill's personal relations with both pupils and staff have been on a very high level. He has always been most thorough and painstaking in his efforts to see that pupils, particularly those going into the upper forms, have been

given the course most suited to them. He has also been able, in many cases, to give valuable guidance and help to those who have sought his advice. With staff members he has always been courteous and helpful and ever ready to smooth the rough places.

As Principal I wish to say that my relations with Mr. McGill have always been of the happiest. I feel he has given much to Papakura High School. We congratulate him on his appointment to Papatoetoe High School and rejoice that he is our next door neighbour. We know we can look forward to very close relationships with his school.

Staff Notes

There have been few staff changes this year. Miss D. Baker, M.A., Mr. D. R. Thurlow, B.A., Dip. Ed., Mr. W. B. Aston, M.A., and Mr. R. A. Walls, appointed to the staff last year, took up their duties in February. An increase in the roll number led to the appointment in August of Mr. S. G. Owens, B.A., who had just returned to New Zealand after two years spent in teaching in secondary schools in England. We hope he will enjoy his stay at Papakura High School. We have been pleased to have Mr. O. W. Saunders, B.Sc. with us during the third term in a relieving capacity. At the end of the year Miss D. Baker leaves us to be married and to live in Hawera. She has been a most enthusiastic teacher and an extremely congenial staff member. We regret her departure very much.

The appointment of Mr. C. T. McGill as Principal of Papatoetoe High School is greeted with mixed feelings. We congratulate him very warmly and know that Papatoetoe is extremely fortunate, but we shall miss him badly. No matter how busy he is, he is always unruffled and ready to take endless trouble in solving individual problems. His tact and kindness, his perspicacity and meticulous attention to detail in organization have simplified school routine immensely for the rest of us. We wish him every success.

New appointments for next year are Miss M. A. Johnson, and Miss L. A. Gummer, B.A., who come to us from Auckland Training College. We congratulate Miss J. F. Richardson and Mr. J. U. Macaulay on their engagement.

Again this year we have been pleased to welcome into the staff room and to the school, various groups of students doing section work. We have found them all very co-operative and keen to improve their teaching technique.

Gifts to the School

The school is grateful to the following for the gifts they have made during the year:

Mr. A. Dalton—A cup for athletics.

Mr. A. Debreceeny—Another football.

Mr. S. Mueller—Another gift of books for the library.

Anzac Day

The customary service was held at School on the 24th of April as our tribute to those who fell for their country in the two World Wars. The School sang Kipling's "Recessional" and then the reading from Ecclesiasticus 44, "Let us now praise famous men . . ." was taken by the Head Prefect, M. Tennant. The address was given by Lieut-Col. H. G. Wooller, O.B.E., who pointed out how the spirit of the original Anzacs had been shown by the men of later generations. The singing of the National Anthem concluded the service.

On the 25th April the Head Prefects, Jacqueline Downes and M. Tennant, represented the School at the public service held at the Memorial in Papakura and laid the wreath on our behalf.

Opening of the New Wing

On the 25th June a short ceremony was held as the official opening of the new wing which completes the School as originally planned. Following the School's singing of "The Road to the Isles" a number of brief speeches were made: the Chairman of the Board, Mr. G. T. Wood spoke on behalf of the Board of Governors, Mr. A. McKerras on behalf of his firm who built the wing, Mr. H. W. Sayers who with Mr. W. Ratcliffe represented the Education Department and, finally, the Principal who accepted the building on behalf of the School. Proceedings closed with the singing of "Jerusalem" by the School and then the official party and visitors moved off on a tour of inspection of the wing.

Parent-Teacher-Resident Association

At the Annual General Meeting of the Association held on 11th April, the following officers were elected:

President: Mr. C. A. Mansell (Karakā).

Vice-President: Mr. J. E. Donoghue (Ardmore).

Secretary-Treasurer: Mr. D. J. Laing (Papakura).

Executive: Mesdames R. W. Paver (Papakura) and L. G. Tonkin (Takanini), Miss W. M. Tombs (Staff), Messrs. C. S. Atkinson (Staff), H. G. Dawson (Manurewa), J. S. Kidd (Waiau Pa) and J. W. Lane (Clevedon).

Social evenings have been held every term again this year. With the construction of the School Hall, it is hoped to hold functions more frequently next year as these informal gatherings of parents and staff are extremely valuable.

The School Choir and Orchestra

Although there have been only two opportunities to perform, the Choir has continued to hold practices regularly throughout the year. In the first term, a party of twenty-five travelled to Auckland to hear the Opera Workshop's production of "Hansel and Gretel" by Humperdinck. The Choir sang Bach's Chorale "Jesu, Joy of Man's Desiring" in Assembly at the end of the second term, and is preparing a bracket of carols for the Prize-giving Ceremony.

The Orchestra was started early in the second term, after the completion of the new music room. Although numbers are small, the members are enthusiastic and capable. The School will have its first opportunity to hear this group at the Prize-giving Ceremony, when a "Gavotte" and "Bourree" by Bach will be performed.

We wish to thank Miss B. Smith and Mrs. Steel for lending us a 'cello and flute.

Prize-Giving Ceremony, 1955

The annual prize-giving ceremony was held on the 6th December in the Ardmore College Hall. Despite very boisterous weather conditions, there was a large attendance of parents and friends of the school. The Chairman of the Board of Governors, Mr. G. A. T. Wood, welcomed the visitors and spoke of the development and rapid progress of the school. The address was given by Dr. Ralph Winterbourn, Professor of Education at Auckland University College. He emphasized the close connections that should exist between a school and the community. During the ceremony, "Song for a Festival" and the "Skye Boat Song" were sung by the School. Carols were contributed by the school choir and "The Lass of Richmond Hill," and "O Who Will O'er the Downs so Free," by IV Pro boys and girls. The academic prizes and sports trophies were presented by Mrs. R. Winterbourn. The Keddell Cup, first competed for in 1955, was presented by Mrs. G. The following are extracts from the Annual Report presented by the Principal:

1955 has been largely a year of consolidation. The school has now settled to a routine and this, provided it remains flexible enough to allow the introduction of any desirable changes, should make for efficiency and ease of running. Classes, subjects, courses, sporting activities and the general discipline of the school are now well established.

The school re-opened with a roll of 483, and present figures indicate a roll of close on 600 for next year. This year the Senior sections of the school increased in proportion to the total and 1956 will see us very close to the normal balance between seniors and juniors.

It is with thanks that I record the following gifts this year to the school:

Rotary Club (Papakura)—Books to the value of £100.

Mrs. S. Mueller: Gift of books.

Mr. A. Debreceny: A basketball and football.

Mr. R. Ross: "Roscrete" Cup.

Mrs. G. Sumpter (Sen.): "Gerald Keddell Cup."

Mrs. D. Roedel: Cup for swimming.

I would like to speak from our experience, short though it may be, of the group of pupils who stay with us for the bare two years. With the raising of the school age and the abolition of an examination leading from the primary to the secondary school, this group has increased greatly in numbers. Only under rare circumstances today does a child fail to make its way to the post-primary school. Frequently questioning is heard whether a large proportion of these children would not be better at work—questioning which comes not only from the outside public but also from some within the teaching profession itself.

Our experience, at Papakura High School, now that the first large group of those who have had just the two years is leaving, has been a very happy one. The pupils, some of whom were social promotions from the primary school, have advanced steadily and creditably in their academic and practical work. Only on rare occasions have we felt that a pupil has lost all interest in school work and is anxious to leave. In such cases where the child had turned fifteen our policy was to free the way for the child to leave. In general social development these pupils have gained tremendously and it has been a joy to see them entering whole-heartedly into the general activities of the school, learning to recognize and to accept the responsibilities which came to them as they advanced in the school. In their classes they have formed closely knit units loyal to the larger unit, the school, and so by doing have trained themselves to be good citizens. I am able to say to these pupils as they leave that if the school has been able to help them, the school has greatly benefited by having had them as pupils. I know they leave us feeling their two years at secondary school have been happy ones.

I would say to parents, "Try to give the children at least two years with us. Even if your children are not outstanding scholars, remember there is a very important place for them to fill in our country. Society does not require that every one of its members shall be a brilliant scholar but it does ask that each one shall be a worthy citizen. Our experience, short though it is, does show that for these short term pupils, the two years in what is a conditioned social milieu is extremely valuable."

In making these statements I must add that the co-operation of the headmasters of the contributing primary schools has been most valuable to me. The headmasters have always been willing to discuss individual cases and give helpful information on the pupils. It is also evident to me that they follow with keen interest the pupils' adjustment to the High School subjects and general life.

I wish to thank my Board of Governors for their help throughout the year. It certainly adds strength to the school to know that the members of the Board of Governors are willing to do all they can to assist the school in every way.

I also wish to pay tribute to the work done by the staff during the year, work in the class-room and in the sports fields. Teaching is an exacting task and one which takes toll of the teacher's nervous energy. The staff have not spared themselves and have put in a very hard year's work.

Lastly I wish to express my best wishes for the future to those pupils who are leaving this year. While it is with regret that we see you go it is also with the assurance that you will worthily uphold the name of the school in the office or workshop to which you are going.

Auckland Inter-Secondary School Girls' Swimming Sports

This year sixteen schools took part in the Annual Sports which were held at the Olympic Pool on the 6th March. Epsom Girls' Grammar School, Otahuhu College and Avondale College gained the first three places in the aggregate points competition. Our team did extremely well to be placed fourth.

Team members were: M. Barclay, C. Boate, P. Dryland, L. Heath, J. McDonald, M. McFarland, B. Mueller, G. Petersen, S. Randi, A. Ruthe, K. Townsend, M. Troughton.

Points were gained by:

Junior 33 1-3 yards Backstroke: C. Boate, first in final.

Junior Dive: M. Barclay, second (equal).

Junior Relay: M. Barclay, C. Boate, L. Heath, A. Ruthe, third (equal).

Intermediate Dive: K. Townsend, first (equal).

Senior 55 yards Freestyle: B. Mueller, third (equal), in final.

Open 110 yards Freestyle: C. Boate, third in final.

Open Tandem: M. Barclay and K. Townsend, first in final.

The rest of the team swam well enough to reach the finals and that is no easy task in such big fields.

Athletic Sports

The third annual athletic sports meeting of the school was held in the school grounds on 21st March, before a good attendance of parents, friends and pupils.

As the senior school had grown in number, we reverted to the usual age limits for the senior, intermediate and junior divisions. Competition was keen and several new times and distances were registered.

The results were:

Tennis

With six courts as well as a volley-board available, and a ladder competition in progress, the standard of play improved considerably during the season. Tennis has proved a very popular sport as has been shown by the courts always being well patronised.

On 14th March, a team of boys from Pukekohe High School visited us. The weather was very pleasant for this, the first inter-school tennis fixture held on our courts. Although Pukekohe won by 8 matches to 1, the games were all keenly contested, most being extended to the third set. The members of the team were: R. Donald, D. Martin, M. Wood, R. Palmer, A. Dreadon, K. Reid.

It is planned to hold a tournament for members of the South Auckland Secondary Schools' Association early next year.

Athletic Sports

Unfortunately, during the night before the athletic meeting, to be held on Saturday, 7th April, very heavy rain fell and at eight o'clock in the morning water was lying over much of the ground, a high wind was blowing and there were threats of further rain. Under the circumstances it was deemed inadvisable to bring competitors from distances to face an unpleasant day and a worse bus trip home again. The sports were, therefore, cancelled and, in view of the difficulty of arranging another date, abandoned for the year.

Cricket

Cricket throughout the School has grown so that we now have three teams playing in organised Saturday games as against two last year and the standard of play has improved as well. There are difficulties in arranging competitions and in getting pitches for play, but these have to be expected in the early years. We are most fortunate in having first-class gear, something we appreciate in view of its very high cost.

Our thanks go for the practical interest the Papakura Rotary Club have shown in the presentation of a Rotary Cup for annual competition between the Rotary Club and the School.

A highlight of the season was the visit to Eden Park to witness the West Indians playing New Zealand in the latter's first Test win. The teams benefited greatly from watching world-class players in action.

1st ELEVEN

R. Peacock (Capt.), R. Spragg (Vice-Capt.), F. Jones, T. Howie, T. Hall, D. Ansford, J. Poole, M. Cooney, L. Holmes, D. Hobman, M. McGregor-Hay, N. Brown. Coach: Mr. R. Marshall.

Results:

Papakura v Wesley B	Won
Wesley first innings	62
Papakura first innings	88 for 7
Papakura v Rotary Club	Won
Rotary first innings	72
Papakura first innings	107
Papakura v Wesley A	Won
Wesley first innings	67
Papakura first innings	70 for 5
Papakura v Waiuku D.H.S.	Won
Waiuku first innings	36
Papakura first innings	119
Papakura v Pukekohe H.S.	Won
Pukekohe first innings	47
Papakura first innings	99 for 3

The First XI had a most successful season, being undefeated in their matches. There has been a great improvement in batting and play in the field, the backbone of the team being Peacock, Spragg, Poole, Holmes and Ansford. This showed particularly in the game against Papakura Rotary Club whose team comprised several ex-representative players. As only the all-round combination of our team won the day. The School thus holds the Rotary Cup for this year.

FIRST ELEVEN

Mr. R. Marshall, D. Ansford, N. Brown, F. Jones, T. Howie, D. Hobman, M. Cooney, A. Hall, L. Holmes, R. Peacock (Captain), R. Spragg (Vice-Captain), M. Macgregor-Hay, J. Poole.

2nd ELEVEN

R. Edwards (Capt.), R. Robertson (Vice-Capt.), A. Brash, G. Buil, P. Clerk, D. Francis, P. Sinfield, R. Campbell, B. Ducker, R. O'Neill, D. Peacock, A. Rae, M. Watkin, J. Woodcock, H. Harding, L. Lukey, C. Olsen, T. McGarry, D. Dalton. Coach: Mr. L. M. Cornwell.

Matches Played:

Papakura v Waiuku	Won
Papakura first innings	82
Waiuku first innings	20
Waiuku second innings	29
Papakura v Wesley	Lost on first innings
Papakura first innings	25

Papakura III's first innings	55
Papakura v Wesley	Lost on first innings
Papakura first innings	69
Papakura second innings	60 for 6
Wesley first innings	72

Players:

The team was handicapped by losing some of its best players early in the season and this helped to produce batting which was lacking in aggressiveness in the first innings. It was noticeable that batting became much freer in the second innings when the result would have been a draw. The best

bowlers were Robertson, Watkin, Ducker, Clerk, McGarry and Lukey.

3rd ELEVEN

The 3rd Eleven was represented by the following:

K. McSweeney, A. Newport, G. Collecutt, D. Bryan, G. Hunt (Capt.), G. Morris, R. Mita, L. Paver, P. McGlade, H. Marshall, J. Irving, C. Olsen, E. East, D. Payne. Coach: Mr. D. R. Thurlow.

Although not very successful against outside teams the team improved to beat a weakened 2nd XI at the end of the season.

Results were as follows:

Papakura v Wesley	Won
Papakura first innings	80
Wesley first innings	41
Wesley second innings	33
Papakura v Wesley	Lost
Waiuku first innings	69
Papakura first innings	32

Rugby Football

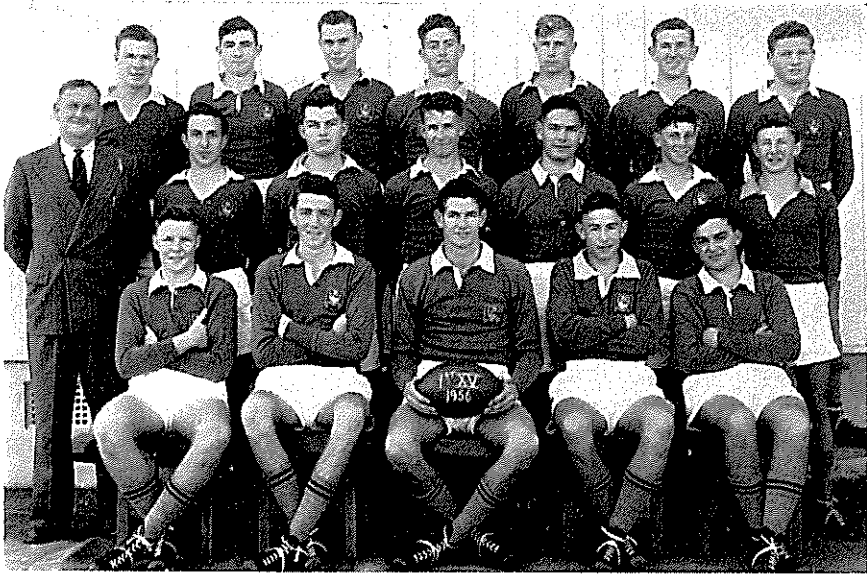

The third Rugby season at Papakura High School has been marked by increased scope of activities, and refreshing enthusiasm on the part of the boys and their coaches, the parents and the friends of the School. Despite a dismally wet season, every team turned out for matches and practices.

Once again the School must express its thanks to those people who generously provided transport when it was needed, to the officials of the Counties Union, the Papakura Rugby Club and the Referees' Association for the assistance they have always given us, and especially to Referees A. Campbell, D. Gillies and H. Martyn who were always so ready to control our mid-week fixtures with visiting schools and club teams.

Seven-a-side tournaments and Town v. Country matches, on a form basis, wound up the season. Results were: 3 Voc A won the 3rd form seven-a-side, 4 Voc, A, the 4th form and 5 Pro, the 5th-6th form. In the Town-Country matches, Country won the 3rd form 9-3 and Town, the 4th form 33-0 The 5th-6th form match resulted in a scoreless draw.

The First XV was represented by:

B. O'Reilly (Capt.), R. Peacock (Vice-Capt.), W. Laing, R. Keston, C. Akers, M. O'Connor, M. Tennant, D. Hobman, E. Bycroft, N. Dryland, J. Keen, R. Spragg, G. Kelly, T. Burrell, F. Jones, R. Copyn, K. Reid, T. O'Neill, J. Lane. R. Maxwell. Coach: Mr. R. Marshall.

Congratulations to R. Copyn, M. O'Connor and F. Jones who played for the first XV during the season. Coach: Mr. R. A. Walls.

These boys were not picked for the 1st XV but were sufficiently heavy to play in the same grade. As a result of meeting stronger and heavier teams the 2nd XV was successful in only winning one game. Some promising third form players were among the members of the team. During the season the standard of play improved, especially in the backs.

Competition results were as follows:

Four matches other than competition games, were played. Three were won and one was drawn, giving our team an unbeaten record for the season.

NON-COMPETITION GAMES:

√ Kelston	Won 22—0
√ Huntly	Won 25—3
√ Auckland Grammar	Drew 3—3

The team made great progress during the year with inspired leadership by the captain Eric McKinstry and the vice-captain Robin Spicer and by the end of the season was playing very good football indeed. Loyalty to the team was strong and we had no passengers.

The Fourth XV was represented by:

D. Peacock (Capt.), A. Brash (Vice-Capt.), E. Lawson, R. Whittle, G. Funnel, K. Parker, G. Morris, M. Kidd, B. McFarland, C. Shaw, A. Petherbridge, A. Hall, A. Edwards, K. Thomson, D. Payne. Coach: Mr. L. G. Thompson.

NON-COMPETITION GAMES:

v Henderson	Won 18—0
v Kelston	Lost 0—11
v Pukekohe	Won 8—0
v Auckland Grammar 5B	Lost 3—6

The team lost only one competition game against a considerably heavier Waiuku team. Almost all the Saturday games were played in wet conditions this season. Helped by the valuable experience gained against two visiting teams. Henderson and Kelston, the team improved their standard of play greatly in the latter part of the season.

The Fifth XV was represented by the following:

R. Donald (Capt.), G. Collecutt, L. Lukey, D. Cato, N. Allan, J. Irving, G. Glasgow, K. Glasgow, N. Catley, R. Street, G. Johnson, C. Radford, R. Cavte, D. Francis, J. Watson, L. Simpson, I. Lomas, A. Newport, T. Ruthe, D. Payne. Coach: Mr. D. R. Thurlow.

The team improved noticeably during the season from heavy defeats to actual wins. The standard of play in the forwards was particularly high and it is mainly due to them that the team recovered from the heavy defeats of the discounted first round.

The results, excluding the discounted matches of the first term, were as follows:

FIFTH XV	FIRST ROUND	SECOND ROUND
v St. Stephens	Lost 6—5	Won 15—0

Basketball

The season has been another excellent one and though the A team has had more losses than last year, the general standard of basketball in the school has improved considerably.

On Saturday competition, the A team improved during the season to go through the second round of Senior games without a loss. The B team won the Intermediate Championship and "Knock Out" Cup while the C team also performed well to gain runner-up honours in the Intermediate 2nd Section.

The A team also had a game during the season with the Ardmore College 2nd Team and it was gratifying to see our girls perform well against a much more experienced team. The students finished one goal ahead in a very even game, the score being 11—10.

It was unfortunate that the girls had to miss the Inter-Secondary Schools' Basketball Tournament this year owing to the wet weather and the difficulty of arranging transport for such an early hour, but we are hoping that they will again give a good account of themselves next season.

Inter-form competitions were held at the end of the season and these resulted in wins for:

- 4 Pro (Junior & Intermediate Forms)
- 4 Com (A Team Inter-Form Competition)
- 4 Com (B Team Inter-Form Competition)

Boys' Hockey

This season has again been very successful, owing, not only to the strong team spirit and individual enthusiasm, but also to more effective team combination. Ninety boys took part in Wednesday afternoon practices, for which an additional two grounds were required.

The First XI was again entered in the Auckland Secondary Schools Second Grade Competition, which this season contained two sections, each of eight teams. Placing our team, which was more experienced and heavier than last year and had gained two fine forwards from other schools, N. Thompson and B. Ducker, in Section "B" soon proved a mistake, as we proceeded to win all seven matches comfortably, scoring 75 goals to our opponents' 5. The championship

final against Auckland Grammar School Second XI, the "A" Section winners, was a fast, hard-fought game which we narrowly lost by 2 goals to 1.

Once again we express our thanks to Mr G. A. T. Wood for providing the transport which helped to make our Saturday games so enjoyable.

The team was rather unlucky in the Seven-a-side Tournament, winning four games in its section by a total of 15 goals to 0 but losing the fifth, by a penalty corner, to Auckland Grammar 2A who went on to win the Second Grade Final. At the end of the season we were very pleased when our centre-forward, N. Thompson, was selected for the Second Grade Representative team and F. R. Lack and F. K. Sanders were chosen as reserve backs.

During the second week of the August vacation, the team gained much valuable experience in a tournament at Pukekohe. The results were:

v. Palmerston North Boys' High School	lost	2—10
v. Pukekohe High School	lost	2—3
v. Thames High School	lost	1—2

Results of other non-competition matches were:

v. Pukekohe High School	won	2—1
v. Henderson High School	won	7—0
v. Ardmore Teachers' College	drew	2—2
v. Auckland Grammar School 2A	drew	3—3
v. Penrose High School	won	14—0

The members of the First XI were:

F. R. Lack (Captain), F. K. Sanders (Vice-Captain), B. Ducker, C. B. Fitzpatrick, D. J. Foster, T. V. Happy, L. M. R. Paver, N. Thompson, J. van Wijk, L. T. Walker, P. A. Wood. Reserves: D. R. Duncan, W. A. King.

The Second XI this year was entered in a higher grade—the Auckland Secondary Schools Third Grade Competition. After a shaky start, the team settled down to a very successful season's hockey. A good combination was built up, especially in the forwards, and several excellent wins were recorded. With Macgregor-Hay at centre-forward and a newcomer, K. Thompson, to strengthen the left wing, 29 goals were scored to our opponents' 8. The result was a creditable record of five wins, one draw and two losses.

In non-competition games, the team was equally successful, defeating Auckland Grammar School "C", Henderson and Penrose by good margins, and narrowly losing to Auckland Grammar "A", winners of their section of the Third Grade Competition.

The team's efforts were well rewarded when R. Campbell (goalie) and M. Macgregor-Hay (centre-forward) were selected for the Auckland Third Grade team which drew with Hamilton.

The members of the Second XI were:

M. Macgregor-Hay (Captain), R. Palmer (Vice-Captain), M. Davy, K. Thompson, R. Campbell, R. Walker, G. Stevens, P. Sinfield, L. Becroft, C. Marten, W. Clark. Reserves: G. Webb, K. McSweeney, J. Hickey, J. Poole.

Girls' Hockey

A TEAM:

Lois Ducker (Capt.), Kathleen Taylor (Vice-Captain), Jeanette Blundell, Marcia Irving, Noeleen Shanks, Gael McInnes, Ngaire Hughes, Raewyn Lawson, Janice Heyde, Lynette Wilson, Jacqueline Downes. Reserve: Janet Dawson.

B TEAM:

Shirley Smith (Captain), Tonie Hocking (Vice-Captain), Jeanette Cleaver, Elizabeth Callis, Marie Blundell, Margaret Robertson, Janice Alexander, Beverley Goertz, Wendy Johnston, Shirley White, Heather Foster. Reserves: Sharon Hill, Joy Armstrong, Jocelyn Goertz, Helen Cheadle.

Enthusiasm was the keynote throughout the hockey season. It was this, together with the improvement in positional play and stick work, that accounted for the success of both teams. The girls were no doubt also inspired by the outstanding play of the New Zealand Women's Hockey Team, whom we saw defeat U.S.A. at Eden Park, on July 18th.

Entering for the first time in the Auckland Ladies' Hockey Association competition, each team won its grade, the Junior A and B Grade respectively. The Junior A team also won the Junior section of the Seven-a-side tournament.

Playing in the Inter-Secondary Girls' Tournament conducted by the A.L.H.A., both teams performed creditably and

proved that they were of uniform standard with the majority of other North Island secondary schools teams competing.

We should like to record our thanks to the Ardmore Teachers' Training College who made arrangements for a most enjoyable and instructive game between a College team and our A team. We hope their visits will become an annual fixture.

Congratulations are due to those girls who represented Auckland in the junior reps. This team defeated an Avondale College team 5—1, a good finish to a successful season for Papakura High School.

Boys' Cross-Country Run

The annual cross-country event was held on October 10th. The race was run under the worst conditions possible, very heavy rain having fallen in the twenty-four hours preceding the race. In spite of this, two records were broken and the finish of the junior event was very thrilling. 164 of the 197 starters managed to finish within the time limits for their respective events. The team races were won by 6th Form A (Senior), 5 Pro. A (Intermediate) and 4 Pro. A (Junior).

A Night Journey in the Back of a Car

Long night journey
Walled in the darkness
Between waking and sleeping,
Aware and unaware,
Curled in the softness
Of warm brown leather.
Listen to the lullaby,
Long, low lullaby,
Pulsing and purring
In the belly of the monster.
Nothing but the warmth
And friendly leather smell.
On and on as though unending,
Content to drift, to drowse, to dream.
Then a jolt, bump, grind,
Light
Noise
Reality.

—A.R., 4 Pro. Girls.

The Loft

The loft,
All dust and darkness
Where spiders spin their webs in dusty corners,
A strange and silent place, well worth exploring
Comes a single swinging light
That sends the shadows creeping, leaping,
Criss and cross.

And there
The tank, the giant
That never moves, yet sends his arms outstretching
To grasp the floor below. This is his Kingdom.
Nearby, the traveller's lonely trunk
Reveals the names of distant countries
Ruling this realm, pictures, golf clubs, toys,
All are resting.

The Worm

The worm, exposed, writhed in the air;
Curious now, I bent to stare,
Seeing it smooth, and cool, and blind.
A hundred glossy rings, bluelined.
Then soundless in the clay,
The serpent softness slid away.

—A.R., 4 Pro. Girls.

Louise

I could never understand why Louise bothered with me. After all, I was nothing to be marvelled at—just one of the ordinary sort. Still, she seemed to be rather fond of me. It was strange that she left me standing like that. Obviously her time was taken by others. Of course, one may expect that, but she left the others to tell me she had married, and that she had married well enough to be living in a beautiful house somewhere in Portslade.

How can they understand how it was? Louise was the only person who would pay me such willing attention. She would talk to me gaily over the gate for hours it seemed. She would walk beside me, and would laugh when she caught me gazing at her. Even when, in her opinion, I appeared worried, she would pat me on the back and, softly, would say, "Never mind, old thing, there's another day tomorrow."

It became the accepted thing that she and I were close friends, and nobody would dream of asking Louise how she was, without including me too. Of course, Louise was a good deal older than I, and she knew far more about the world than I did. She had studied zoology for a time, I believe, and had always been very fond of animals. Her ambition was to be a veterinary surgeon.

I will never forget the time she came running down the path and up to the gate to meet me when she spied me walking slowly along the fence. She spoke to me happily about her occupation for a while. As she used such a complicated vocabulary, I could not understand much of it, so I lowered my eyes haughtily and stared at the ground. Louise silently bent over me and said, "You old silly! I don't believe you were even listening!" I, not aware that she was directly above me, lifted my head suddenly, so giving her chin a terrible bump. She screamed, jumped back, gave me a disgusted push, and crying, fled down the path. Through no fault of mine, I was unable to apologise.

Louise did not come near me for a few days and I did miss her. However, when she came once more, I noticed that the bruise on her chin was not as large as I had imagined it might be. She said nothing to me, but just opened the gate and came nearer to me. I waited for her, and again she laughed at my bewildered gaze. Together we walked over the grass. She became gayer as we went along, and we finished the walk with a race for the last twenty-five yards. Of course, I won, being stronger, although my legs were shorter than hers . . . But all this is ended. Louise has gone away. Maybe it wouldnt be so bad if I could imagine her married. But who would expect a cow to be able to think in terms of a human being?

—H.C., 5 Pro. 2.

Long hours I spent, despair my constant urge;
Scant rest or relaxation came my way;
Not given to me to be carefree and gay;
Voluminous dry tomes held me submerged
In seas of learning. Dawn saw me emerge
Quite weary-eyed to face another day
Of horrid languages and worse. Dismay
At my slow progress o'er me often surged.

The pessimistic view—"I'm sure to fail,"
No mood to sit School Cert., or even now
Await for confirmation of this mail
I've just received. I cannot bear it! How
Each second is an hour! The "Star" at last!
Now, does "congratulations" mean I've passed?

Gone Fishin'

When Dad goes fishing out at sea,
And leaves the beach to Mum and me,
Soon we're enlivened by a scream,
As Pop lands hard upon his beam.
A snapper leaps up in the boat,
The craft can barely keep afloat,
A sudden and bloodcurdling roar,
As Dad holds forth his hooked paw,
Then Mum swims out to rescue him,
And seizes Dad by wounded limb,
Alas! Catastrophe is there;
The scagulls swerve to squawk and stare.
The boat's capsized--they're in the water,
And echoed shrieks rise from the daughter.
The current drags my parents in;
Up pops Mum's face to give a grin,
Dad staggers out--though weak and pale
Still holds his snapper by the tail.
Mum lost at sea; but Dad and me
Will soon be having fish for tea.

Equal Pay for Men and Women

“Should women be paid as much as men?” This question always brings nods of assent from all females present, and loud denials from the masculine section. Being part of the former section of the community, I am naturally prejudiced. But, on taking an unbiased point of view, I can see many points in favour and against this “equal pay” question.

If a factory girl, for example, works a forty-hour week in the same job, under the same conditions, and perhaps at the same conveyor belt as a man worker, she is still paid less. This is the case even though the woman might work much better and faster than her male co-worker. The position, considered in the light of these facts only, is obviously unfair.

But the man may have a family to feed and clothe, while the girl worker might have to pay for her own keep and clothing only. But nowadays many mothers go to work to help eke out the weekly wage, and there are also widows and divorcees who have to work to keep their children. Surely it would be only fair to pay the women equally as much as the men in such cases as these.

It must be rather embarrassing for a young married man to have his wife earning more than he does. This is often the case, especially in the "promotion" type of job where a man gradually works up to a better wage rate, while his girl friend or wife usually earns a stipulated and rigid amount per week.

A man does like to keep his feeling of superiority over his wife, and he likes to think he is the "breadwinner" of the family. It must hurt his ego to see his wife's fat pay envelope even though it helps pay household bills as much as his does.

In Russia, the Soviet system caters very well for this "equal pay" question. Every worker is paid according to his or her ability, and the value of the work in which they are employed. By this method a first-class ballet dancer, who serves the state by amusing the people and developing Russia's arts, receives about the same amount of money as an efficient, skilled factory worker who is engaged in mass production of goods. I think this method of paying by ability is far ahead of and far more modern than that of paying men more than women regardless of their efficiency.

Women nowadays boast of "equality of the sexes", and this has gone even to the extent of men losing all vestige of courtesy and manners where women are concerned. Men today do not bother to stand in a bus when women have no seat. When rebuked, they (for the most part), smile smugly and say, "Women have their equality of the sexes." But have we? We have the right to vote, to enter universities and law courts, but we cannot have complete equality until we have equal pay. After all, in some countries, the United States for example, women possess 60 per cent of the capital in assets and shares. So why should we in a supposedly democratic and equal society be inferior in wages to our male co-workers?

Modern Things

During this modern age of men,
Sixty-one Air Forces operate.
Indispensable Marshals and officious Commanders
Control their teeming intakes.

Nearly all their jet-age aircrafts have many cockpits;
But I, the Personal friend of the Air Chiefs,
Have noticed that they have many spares—
Especially in the Chief's special garden,
Guarding his twenty-one little cucumbers.
