NOVEMBER, 1957

EDITORIAL

The school opened in 1954 with a roll of 320 pupils. By the beginning of this year, 1957, the roll had grown to 700. This rise in numbers in our own school is typical of the growth of post-primary education throughout New Zealand. With the opening of Papatoetoe High School the school boundary was shifted from Redoubt Road in the north to the Mahia Stream just south of Manurewa. This meant that the bulk of the pupils from the Manurewa and Homai Schools enrolled in the new school. Judging from the rolls of the primary schools from which we now draw our pupils it is possible that our roll will remain around 700 for two years, but after that another rapid increase is to be expected.

The nation wide development of post primary education has brought, as could be expected, many and varied problems in its train. First the task of providing new school buildings at a time when the building industry was fully expended in other directions, had to be faced. This work is now well within sight of completion and those of us who are fortunate to get our education in the bright, airy and excellently equipped new schools have much for which to thank the Minister of Education and the Department of Education. We hope that our own school will not require any further additions but another wing may yet be required.

No sooner was the task of providing new buildings on the way to completion than another and much more serious problem faced the Department of Education—the question of how to staff the many new classes which had come into being. The very serious shortage of post-primary school teachers, particularly in Mathematics and Science can have a grave effect upon the quality of work done in the schools. This shortage of teachers is one which cannot be overcome easily as the minimum time required to train a post-primary teacher is four years after leaving from the upper Sixth Form. Fortunately we have been able this year to keep a full staff of highly qualified teachers, but it appears that in the future we along with most other schools, will have to make adjustments to meet the shortage of teachers.

New Zealand has always been proud of the quality of its post-primary school education and scholars from our schools have been able to compete favourably with those from other countries. To keep up the standards that have been established will throw a heavier burden on both teachers and pupils. We trust that the pupils of this school will realise that they can help greatly by making full use of the opportunities given. There will be no place, because of the shortage of teachers, for those who are not prepared to give of their best.

MISS W. M. TOMBS

At the end of 1956 Miss W. M. Tombs, who had been senior assistant mistress of the school, was appointed head mistress of Whangarei Girls' High School. Miss Tombs, who had been appointed to the staff in 1954 when the school was opened, was made responsible in large measure for all matters relating to the girls in the school. In a spirit of co-operation with the girls she was able to develop high standards in behaviour, dress and sport.

Miss Tombs came to Papakura High School from a position at Auckland Girls' Grammar School, where she had established a reputation of being an outstanding teacher of French and Latin. This reputation was fully justified in the work she did at Papakura High School.

By her friendly and gracious manner Miss Tombs won the respect and admiration of the girls. She was always willing to give help where it was necessary and by her understanding of the young mind was able to handle with sympathy the problems that were brought to her. We were all sorry to learn she was leaving us, but she left with the very best wishes of both staff and pupils of Papakura High School.

PRINCIPAL'S REPORT

The following are extracts from the Annual Report presented by the Principal at the Prize Giving :

1956 saw a rapid increase in roll numbers from 483 in March, 1955, to 640 in March, 1956. For the first and second terms the school was short staffed and until the new wing was opened in the middle of the second term two new "pre-fabs" units had to be used to house the additional classes.

With the growth in age of the school, external examinations have increased in importance. In 1955, 2 pupils passed the University Entrance Examination, 27 passed the School Certificate Examination, and a larger number of passes were gained in the Chamber of Commerce and Public Service Examinations in Commercial subjects. The school was placed this year on the Accrediting List for University Entrance.

The Board has added considerably this year to the equipment of the school. Out of revenue it has been able to purchase a 16 mm Debie film projector and a further supply of up-to-date maps, charts and filmstrips. The boys have built an implement shed which enables us to house the tractor and mowers. The Parent-Resident-Teacher Association with voluntary labour built a dressing shed and shower room.

The grounds are in excellent condition and it means much to the school to have ample room for all the major sports to be played. Under Mr Cornwell's direction, Mr Titchmarsh as groundsman has done excellent work in developing and keeping in order our extensive playing fields.

On the playing fields the pupils have done very well this year. In football the First XV won all of their games—both competition and inter-school. The boys' Hockey First XI won their section in the Auckland Secondary Schools' Hockey Association. In the Auckland Ladies' Hockey Association, the Girls' First XI won the Junior A Championship and the Carnival Cup in the Seven-a-side Tournament. The Second XI tied for the Championship in the B Grade. In Basketball the seniors won the second section of the Papakura Basketball Association Senior Grade, and the B team won the Intermediate Championship and Knock-out Cup. The Cricket First XI is this year playing in the open Franklin Competition. In Athletics and Swimming the school has held its own in competition with others.

It is my pleasing duty on behalf of the pupils and the staff to thank the Honourable Minister and the Department of Education for this Assembly Hall in which we are at present. We were kept waiting for it for a little while, but it is certainly a part of the school well worth waiting for and a part which we shall value highly. Parents and teachers realise that in the matter of Assembly Halls you are one of our strongest advocates and we know that it gives you great joy to be here to open one of the first to be built as a part of one of the newer schools. I also wish to thank the Ministry of Works and Mr Christopherson, the architect, and Mr McEntee, the builder, for the valuable parts they took in its erection.

I sincerely hope that now that the school is a completed unit we shall not have to ask for any more buildings. It is with some trepidation that I see our Papakura High School growing so rapidly. While I am willing to grant to the larger schools that their numbers perhaps allow greater elasticity of courses and more ease in grading pupils, I am loth to lose the benefits of the school of round about 600. Here we are able at present to know one another. The staff can become a friendly unit and this co-operation and friendliness reaches out into the classrooms. A reasonably-sized staff prevents the specialist teacher from becoming too much the specialist. It is said that the person who is a specialist in only the price of wheat will create a dust bowl. We don't want "dust bowls" in our classrooms. Again in a school of this size it is possible for the Principal to know the quality and tone of every clas; to give time to parents who visit him; to get to know the pupils who require guidance and help. Further opportunities for leadership can be given in large measure to the pupils, leadership in the classroom, in the playing fields and in pupil administration. At present we are a close knit social unit with our aims and ideals within and part of the wider district unit. It is because I feel these qualities can be more easily attained in a school of 600 to 650 that I say I hope we shall not have to ask for any more buildings. We have welcomed the wisdom shown by the Department of Education in building Papatoetoe High School, and its intention to open a High School at Manurewa in the future. We look forward to the time when Papatoetoe High School, Manurewa High School, Papakura High School and Pukekohe High School with their common basis and their distinctive qualities will be along with Wesley College and St. Stephen's College a matured part of New Zealand's post-primary system.

STAFF NOTES

This year has seen a considerable number of changes.

MISS E. M. FREW, who had been teaching in the home life department for two years, left in April for a trip abroad. We regret that that involved her resignation.

MR A. H. DONNELL, M.A., was selected by the Board of Governors to succeed Mr McGill as First Assistant. Mr Donnell taught at Auckland Grammar School, was senior English master at Whangarei Boys' High School, and came to us after being first assistant at Kaitia College.

MISS J. P. LINTON, B.A., Dip. Ed., succeeded Miss Tombs as senior mistress. She was previously on the staff of Henderson High School, where she had been senior assistant mistress since that school was opened in 1953. She studied for a period at London University and formerly taught at Hutt Valley High School.

MISS L. A. GUMMER, B.A. and MISS M. A. JOHNSTON, B.A., who trained at Auckland Teachers' College, joined the staff in February.

MR C. D. MILNE, O.B.E., D.F.C., a graduate of the R.A.F. Staff College, served with the R.A.F. from 1932 till 1956 in England, France, Germany and the United States. His experience as an instructor has been a splendid preparation for teaching mathematics and science. Mr Milne retired with the rank of group-captain.

MISS J. E. ATCHISON took Miss Frew's place in the home life department in May.

MR H. P. S. LEE, B.A., and MR G. SUMPTER, M.Sc., held relieving positions during the first term.

MR E. B. ROUT, B.A., B.Com., formerly head of the commercial department at Otahuhu College, and for the last six years secretary of Lees Bros. (Papakura) has been assisting as a part-time commercial teacher since May.

MRS E. L. PAYNE has also been teaching part-time in the commercial department all this year. She has had similar experience at Seddon Memorial Technical College.

MR E. FOY, who has had varied primary school teaching experience, and this year hopes to complete his B.A. degree, joined the staff at the beginning of the second term.

To all these new teachers we extend our best wishes for a happy, long, and successful stay amongst us.

MISS B. E. THOMPSON

While it is with genuine regret we have to say farewell to Miss B. E. Thompson, it is with joy that we congratulate her on her promotion to the position of senior assistant mistress in the new Lynfield College, Blockhouse Bay.

Miss Thompson joined the staff of Papakura High School when it opened in 1954, as commercial mistress. By her efficient organisation of the commercial department and her up to date and efficient teaching methods, Miss Thompson established a very fine tone in her classes, and this was reflected in the very thorough work done in class and in the external examination results. Miss Thompson also carried out the work of careers mistress and in this her genuine interest in the girls helped many of them to decide on the best work to take up after leaving school.

Miss Thompson's contribution to the school was not confined to the classroom. Her knowledge and love of flowers was shown in our school flower plots and in the floral decorations in the school. She directed the planting of the flower gardens and encouraged the girls to make full use of the flowers in the classrooms. In sport also Miss Thompson took a full part in the school activities.

Through a genuine interest in the pupils Miss Thompson has been able to exercise a most wholesome influence. She will be missed very much by both her pupils and her staff colleagues. We wish her every joy and success in her now position.

MRS MACAULAY

In the resignation of Mrs Macaulay the school has suffered a severe loss in its teaching strength. Mrs Macaulay, then Miss J. F. Richardson joined the school staff in its foundation year as home science mistress. Very quickly she showed outstanding ability in both organisation and teaching and built up a very efficient department. Mrs Macaulay's personality enabled her to develop in her classes a delightful spirit of co-operation and her influence with the girls gave her opportunities to help them in many ways. Her cookery classes with the boys were most popular and very practical. Mrs Macaulay leaves us to give full time to her home. Through Mr Macaulay she will be kept in touch with the school and we trust that she will find time from her household duties to pay us many visits. She will know that she will always be welcomed.

PRIZE - GIVING CEREMONY 1956

The Annual Prize-giving was held on the 5th December in the School Assembly Hall. A beautiful day, in strong contrast to the previous year, added to the fact that the Minister of Education, the Hon. R. M. Algie, had consented to give the address and officially open the Hall, ensured a large attendance of parents and friends. With pupils, staff, parents and visitors over 900 people were accommodated in the Hall and foyer.

The Chairman of the Board of Governors, Mr G. A. T. Wood, welcomed the visitors and gave an outline of the developments which had taken place during the year. He paid a tribute to the work of the staff and congratulated the pupils on their achievements in the classroom and on the sports field. Mr Algie in his address emphasised the value of ideals to the pupils when they moved out into the world to take up the work they had chosen. During the ceremony, "While Shepherds Watched Their Flocks by Night" and "Go Forth with God" were sung by the School. Songs by the Choir were "Whence Is That Goodly Fragrance" and "Ding Dong Merrily on High." The Orchestra played "Gavotte and Bourree."

The prizes were presented by Mrs G. A. Wood.

GIFTS TO THE SCHOOL

The School is grateful to the following for the gifts they have made during the year :

- Mr and Mrs S. Mueller—Cup for Girls' Senior Swimming Championship.
 Mr A. Debrecey—Books for boy who has shown outstanding qualities in sport.
 Mr C. C. King—Edition of Encyclopaedia Britannica.
 Mr H. Beaumont—Shrubs for the School grounds.
 Parent-Teacher Association—A lectern for the Assembly Hall.

PARENT - TEACHER ASSOCIATION

President : Mr C. A. Mansell Secretary : Mr D. J. Laing

The Parent-Teacher Association has again carried out another year of very successful functions. The evenings have been very well attended by both teachers and parents and during supper time ample opportunity has been given for the parents to discuss their children's work with the staff.

The following is the programme of the meetings held :

MARCH : Mr Ducker, Headmaster Clevedon School, gave a talk on education in U.S.A. as he experienced it. This talk was illustrated by excellent coloured slides.

JUNE—An evening in which the apparatus and teaching aids used by the different school departments were demonstrated by staff members.

AUGUST—The evening class orchestra gave items and the Ardmore Women's Division staged a one-act play.

OCTOBER—Film evening.

ANZAC DAY SERVICE

On Wednesday, the 24th April, the school met in the Assembly Hall to pay tribute to those who fell for their country in the two World Wars. Following an introduction by Mr Campbell, the school sang: "Once to Every Man and Nation," and then the reading from Ecclesiasticus 44, "Let us now praise famous men. . . ." was taken by the Head boy, Ross Palmer. The address was given by the Rev. I. Kemp, who recalled the glory the Gallipoli campaign and emphasised the need for a deep trust in God in a troubled world. The singing of Kipling's "Recessional," followed by the National Anthem brought the service to a close.

On the 25th April the Head Prefects, Margaret Jolly and Ross Palmer, represented the school at the public service held at the Memorial in Papakura and laid the wreath on our behalf.

TREE PLANTING CEREMONY

Parents, friends, staff and pupils spent a very enjoyable afternoon on Saturday, July 27th, when about ninety trees were planted around the school. One further important step was taken in the development of the school and its grounds.

The programme opened with a short speech from Mr G. Wood, Chairman of the Board of Governors, who then planted the first tree, a claret ash, in the double row running along the east of the main drive. The Mayors of Papakura and Manurewa, members of the Board of Governors, their wives and a representative of the Rotary Club completed this row with melia, scarlet oak, tulip trees, magnolia, grevillea and liquid amber.

When the gathering moved to the east side of the school Mr Campbell planted a "fossil" ginkgo tree, Ross Palmer, a diospyrus virginiana, and Margaret Jolly, a catalpa bignoides. Prefects planted the line of Victorian waratah between the C-wing and M-block and a group of flowering cherries off the west end of the hall. In front of the C-wing the staff set in a block of flowering prunus and cherries. Parents and friends had a busy time planting further trees such as a row of albizzia by the basketball and tennis courts, paulownia, grey alder, golden birch, magnolia, tulip trees, oleanders, azaleas, heaths and a row of poplar on the southern boundary. Mr H. Beaumont generously presented us with some dawn redwood to go with our other "fossil" tree and taxodium distichum which were planted near the side entrances to the school.

Afternoon tea concluded a busy afternoon which seemed to have given everyone great satisfaction. We hope that even in two or three years those at school will appreciate the shade and protection from the wind and that, not only the school, but Papakura and the surrounding districts, will take pride in the beauty of the trees.

THE NEW ZEALAND PLAYERS' VISIT

The New Zealand Players' Drama Quartet visited the school on the 27th of June. The Quartet consisted of John Hunter, Bridget Armstrong, Peter Brian and George Webby.

The programme was called "The March and the Dance," and comprised some chapters of living history. Scenes were taken from several plays including "Richard III," "In Good King Charles' Golden Days," "Caesar and Cleopatra," and "Julius Caesar." Some of these scenes concerned the English monarchy, others revolution, the emancipation of the negro people, and the signing of the Treaty of Waitangi. The visit concluded with the reading of part of Anne Franke's diary, to bring us up to the present day.

Altogether it was a most enjoyable morning. The players succeeded admirably in their task of making history live, and we must thank them sincerely and hope that they may return in the future to delight us again.

BOYS' CRUSADER UNION

"Crusaders" is an interdenominational movement, the aim of which is to show that the Christian life is worthwhile. This year was opened by a visit from Dr. Vine Martin, who showed a film on Crusader camps, and afterwards spoke. The attendance at this meeting was well over fifty, but has since fallen, partly owing to sports practices; but there are forty "regulars" on the roll.

There have been several special functions and outside speakers this year. In the first term a "squash" (social) was held, combined with the Girls' Union, in the School Hall. A Fact and Faith film, "Hidden Treasure," was screened, after which Mr Donnell spoke to the audience of over one hundred and fifty, including many parents. A combined meeting with the girls, held in the second term, was addressed by Miss Chenerton, a missionary from the Belgian Congo. She told of her work there, and showed some Bibles and other Christian literature, printed in African languages.

One of the biggest events of the year for both Boys' and Girls' Unions was the Annual Rally, held in the Auckland Town Hall. About sixty pupils from Papakura High School attended. The main speaker was Rev. Alan E. Begbie, of Sydney, chief padre for the Australian Forces. The other speaker was Mr Bruce Lumsden, General Secretary of the Crusader Movement of New Zealand. A large Crusader choir rendered musical items. A Bible quiz, in which ten Crusader Unions took part was of great interest. Papakura High School Boys' Union was narrowly beaten in the finals.

Our main activity during the year has continued to be the lunch-hour meeting held in A3 on Wednesdays, when Messrs Walls, Donnell and Owens have addressed us. We have been pleased also to have our Principal and the Revs. John Pritchard and Percy Rushton speak. Members of the committee (C. Fitzpatrick, W. King, J. van Wijk and J. Woodcock) and others take part in most meetings, the subject of which is usually some practical aspect of the Christian life.

GIRLS' CRUSADER UNION

From the foundation of the school the girls have been able to attend a Crusader meeting held each week at lunch-time for half an hour in A4. The aims of this Union are similar to those of the boys in that our leader, Mrs Higgins, shows how God can be a personal Saviour to every girl in school life. In this way the girls are helped to witness and live a Christian life among their fellows. About seventy attend regularly.

Guest speakers for this year included Mrs Watson, a doctor's wife, and Miss Edith Barnett, from Pukekohe. They both spoke of their experiences as nurses. Not long ago we had a visit from the Presbyterian deaconess, Sister Flora McDonald, who gave an interesting account of her life and work amongst the families of Papakura. Men speakers for this year included both our Principal, Mr Campbell, and first assistant, Mr Donnell, and also the secretary of the Crusader movement in New Zealand, Mr Lumsden. Two visitors we had at the end of this year were Mrs Kirkpatrick from Takanini, and Miss Margaret Partridge from the Auckland University. Miss Partridge gave us an account of the University Evangelical Union, a Christian movement similar to the Crusader movement. In some of our visits and functions we have joined with the boys.

In the third term this year two girls received Crusader badges. These badges have been presented in previous years to several girls, who each gave a short testimony, telling of their conversion and recent Christian life.

At each meeting we have had two women teachers, Miss Wright and Miss Gummer, who take an active part.

Each year a thank offering is given by each Crusader, this money forming part of a Crusader missionary gift from many unions. It helps support a missionary in Malaya.

We are grateful to Mr Campbell and Mr Macaulay for allowing us the use of A4, and to Mrs Higgins and her assistant leaders for their helpful talks.

MUSIC NOTES

The Orchestra

This year has seen a considerable increase in size of the Orchestra so that now we have seven violins, one viola, three 'cellos, two clarinets, one trumpet, and the piano.

Early in the first term we were very fortunate to acquire five new violins, one viola and a flute, the first instruments to be possessed by the school.

Up to date the Orchestra has had little opportunity of demonstrating its skill, but at the school prize-giving ceremony it will be giving several items, as well as accompanying the school's singing of "Land of Hope and glory."

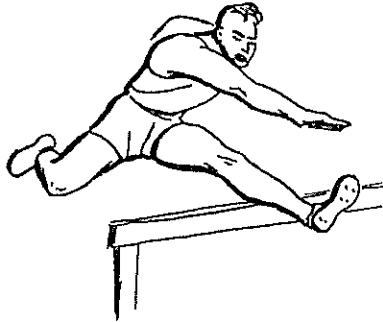

The Choir

We have two Choirs this year. The Junior Choir consists of the Third and Fourth Form girls, and the Senior Choir of the Fifth and Sixth Form girls. These Choirs are responsible for adding the delightful descants to so many of our hymns at morning assemblies. They, too, will be giving us a display of their talents at the prize-giving ceremony.

ATHLETIC SPORTS

Despite a cold day, with overcast sky and several showers, the fourth annual athletic meeting was held in the school grounds on the 20th March before a very good attendance of parents, friends and pupils.

Competition was keener than in preceding years and many new records were established.

The results were :

AUCKLAND INTER - SECONDARY SCHOOLGIRLS' SPORTS ASSOCIATION

The annual meeting of the above Association was held at the Olympic Stadium on April 6th. Twenty-two schools took part and the standard of athletics was very high.

Papakura High School was represented by :

Senior : R. Davies, V. Grogan, R. Howie, M. Irving, J. Thorn, S. White.

Intermediate : M. Barclay, M. Blundell, J. Cleaver, D. McConnell, J. McCulloch, A. Ruthe, N. Shanks (captain).

Junior : G. Horan, E. Leaming, B. Mitchell, J. Woods.

Our Intermediate girls again gave an excellent account of themselves, coming second in points to St. Cuthbert's College.

In the aggregate points Papakura High School was placed fourth.

Places in finals were gained by :

Intermediate :

150 Yards—N. Shanks, 3rd.

80 Metres Hurdles—N. Shanks, 1st.

TENNIS

The first South Auckland Secondary School Tennis Championships were held at Pukekohe on 27th and 28th February. Entries were large and singles and doubles were played in two grades.

The members of the Papakura teams were :

Senior—Boys : R. Donald, K. Reid. Girls : L. Schou, J. Goertz.

Junior—Boys : A. Traill, G. Brown. Girls : L. Wilson, L. Young.

Papakura players reached five of the eight finals but, largely due to lack of match experience, managed to win one only, the Junior Girls' Doubles. Lynette Wilson and Leslie Young played steadily to capture this title after a close match.

During the season players were well catered for in sports periods, having the use of five courts loaned by the South Auckland Tennis Sub-Association as well as the six school courts.

SWIMMING SPORTS

The school swimming sports were held on the 18th and 25th of February in the Ardmore Training College Baths. Our sincere thanks for the use of the College facilities are due to the Principal of the College, Mr T. Wilson, and to Mr J. Kurney for his assistance.

In most events there was good competition and much enthusiasm was shown by swimmers and spectators. Another pleasing feature of the sports was the number of new times set.

 Intermediate Dive—M. Barclay, 2nd in final.
 Tandem—M. Barclay and K. Townsend, 3rd in final.

CRICKET

This season has been a very difficult one for most teams because we have moved one further step on in the development of cricket in the school. The First XI began playing in the matches of the Franklin Cricket Association's competition, where it meets only one other school team. Other teams have also been in a higher grade. Consequently we have had hard matches in which our inexperience has told heavily against us. It has said a lot for the spirit of our players that, in spite of numerous defeats, everyone has remained keen and there has been no falling off of interest in cricket.

The players have, in fact, benefited greatly from being matched against superior teams, the First XI having made outstanding progress during the season. Match results tell the story of the First XI's improvement. At the beginning of the season it was common for us to lose by an innings and for our batting to be little more than a procession to and from the wickets. In the latter half our scores were seldom below 100 and at some stage in every match we had our opponents in difficulties.

The most successful batsmen were :

E. Fell—4 innings, average 20.3.

M. McGregor-Hay—14 innings, average 18.3.

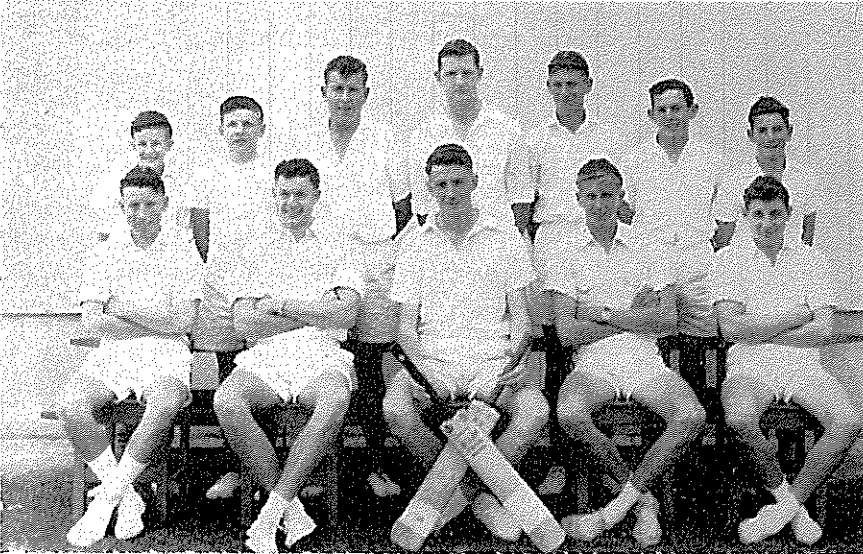

R. Peacock—17 innings, average 13.2.

The most successful bowlers were :

R. Howie—37 overs, 10 wickets, average 9.4.

R. Peacock—178 overs, 34 wickets, average 14.3.

FIRST XI

Back Row : L. Lukey, C. Olsen, T. Howie, B. Ducker, A. Brash, G. Collett.
Front Row : M. Macgregor-Hay, E. Fell, R. Peacock (Captain), T. McGarry, D. Francis.

The Second XI, who took the First XI's place in the South Auckland Secondary Schools' competition, found also that it was often facing much superior teams but they too improved as the season went on. The Third XI were our most successful team and deserve all the more credit since many of the group were older boys taking up cricket for the first season. Frequently their matches were the most exciting of the day. For the first time we formed a Fourth XI entirely of Third Formers, so that there would be two teams providing recruits later for the Second XI. This group naturally lacked experience and suffered some severe defeats early in the season. They should, however, develop considerably this next season.

The detailed results of matches played follow, but some have had to be omitted because junior teams have not kept full records. We owe our thanks to L. Paver for the way he has kept the score for the First XI and junior scorers could not do better than study the First XI's score book.

HARRIERS

During winter sports period this year we formed a harrier club under Mr L. Cornwell for boys wishing to continue running through the winter. About eighty boys ran through the season in four packs—racing, fast, medium and slow. Most of the runs were pack runs over four to five miles and finished with a run-in of half a mile to one mile for each pack. All running was road work but five different courses, including our “killer” over Red Hill gave the boys plenty of variety. Next year we hope to add a cross-country course for a club championship.

Our first trip was a teams race against Kelston, whom we defeated in both races. The following boys represented the school :

Senior—T. Hall 1, C. Dale 2, L. Walker 3, L. O'Reilly 9, W. Clark 10, J. Grundy 12.

Junior—B. Loveday 2, P. Hill 3, B. Peebles 5, R. Orum 7, K. Gower 8, H. Matheson 9, L. Beecroft 12, V. Grant 15.

SCHOOL CROSS - COUNTRY RACE

On the 18th October the school cross-country races were run in fine weather although the preceding week had been wet and windy. The course was, therefore, one which offered plenty of entertainment in muddy and wet patches as well as streams to cross. Out of a total of 222 starting all finished within the time limits—the first time this has happened.

Results were :—

Senior—L. T. Walker (20 mins 11.5 secs—record), 1; C. S. Dale, 2; T. Howie, 3.

Senior Teams Race—6B (L. T. Walker, R. J. Peacock, E. J. McKinstry, T. R. Ruthe) 25 points, 1; 5 Pro 1 (C. S. Dale, A. R. Fahey, T. S. Howie, G. Henry) 39 points, 2; 6A (R. S. Palmer, C. B. Fitzpatrick, T. D. Brown, K. Reid), 56 points, 3.

Intermediate—G. Kelly, (19 mins 17 secs), 1; P. J. Hill, 2; B. E. Ducker 3.

Intermediate Teams Race— 5 Voc A team (P. J. Hill, L. Leaming, M. McDonald, B. Petherbridge) 25 points, 1; 5 Pro 2 A team (G. Kelly, B. Ducker, D. Peacock, D. Francis), 44 points, 2; 5 Pro 1 A team (G. Bull, B. Loveday, C. Marten, M. Davy) 56 points, 3.

Junior—J. R. Irving, 1; W. Bellini, 2; L. Loveday, 3.

Junior Teams Race—4 Latin A team (J. Irving, K. McSweeney, A. Trail, G. Webb), 31 points, 1; 3 Voc A A team (R. Watson, L. Loveday, D. Glasgow, A. Ralph), 50 points, 2; 3 Voc B A team (W. Bellini, R. Ansell, R. Payne, Crawford), 69 points, 3.

SOUTH AUCKLAND CROSS - COUNTRY CHAMPIONSHIPS

This year, for the first time, it was decided to have an inter-secondary school cross-country for the South Auckland schools. The event was held at Waiuku on October 12th in fine weather. Our senior team was the first to have four runners across the tape, thus collecting winning honours. Although the junior team did not obtain a placing they gained valuable experience. The senior distance was $3\frac{1}{4}$ miles and the junior $2\frac{3}{4}$ miles.

The senior team was :

L. Walker (19 min 6.5 secs) 1, C. Dale 3, P. Hill 6, G. Kelly 7, B. Ducker 8, L. Leaming 9.

The junior team was—K. McSweeney, J. Irving, G. Webb, M. Hayes, R. Sara, R. Bell.

BASKETBALL

The school had ten teams competing in the local Saturday competition this year. This has been a big undertaking and we are most grateful for the help of several parents who have given much of their time to assist in the supervision of the hundred girls in the teams.

Our A and B teams were both entered in the Senior Grade. The A team has lost only two games in the season, finishing well by winning the final Knock-out Tournament. The B's have played consistently well against much more experienced players.

The C and D teams have won most of their matches, but have, like the Seniors, had to default games in the holidays.

The other six teams, with two teams from Papatoetoe High School, comprise the C Grade of the local association, and have carried off all the honours in this grade. The school E team won the Championship Cup and the cup for the most goals scored during the season. The Knockout Cup is shared by the school E and F teams while the runners-up for the championship were the G team players.

Local representative honours were gained by :

Senior A—Maureen Barclay.

B Grade—Rosalie Brown, Lindsay Johns, Anne Middleton, Annette Reid.

C Grade—Pamela Gibbons, Jocelyn Milne, Barbara Townsend, Margaret Whale, Barbara Whyte.

The A team, playing in the annual field day in Auckland, eliminated a number of strong representative teams to win the Melville Cup for second grade.

In the Inter-Secondary Schoolgirls' Basketball Tournament at Windmill Road we entered our A and Third Form teams. Their only losses were against the winners of their two grades, and their play was well up to the standard of the city schools. The standard of basketball at this tournament is extremely high and the experience of playing in it very valuable to our girls.

Results of inter-school matches :

A Team :

v. Henderson	won	12—7
v. Kelston	lost	8—10
v. Thames	lost	10—11
v. Huntly	won	21—8

F Team :
 v. Henderson won 8— 7

3rd Form Team :
 v. Kelston won 14— 5
 v. Pukekohe lost 13—17

The inter-Form competitions at the end of the season were most energetically contested and thoroughly enjoyed by spectators and players alike.

The A grade championships resulted in wins for :

Senior—5 Pro 3.
 Intermediate—4 Com 1.
 Junior—3 Latin.

And the B grade honours went to :

Senior—5 Com.
 Intermediate—4 Latin.
 Junior—3 Com. 1.

RUGBY FOOTBALL

The 1957 season can justly be regarded as an outstanding one, in which the enthusiasm of both boys and coaches, as well as the increased interest of relatives and friends, contributed to the remarkable success of the various teams. Papakura High School entered into each of the five inter-school championships and emerged as winners of four, and runners-up of the Second Grade. We wish once again to tender our thanks to the Counties Union officials and to the referees, especially those like Messrs Campbell, Gillies and Martyn, who so readily gave of their time to control our many mid-week fixtures.

The First XV was represented by :

R. Peacock (Captain), G. Kelly (Vice-Captain), C. Akers, D. Bryan, G. Bull, P. Clerk, R. Coywn, E. Fell, T. Howie, F. Jones, J. Keen, R. Keston, I. Lane, L. Leaming, E. McKinstry, R. Mita, C. Olsen, M. Reynolds, R. Trevithick.

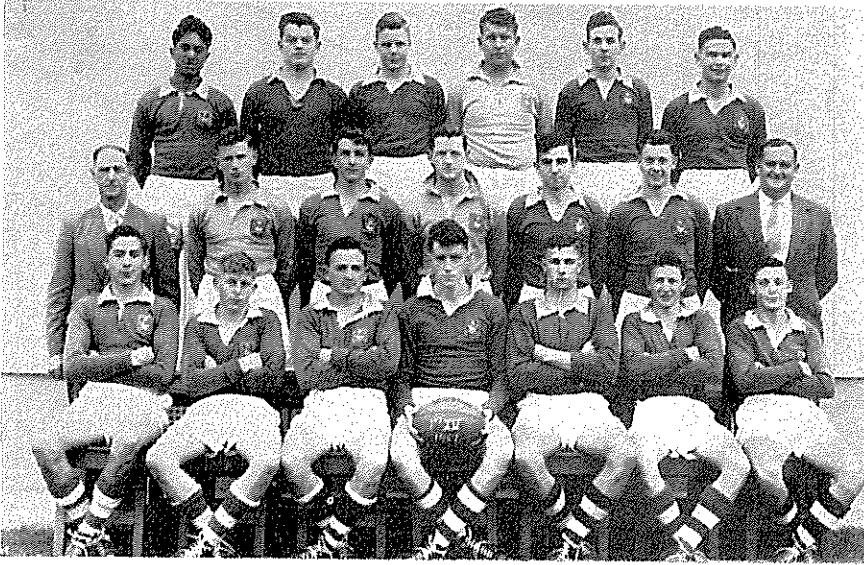

Competition results :

	1st Round	2nd Round	3rd Round
v. Howick	won 47—0	won 44—0	won 52—0
v. St. Stephens "A"	won 9—0	drew 3—3	won 5—3
v. St. Stephens "B"	won 26—0	won 11—0	—
v. Papakura "B"	won 25—0	won 30—0	won 14—5

Played 11, won 10, drew 1; points for, 262; points against, 11.

v. Henderson High School	won 3—0
v. Kelston High School	won 17—6
v. Thames High School	won 12—3
v. Pukekohe High School	won 12—6

FIRST XV

Back Row : R. Mita, R. Copyn, C. Akers, C. Olsen, M. Reynolds, R. Keston.
 Middle Row : Mr Campbell, G. Bull, R. Trevithick, T. Howie, I. Lane, E. Fell, Mr Marshall.
 Front Row : P. Clark, L. Leaming, D. Bryan, R. Peacock (Capt.), G. Kelly (Vice-Capt.),
 J. Keen, E. McKinstry.

The Second XV was picked from younger boys whose experience was not sufficient to merit their being in the Firsts, and from volunteers who were eligible by weight to play in the Second Grade. These latter boys, especially, showed commendable spirit as their action allowed many less able boys to enjoy Saturday football. A fine team spirit and concentration upon the fundamentals of Rugby made for such an improvement in the team's play that by the end of the season it could hold its own with all but the strongest of its opponents.

The team was represented by :

K. Reid (Captain), E. Wipani (Vice-Captain), R. Barber, W. Brown, W. Dalton, K. Dennis, R. Laing, W. Laing, P. Lyndsey, W. Moisley, P. Quinn, D. Semmens, W. Sharpe, B. Shelley, K. Stewart, R. Stuart, W. Syme, D. Whibley.

Competition results :

	1st Round	2nd Round	3rd Round
v. Howick	lost 5—14	won 14—5	won 31—0
v. St. Stephen's "A"	lost 0—31	lost 5—21	-----
v. St. Stephen's "B"	lost 0—17	won by default	
v. Papakura "A"	lost 0—25	lost 0—30	lost 5—14

Non-competition matches :

v. Huntly College 2nd XV	won 31—0
v. Pukekohe High School 2nd XV	won 10—6

The Third XV, which was runner-up in the Inter-Schools' 2nd Grade, was represented by :

R. Pulman (Captain), R. Risetto (Vice-Captain), J. Berry, J. Danby, M. Davy, R. Flanagan, A. Gamble, K. Glasgow, R. Gower, J. Graham, E. Harris, H. Lodge, T. McGarry, K. O'Reilly, D. Peacock, I. Phillips, G. Raymond, N. Smythe, A. Traill.

The loss of several players to the 2nd XV seriously handicapped the team which, however, acquitted itself very creditably, often against much heavier opposition. Our congratulations go to Pukekohe 2nd XV, winners of the championship.

Competition results :

	1st Round	2nd Round	3rd Round
v. Maramarua	won 15—0	won 36—0	won 19—0
v. Pukekohe "A"	lost 0—11	lost 3—17	lost 0—5
v. Pukekohe "B"	drew 6—6	won 19—0	won by default
v. Wesley	won 8—3	won 8—0	
v. St. Stephen's	won by default	won 6—3	

Points for, 120; points against, 42.

Non-competition matches :

v. Thames High School 2nd XV	drew 3—3
v. Huntly College 3rd XV	lost 3—6
v. King's College 3A	lost 0—8

The "3A" team, which won the Inter-Schools' 3rd Grade, was represented by :

A. Brash (Captain), R. Donald (Vice-Captain), W. Bilton, K. Day, M. Kidd, S. Laird, B. McFarland, M. McDonald, R. Mason, G. Morris, D. Payne, K. Parker, S. Robertson, T. Ruthe, D. Simmonds, E. Thomas, P. Sinfield.

The team owed much of its success to assiduous practice, to concentration on proficiency in the fundamentals of Rugby football, and to the leadership of Brash, who proved a very good captain.

Competition results :

	1st Round	2nd Round
v. Papakura "B"	won 30—0	won 18—0
v. Howick	won 33—0	won 35—0
v. Onewhero	lost 8—11	lost 9—12
v. Pukekohe "A"	won 8—3	
v. Pukekohe "B"	won 25—3	
v. Papatoetoe	won 10—3	
v. Waiuku	won 38—3	
v. Wesley	won by default	
v. St. Stephens	won 5—0	

Points for, 219; points against, 35.

Non-competition matches :

v. Henderson High School	won 9—3
v. Kelston High School	won 3—0
v. King's College 4B	won 9—6

Papakura High School "3B" was represented by :

A. Petherbridge (Captain), T. Armstrong (Vice-Captain), M. Beard, M. Bothwell, C. Duncan, B. Fitzpatrick, G. Glasgow, D. Gleeson, N. Harris, P. Kelly, R. Mountfort, E. Paul, C. Radford, I. Ross, J. Watson, G. Waugh, T. Wills, R. Wilson, R. Wilkinson.

The team often was below full strength, but it nevertheless played some excellent defensive games, particularly in the first match against Onewhero. There was plenty of evidence that the boys will improve with more experience.

Matches played 11, won 2, lost 9.

The 4th Grade team, which won the Inter-Schools' competition, was represented by :

K. Thomson (Captain), R. Whittle (Vice-Captain), B. Alexander, N. Allen, W. Allen, R. Bennett, D. Cato, G. Chitty, P. Cole, A. Edwards, D. Francis, R. Hodges, J. Irving, L. Lukey, L. Mitchell, A. Newport, C. Shaw, K. Taylor.

As a team, and as individuals, these boys played Rugby of a standard which will surely qualify them for places in higher-grade teams in the future.

Competition results :

	1st Round	2nd Round	3rd Round
v. Pukekohe	won 9—0	won 5—3	won 19—3
v. St. Stephens	won 9—0	won 14—0	won 12—0
v. Waiuku	won 20—0	won 34—0	
v. Pukekohe Primary	won 28—0	won by default	
v. Wesley "A"	won by default		
v. Wesley "B"	won 41—0		

Points for, 191; points against, 6.

Non-competition matches:

v. Henderson High School	won 6—3
v. Huntly College	won 25—0
v. King's College 5th Grade	won 25—0

The 5th Grade team, of boys under 7 stone, which played in the Ardmore Junior Boys' Group, was represented by :

G. Collecutt (Captain), F. Grogan (Vice-Captain), P. Ashby, R. Bell, C. Blank, I. Brash, M. Bruce, B. Frazer, R. Frazer, D. Glasgow, R. Herkt, B. Hobman, G. Hunt, S. Jameson, R. Lorenzen, A. Newell, L. Simpson, R. Street.

The only defeat suffered by the team was in a practice game against the Roller Mills, an 8-stone (primary schools') team. We are grateful to the Junior Boys' organisation for allowing us to play because with no secondary schools' 5th Grade competition, we would not have been able to enjoy Saturday football.

Competition results were as follows :

	1st Round	2nd Round
v. Manurewa	drew 0—0	won 9—3
v. Papakura	won 33—0	won 12—0
v. Ardmore	won 37—0	won 9—0

Points for, 100; points against, 3.

Non-competition matches :

v. Hamilton	won 14—0
v. Kelston High School	drew 6—6
v. Henderson High School	won 23—0
v. Roller Mills Team	lost 0—9

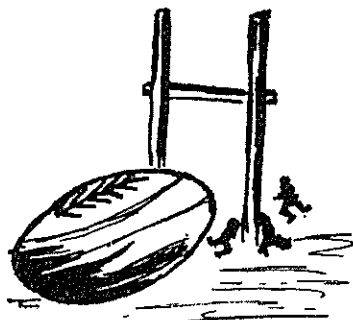

TABLE TENNIS

Papakura High School entered three boys' teams and two girls' teams in the first Franklin Secondary Schools' Table Tennis Tournament, held at Pukekohe on 21st September.

The boys' "A" team played well to win their section but went down in the semi-finals to the powerful Wesley "A" team, the eventual winner.

In the girls' competition, the Papakura "A" team won the championship remaining unbeaten after its six matches.

The "A" team members were:

Girls—J. Goertz, L. Schou, N. Hill, A. Middleton.

Boys—T. Neil, A. Traill, B. Aston, G. Collecutt.

GIRLS' HOCKEY

Greater numbers of Hockey players this season enabled three teams to be entered in the newly-formed Secondary Schools' Division of the Auckland Ladies' Hockey Association.

These teams were:

Open A—Ngairé Hughes (Captain), Marcia Irving (Vice-Captain), Marie Blundell, Gloria Bremner, Jeanette Cleaver, Beverly Goertz, Wendy Johnston, Raewyn Lawson, Gael McInnes, Noeleen Shanks, Shirley White, Joanna Zinzan.

Open C—Jocelyn Goertz (Captain), Lorraine Bethune (Vice-Captain), Elizabeth Callis, Robyn Dittmer, Gael Hesketh, Rachel Merry, Mary Siddle, Violet Simpson, Diana Taylor, Anne Thomas, Janice Williams, Margaret Robertson.

Intermediate B—Julie Steel (Captain), Cherril Downes (Vice-Captain), Maureen Franke, Joan Gibbons, Helen Jackman, Judith Macgregor-Hay, Raewyn Mansell, Margaret Mawhinney, Anne Ruthe, Shirley Sewell, Willy van Wijk, Nola Waugh, Dianne Young.

These teams played creditably in spite of having to face stronger opposition than they had hitherto met. At the Inter-Secondary Schools' Tournament conducted by the Auckland Ladies' Hockey Association, the A team played well, to reach the finals. During the season several girls attended lectures on umpiring, and proved to be efficient umpires when called upon.

As well as taking part in the Saturday competition, the teams exchanged visits with Henderson High School, Kelston High School, Thames High School, Huntly College, Ardmore College, and Seddon Memorial Technical College.

Results of these matches:

A team:

v. Henderson	won	1—0
v. Kelston	drew	2—2
v. Thames	lost	0—3
v. Huntly	won	3—0
v. Ardmore	lost	0—2
v. S.M.T.C.	won	1—0

B team:

v. Thames	lost	2—3
v. Ardmore	lost	0—3

GIRLS' FIRST HOCKEY ELEVEN

Back Row : Miss E. I. Wright, J. Zinzan, W. Johnston, B. Goertz, M. Blundell, G. McInnes.
Front Row : J. Cleaver, N. Shauks, S. White, N. Hughes, R. Lawson, M. Irving,
G. Bremner.

BOYS' FIRST HOCKEY ELEVEN

Back Row : J. Foster, B. Ducker, W. King, L. Paver, Mr J. U. Macaulay.
Front Row : R. Palmer, M. Macgregor-Hay, C. Fitzpatrick, J. van Wijk, M. Barrowcliffe,
L. Walker, R. Campbell.

BOYS' HOCKEY

Once again this has been a highly successful season, especially for the First XI. Unfortunately, due to the shortage of grounds, the number practising on Wednesday afternoons had to be limited to sixty-five.

First XI players were :

J. van Wijk (captain), C. B. Fitzpatrick (vice-captain), A. M. Barrowcliffe, R. M. Campbell, B. E. Ducker, D. J. Foster, M. R. Macgregor-Hay, L. B. Merry, R. S. Palmer, L. M. R. Paver, L. T. Walker.
Reserves : W. A. King, A. Grout. Coach : Mr J. U. Macaulay.

At the beginning of the season the First XI was promoted to the "A" Section of the Auckland Secondary Schools' Second Grade competition. The players' enthusiasm led to the growth of a strong combination and the team finished the round with an undefeated record of seven wins and two draws. Unfortunately the long-awaited Second Grade championship final against the "B" section winners, Northcote College, resulted rather tantalisingly in a win by default. J. van Wijk and L. T. Walker were selected for the Second Grade representative team, the former also being appointed vice-captain, and C. B. Fitzpatrick was chosen as a reserve back. This team defeated Hamilton by 2 goals to 1.

The annual Seven-a-side Tournament was a very thrilling one this year, as our team, after defeating the three in its section, won its two semi-finals. However, it lost the close, hard-fought final against Kertigern's 2A by 1 goal to 0.

The climax to an eventful season was the trip to the N.Z.S.S.H.A. tournament at Hawera. The team won only two out of five games, but the defeats were all narrow ones and the experience gained was very worthwhile. Everyone had a very enjoyable time.

Competition results were as follows :

v. Auckland Grammar 2B	won	4—0
v. Pukekohe	drew	1—1
v. Auckland Grammar 2A	drew	2—2
v. Avondale	won	7—0
v. Otahuhu	won	6—0
v. St. Kentigern's A	won	2—1
v. Waiuku	won	1—0
v. King's	won	3—0
v. Mt. Albert A	won	3—0

Non-Competition Results :

v. Ardmore College	lost	1—4
v. Henderson	won	6—0
v. Thames	drew	1—1
v. Pukekohe	drew	1—1
	won	5—1

Tournament results :

v. Opunake D.H.S.	lost	1—3
v. Stratford T.H.S.	lost	3—5
v. Te Kuiti H.S.	won	4—0
v. Seddon M.T.C.	lost	2—3
v. New Plymouth B.H.S.	won	2—1

Second XI players were :

C. J. Marten (Captain), G. L. Stevens (Vice-Captain), P. M. Aickin, J. R. Allcock, B. R. Bunning, M. J. Cheadle, B. R. Denton, M. D. Hayes, I. M. Keals, K. McSweeney, H. R. Marshall, G. J. Webb, R. A. Williams, J. B. Woodcock. Coach : Mr W. B. Aston.

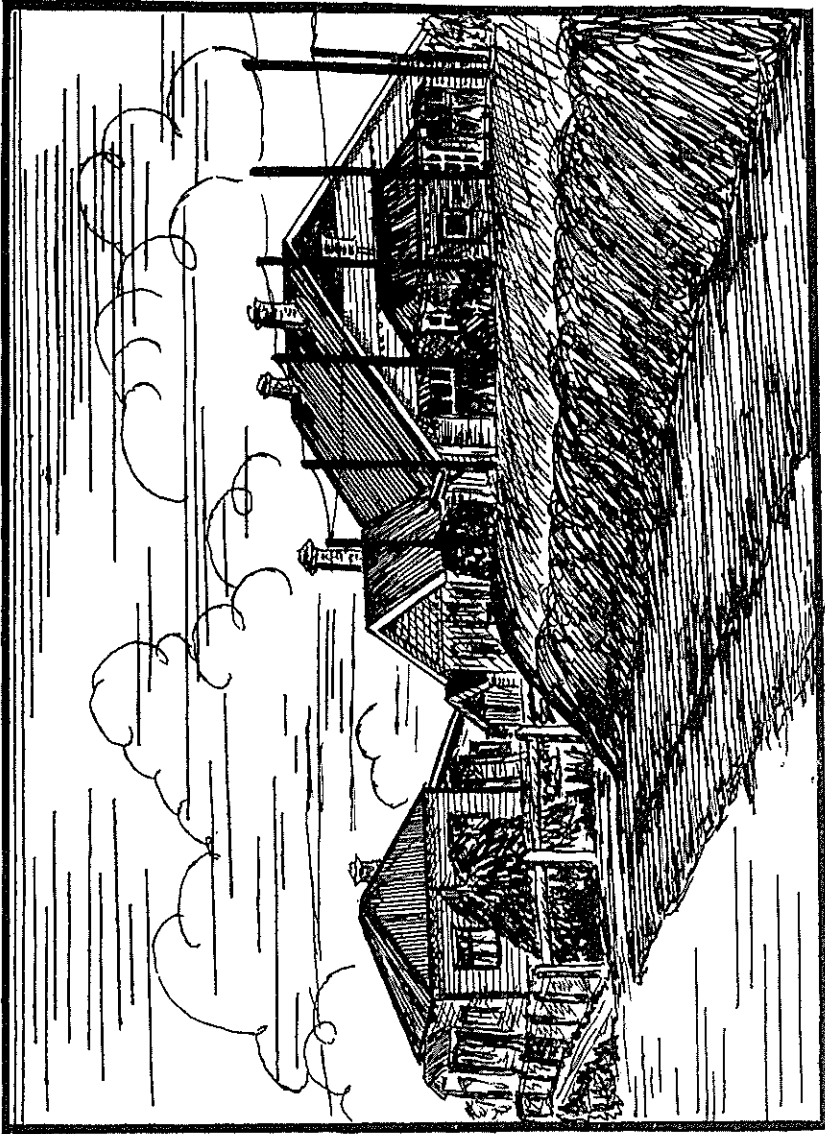

Though they finished the season with a record of only 1 win, 1 draw and 7 losses in the Auckland Secondary Schools' Third Grade "A" Section competition, the Second XI gained useful experience and only lost narrowly on several occasions.

However, the team showed excellent form in the annual Seven-a-side Tournament, recording four successive victories to reach a semi-final, which was lost to Auckland Grammar 3A by 2 goals to 0 after a hard battle.

CINDERELLA OF TODAY

Do you see that house ahead, in the modern housing unit? There were once three sisters living in it. The two eldest were very vain and snobbish, and, hoping to impress their few friends, they began to take night classes in psychology.

Unfortunately for the youngest, her older sisters tried to apply their amateur psychology to her upbringing. One of their many ideas was that Cinderella should do all the housework and another was that evening entertainment was bad for the morals.

One night, after she had seen her sisters off to the Annual Skating Ball, Cinderella heard the front door-bell chime. Opening the door she saw a fat little man who beamed at her, saying :

"Excuse me, but are you Miss Cinderella Smith?"

"Why, yes," answered Cinderella, "and who are you?"

"I represent the Nationwide Recording Company," said the little man, "and I have wonderful news for you. Your letter to my company telling us, in not less than two hundred and fifty words, why you like our latest disc, 'Moaning in the Gloaming,' as recorded by that idol of our fans, Pelvis Esley, has won first prize!"

"Why, of all the crazy things!" gasped Cinderella, tottering backwards and collapsing into an armchair.

"And, of course," continued the little man, "you have won the Pelvis Esley dance dress and his life-size luminous picture which will glow for an hour after your light has been switched off!"

Cinderella looked, as the Nationwide representative expressed it, the "most" in the dress. Her long drooping hair and modern slouch set it off to perfection. She realised that she could now go to the Skating Ball and, after posing for camera shots and signing several documents she was off.

It was only when she reached the ticket-seller that a horrible thought struck her. She had no skates.

"Your problem is solved!" said the ticket man when she explained. "You may hire some here, but they must be back by twelve."

Cinderella had a wonderful time that night. Even the manager's son, who could tie a two-inch knot in his tie and had a thirty-two inch long coat, took an interest in her. By the time they reached "Roll 'round the Rink," a new skating number, the other skaters were green with envy.

Suddenly Cinderella caught sight of the hall clock. It was twelve o'clock. She must go! Without so much as a "See you later, Alligator," to her partner, she rushed down the entrance steps, dropping one of her skates as she went.

The manager's son was, as his favourite song put it, "all shook up," when he discovered that she had gone. He determined to find her.

Early the next morning he put on his best black denims and roared off on his motor-cycle, carrying the skate. Cinderella had

told him that she lived in the modern housing unit and he hoped to find her by making all the girls in the block try on the skate. However, it was an exasperating task and by the time he reached Cinderella's home he was very hot and annoyed.

The two eldest sisters tried on the skate, but, as it was a large nine, it did not fit either of them. He was about to leave, when Cinderella, who had been hard at work polishing the refrigerator, came in.

At the sight of her beetroot red face and fashionable skirt hanging down past her knees his heart leapt.

"Try on this skate!" he cried.

It fitted beautifully.

Naturally, Cinderella's sisters were very annoyed about this, but as usual, true love triumphed, and she married the manager's son. Today you may find them living in a housing block some streets away from Cinderella's former home with only six years to go before the furniture instalments are paid off. They often fondly regard a large roller-skate in a glass case (next to the green china dwarf) on the mantelpiece and remember their exciting courtship.

MANUKAU HEADS SIGNAL STATION

Last June my brother and I made a trip up to the Manukau Heads' signal station, where our uncle is signal master. The journey, about seventy miles, took two hours in our baby Austin. Although the road was fairly rough, the little car stood up to the trip remarkably well, and we arrived in time for lunch.

Domestic life goes by quietly at the station but Cyanide causes trouble at times. Cyanide, by the way, is a kitten. Every article and animal has a name, but not all of them are complimentary. Myrtle and Gertrude are hens, Strychnine is the dog, and the ancient car is called Gargoyle.

The wind is forever blowing, and the seeds which my uncle planted are, so he says, down at Mt. Egmont, which can be seen peeping up out of the sea.

From the sun porch, where we sat to rest after our journey, we could see the fishing boats moving up and down the harbour like small insects eight hundred feet below us. The bar, which is formed by the silt carried out by the tide to meet the stormy Tasman, is about five miles off shore. Although in a heavy sea this can be treacherous, the main hazards to shipping are the mud-banks which build up at the entrance of the harbour. These have to be sounded every six months because the channels which are left between them are forever shifting. During the day, ships are directed by radio, and at night helmsmen steer by two beacons.

While we were at the station, we changed the bulb on the front beacon. This beacon is about forty-five feet high and the icy wind whistles through the wooden framework. It is one of the beacons the ships sight on at night.

At six o'clock, morning and night, radio contact is established with the various fishing craft, and weather reports are sent out to them. The station is equipped with alarm bells, an electric generator which switches on automatically if the main power should fail, flares, an aldis lamp and a seventy-foot high metal tower with a cross-bar for hoisting code flags. Most of these are not used very often and are only safety devices. The main means of communication is radio. So that now, if a vessel obeys orders, the chance of an accident is slight.

During the two days we spent at the station we had plenty to do. Besides domestic chores there were marvellous views to look at and photograph. When we returned home we had pleasant memories of our stay at the Manukau Heads.

AMBITION

I really swot, my brains to tease
With French and Science and the rest;
Expect Exams to pass with ease;
Feel confident to pass the test.

Alas, my scanty wits take flight,
My heart sinks with a flutter;
So much for oil burned late at night,
Now what for bread and butter ?

Perhaps I'll sail around in ships,
Or drive a tractored harrow,
Or put the grease in fish and chips
And sell fruit from a barrow !

THE MYSTERY OF X

X is a most mysterious and secretive creature which is generally formed by the diagonals of a rhombus, without any rhombus around the edge i.e. X, but as this, according to our maths teacher, can be mistaken for another equally mysterious creature, the multiplication sign, it is insisted upon in the best algebraic circles that X may be represented by 2 C.'s, one of the C.'s being reversed to make X. Therefore, X can sometimes equal 2C.

Now we have worked out the tricky process of putting X on paper we will study its habits. It usually haunts a much loved look called "School Certificate Algebra," but it sometimes likes a change and equals the sum of the ext. Ls of a polygon or the base Ls of an isosceles triangle. Indeed X has many occupations. It can equal A plus 2AB plus B or (A minus B)² or $V - \frac{V}{2}$. In fact, it can equal almost anything on earth. You can track down the meanings of X in many ways, called formulae, which I won't even attempt to describe because if I start, as many poor innocents have done in the past, it would take X² (years) of wanderings through School Certificate Algebra.

If you delve far enough into the depths of this book you will find the answers in the back. These will help you a lot if you can manage to convince your maths teacher that you are a mental genius. But maths teachers have thought of a way, called Method, to stop students from copying answers from the text book.

The mystery of X is still a problem, even to the best mathematicians. Anyway, if you do eventually find out the mystery of X, it will probably equal Y and you are back where you started from. So why try ? It's just a waste of time.

PRELUDE AND PEACE

It was stuffy, deadly hot! The old woman sat on the verandah weaving rattan cane. In and out, in and out incessantly. The pale blue and pink merged to form a background for the apple green.

In the distance the lutes hummed, transferring the oppressive, suffocating heat into harsh, jagged sounds, distorted and shrill. The native women chattered volubly, as though their voices could replace the twittering birds, usually noisy, now quiet, for the dire feeling of foreboding had communicated itself to them.

The woman dropped her wicker-work and wandered aimlessly around the bungalow, noting the native maid straightening her hair with irons, pacing nervously up and down. She turned on the radio but the jangled noise, symbolising another world, irritated her stretched nerves. Switching it off, she retreated once more to the verandah and the half-finished basket and frantically wove in and out. Later as she stood in the doorway and surveyed the work, she gasped in dismay. Was that threatening, garish purple and harsh sulphuric yellow part of the original design? She had captured some of the sultry heat in the basket!

She retreated to the kitchen and viewed the thermometer lifelessly. One hundred and two degrees. There was not a breath of air. The vine outside the window hung limp and lifeless.

Then with fury, it broke. Dark, heavy, threatening clouds gathered in minutes, hovering heavily, and soon the thunder rumbled and roared in the distance. Lightning flashed vividly with an angry flourish in it, and the clouds grey and thunderous, let flow their life blood.

She retired to bed, watching nervously out of the glass. Lightning was continual now and the whistling wind shriled around the house. Then she rose to close the windows as rain was beginning to beat the walls, and, as if waiting for a signal, a shattering clap of thunder burst from the sky.

Forked lightning rent the clouds, and the sky clapped again in consternation.

As the day ended there came a welcome lull in heat and the storm, having spent its power, abated, leaving only the faint patter of rain to break the silence.

The storm had come and gone and left cool, sweet air. The old woman started weaving in and out, the canes being green, sweet green, and earthy brown.

THE IMPORTANCE OF BEING EARNEST

A tall man, strikingly dressed in a blue suit, knocked at the door and when it was opened by a tired-looking housewife he solemnly raised his hat.

"Good morning, Madam," he said with only the ghost of a smile.

"Good morning," she snapped.

"Please be calm, dear lady," he solemnly replied. "You are, I suppose, the fond mother of a little girl?"

"No. I have a boy."

"About this high?" He indicated with his hand.

"That's right. He is seven. But what has that got to do with you?"

"Just remain calm, Madam. Everything will be all right. Only keep calm."

"Will you please tell me what is the matter?" Her voice was rising in frustration.

"I suppose your little son went to play this morning?" His manner, if anything was morbid.

"Of course, he did. He always goes to play in the morning. But . . . !"

"Did you realise that there is a railway crossing at the bottom of the next street?"

"Don't be so silly. I haven't lived here all my life for nothing." There was a definite trace of impatience in her voice.

"Keep calm, Madam. Keep cool for your son's sake."

"What has happened? Where is my dear boy? Tell me. Oh, why don't you tell me?" She was immediately distracted. Deep anxiety replaced her former disinterested impatience.

"Madam, this morning as I crossed the railway line I saw a little boy playing on the track." He respectfully touched his hat. "As I watched he seemed to . . ."

"Quickly! Tell me!" Her voice had dropped to a whisper. Her face had gone a deadly white. She was wringing her hands. "Tell me the worst," she implored. "Is he . . .? Did he . . .? Oh, I can't bear it. Please tell me what happened."

"Keep calm, Madam. He seemed to be . . ."

The poor soul was leaning on the door, waiting, waiting to hear the worst . . . "covering himself with oil and here . . ." with a deft movement he withdrew a small bottle from his pocket, "is the best known product in the world for removing oil stains. In fact, stains of any sort are readily . . .!"

There was a broom behind the door and with a swift movement she had knocked his hat over his eyes and with a second blow he had hurriedly backed out of the gate and was running down the street. As he looked back he saw her standing there, like a character from ancient mythology, threatening him with her weapon.

"I MUST GET RID OF IT . . ."

"I must get rid of it" is an extremely common phrase. For example, I have often heard my parents say it when referring to colds, ironing, junk, old clothes and empty tins, but never about money.

Whenever my father has a cold, he coughs and wheezes, exclaiming that he must get rid of it, because it is making him feel like Methuselah. We all know that he means it when he begins to deny himself a few outings and when he starts to rummage in the medicine cupboard. However, there are times when he vows and declares that he will get rid of something and yet he makes no move to do so for months. That something is junk, old tools, stacks of magazines, boxes, sacks and old furniture. For ten years now, I have heard him say the same thing about the same lot of junk and for ten years he has done practically nothing about it. Some people are funny that way—they know they ought to throw away things that clutter up the place, but they have not got the heart to do so, always clinging to the hope that it might come in handy some day.

Now, my mother is just the opposite. She has a regular spring cleaning and absolutely everything is turned upside down, re-arranged or thrown out. She gets rid of these articles either by giving them to CORSO or to the Church. In a way this is a good thing except that I am always co-opted to help her!

I, myself, find no pleasure at all in getting rid of things unless they are unpleasant. To me, getting rid of something always involves a lot of work. Colds involve avoiding puddles, making hot lemon drinks and using numerous handkerchiefs; cleaning up junk involves much muscle power and patience; getting rid of clothes involves much thought and getting rid of ironing is just too tiring! Yet, however much work these things include, people still say: "I must get rid of it."

MEASURE FOR MEASURE

It was the dead of night. The stars appeared as a haze through the veil of mist and the moon was shadowed by the clouds which were racing across the sky. The thunder echoed and re-echoed throughout the hills, rolling along until, with gathering momentum it deafened all other noises. The lightning flashes lit the sky in their erratic brilliance. The wind howled through the trees, tearing at the leaves and leaving turmoil in its wake. Giant undulations of the sea crashed against the cliffs on the rock-bound shores and torrents leapt from the hillsides. The hailstones fell like leaden balls, piling up in little mountains against the lee of the house. All the elements of the storm were in wild and merciless confusion.

The murderer sprang from his sleepless bed—vengeance in his mind, murder in his heart and the weapon of destruction in his hand. The thunder growled with deeper energy, the lightning flashed more vividly and the wind howled with greater ferocity. The wild fury of the outside world did nothing to soothe the stormy passions of his soul.

He grasped his weapon with a stern, steady hand. An evil smile lurked on his lips. He clenched his teeth, raised his arm and with a sharp cry of triumph he leapt and mercilessly killed—a mosquito.

BAU

In the August school holidays of last year I went with my family to stay with some friends in Fiji. While we were there we visited Bau Island. This is the home of the Cakabaus (pronounced Thakambaus) who used to be the ruling chiefs of the Fijian Group, and it is necessary to obtain special permission to visit the island.

We reached Bau Island after being poled across about a mile of shallow water by an old Fijian, who used a long stout bamboo pole. Bau Island is situated off the south-eastern coast of Viti Levu, the main island in the Fijian Group. From the distance it appeared as one would imagine a tropic isle to look—a mass of green with coconut palms outlined against the blue sky. We pushed the boat up on to a tiny rocky landing place and anchored it by tying a rope around a coconut palm growing by the water's edge.

We walked through the trees to the chief's house and were welcomed and shown around the island by his son, a handsome young man, barefooted, and wearing white shorts and shirt. The island is only a few acres in area with a hill on one side. Near the top of this hill in the middle of a clearing we saw the tombs of the Cakabau family.

The village green is in the centre of the island. At practically any time except when school or church is in, children can be seen romping and playing there. The boys and girls look much alike because the girls have their hair cut short and dress very like the boys. At one end of the green is the village church where the whole community gathers on Sunday. The Fijians have beautiful singing voices and are never accompanied. An interesting feature of the Bau Methodist Church is that the baptismal font is a hollowed rock which was used for sacrificing human prisoners in heathen times. Another reminder of heathen times is a tiny island just off Bau where prisoners were fattened up before being killed and eaten.

At the other end of the green is the meeting house on a platform of coral rock brought in from the reef. This building is in the same style as the dwellings but much larger. The floor is covered with matting woven from the pandanus palm and on the floor is the kava bowl, made from a section of the trunk about eighteen inches or more in diameter. It had fourteen legs carved in one piece with the bowl.

For a kava ceremony everyone sits on the floor and the kava drink, which is made from the dried beaten roots of the kava plant soaked in water, is served in a polished half coconut with great ceremony and handclapping.

Scattered among the trees are the houses—most of which have a thatched roof and walls, but others have woven bamboo walls, thatched on the inside. Around the houses are coconut palms and bright red poinsettias, also breadfruit, banana, paw paw and mango trees. On one side of the hill are the gardens, where a variety of native foods, tapioca, dalo, egg-plant and yam grow.

We could have stayed much longer on this delightful little island where everybody was carefree and happy, but, unfortunately it was time to return to the mainland. There was the old Fijian waiting patiently to pole us back, and we had, reluctantly to join him.

THE MILE

The mile race has always been a central feature of athletic meetings in British countries, probably because it is such an exacting test of speed, stamina and sound judgment in training and racing. However, the general public only hears of the performances of national and international runners in most athletic events. But there are many, very many, other winners who have never had their names before the people. Nevertheless, they feel as though their own names stand out in the history of athletics.

I once had the same feeling. Ever since I was a very small boy I have dreamed, like many other small boys I suppose, of one day becoming a champion footballer, cricketer or athlete. When I began High School I discovered, during the winter season when we used to run around the block every physical education period, that I had a very long stride for my size and age. I also found that I could run longer distances much more easily than many of my classmates. Gradually, and not without effort, I reached basic fitness, being placed second or third in the school sports for two years in the half-mile and the mile.

At the beginning of last season the feeling of "wanting to get really fit" overtook me and I trained hard, practically forgetting at the beginning of the school year the presence of homework. I did some, but the very bare minimum. From half an hour to an hour was spent on training almost every night, with the result that in my spare time I could not help yawning. My feelings were very mixed. I knew that my fellow competitors were fairly fit and some of my performances were very discouraging. A feeling of hopelessness crept over me.

For two days before the sports I did practically no training but rested as much as possible. The half mile had been held two or three days earlier and in that I had managed to come third. I was very pleased but wanted to concentrate on the mile. The night before was sleepless. I was extremely nervous and the thought that somebody had to come last did not improve matters.

In the morning I had very little to eat and by one o'clock was shaking like a leaf. At a quarter past one we were ordered to our marks and with the crack of the starter's gun all tension and nervousness vanished and my concentration was on the race. I had thought out my tactics dozens of times before and carried them out as I had planned.

A faster speed at the start to use up surplus nervous energy and enable breathing and blood circulation to reach their most efficient rate of working as quickly as possible, helped me to keep a good position throughout the race. A runner confident of his ability to sprint at the finish may allow others to lead, but as I am not a good sprinter I kept near the front and to the inside of the track. It is impossible to describe the thoughts which pass through one's mind in a race as long and tiring as the mile. Half way round the second lap I took the lead. My long stride was valuable here, as I managed to maintain a lead of ten to thirty yards for the rest of the race until I had crossed the tape, finding it hard to believe that I had really won! All my time and labour, spent in training had been successful! I had won! A new record had been established and, to me, my name was not much less notable than Roger Bannister's!
