L. Saunders, M. Cox, K. Douglas, M. Anderson, N. Whitehead, Girls: -M. McAnnalley, M. Woods, E. Paulger.

Sick Bay Attendants.

A. Manssen Boys: -Girls:-

J. Thompson, D. Middleton.

Pound Keepers.

M. Wright, A. Roberts, J. Munro, K. Shearer, Girls:-S. Sara, L. Jenkins, L. Bogle.

FOREWORD

Your School Magazine this year appears in a new format because the cost of the orthodox method of production has risen so steeply that it is now almost prohibitive. The secondary school magazine is very much a tradition which we would all be loath to see go. As each volume of your school magazine appears it gives in permanent form a year of the school's history. Here you have a record of the school's academic and sporting activities, the names of those who were your class and team mates, and the varying events which went to make up a very full year.

The original work in literature and art in your magazine reflects how education develops through the years and adjusts to new social demands and conditions. A budding Minhinnick could find a place for his cartoons in a school magazine today. It is doubtful if his efforts would have been acceptable in his own school days. Similarly a comparison between the prose and poetry articles accepted for a school magazine twenty or thirty years ago with those accepted today shows how far original writing has been developed in today's secondary school.

Your School Magazine is worth keeping along with your choicest books. Its value will increase as the years go by. To look back in twenty or forty years' time over those volumes which represent your years at Papakura High School will we hope recall a worth-while part of your life, pleasant associations and happy memories of your friends.

Our thanks for this volume are due to Mr. R. G. Hardie and all those pupils who co-operated with him in the effort to produce a worthy record of a good year's work.

ACKNOWLEDGEMENTS

The Editor wishes to convey his special thanks to Priscilla Edmunds and to P. Gibbs who gave great help in preparing the Magazine for publication, the former being responsible for preparing the copy for the printer and the latter providing the cover design and many of the illustrations. Thanks is also due to all others who provided reportages, articles and illustrations.

R.G.H.

Papakura High School Magazine.

Volume 8 December 1961.

EDITORIAL

Today we hear much criticism, especially from the arts specialists in the educational bodies, of the uncultured scientist, who lives for science alone, without being interested in the arts or the humanities. While it would be pointless to deny that the problem of the uncultured scientist exists, there is an even graver problem which is conveniently forgotten - the problem of the student of the arts who has no knowledge of science.

Through the centuries art and science have evolved together, and overlapped in the realms of philosophy. Today however, owing to the disruptive effect of the industrial revolution and to the growing complexity of science, art and science have become almost completely divorced from each other. Because the artist, by virtue of his occupation, expresses himself more often than the scientist. he has much greater opportunity to berate the scientist for not attempting to bridge the gap between art and science than the scientist has to berate the artist. As the artist has been virtually unchallenged in his criticisms of the scientist he has let his enthusiasm for his art to persuade him that art is somehow a more praiseworthy and more essentially human activity than science. To illustrate this viewpoint he will refer to the primitive cave paintings - forgetting, of course, that the first man to investigate the sticking of natural pigments to a cave wall was really a scientist - or he will indicate the intricate structure of a classical sonata - not realising that beautiful mathematical structures of Newton and Einstein also exist. Since he has no knowledge of science he does not realise that science has its own set of aesthetics in the same way that art has. He extols Latin for its disciplinary values, forgetting that mathematics demands even more mental discipline. These one sided views on the part of the artist are owing to his inability to realise that art and science deal with the same problems, except that art approaches them from a subjective viewpoint, while science approaches them from an objective viewpoint.

In a scientific age it is assumed that the scientists control the practical applications of their discoveries. This, however, is not generally so. Scientific discoveries are directed and controlled by a controlling body, whether a government or a Board of Directors, which is generally comprised mainly of non-scientists. The person trained in the arts can therefore, still exert a considerable amount of influence, both direct and indirect, in the practical applications of science. If he does not understand science he forfeits this control and lays the way open for the misuse of science. Also, in his everyday life, how is he to assess the scientific claims made for various commercial articles if he has little scientific knowledge? A basic knowledge of science is very important to the artist if he is to have control over, or understanding of, our present scientific civilisation.

Although it is probably more difficult for the artist to gain an understanding of science than for the scientist to gain an understanding of art, by arranging his educational course, the prospective artist can gain some basic grounding in science. There are also many excellent books explaining science which a reader of average intelligence can follow with a little application.

A basic knowledge of science is very important to the student of the arts if he is to exert a proportionate amount of influence in modern every day life. Any arguments of art not needing science are pointless. Unless the student of the arts takes some interest in science, much of the responsibility for the misuse of science which at present rests on the shoulders of the scientists, will come to rest on his own shoulders.

S. Laird, 6A.

PRINCIPAL'S REPORT

PRIZE GIVING DECEMBER 8th 1960.

In presenting this report for 1960 for the first time since the establishment of the school I have to record a fall in the school roll. The March 1st return for 1959 was 783, this year it dropped to 753. The opening of Manurewa High School gave much needed relief.

EXAMINATION RESULTS: The school has every reason to be satisfied with the external examination results. In the University Scholarship Examination 3 pupils were placed on the Credit List. In the University Entrance 25 pupils were accredited; 17 were granted Higher School Certificates and 36 Endorsed School Certificates. In the School Certificate Examination 79 passed, a percentage pass of over 60. This is the best School Certificate pass the School has had and all the more creditable in that no barrier is placed against pupils taking the examination in their third year.

The School has taken a full part in the South Auckland SPORTS: Secondary Schools' Association and also in the Auckland Girls' Intersecondary Schools' Sports, where Papakura girls won the Junior Grade in the Athletic Sports in competition with 22 other schools, and in the Auckland Secondary Schools' section of Basketball, Boys' and In football we had this year to build up a 1st XV from Girls' Hockey. inexperienced and yough players. In matches won it was not as successful as our 1st XV's of previous years. The same can be said of our A Basketball team but despite its youth and inexperience it maintained its In Hockey it was good to see the position it the Championship Grade. girls! team revitalized and holding their own with other schools. boys' Hockey teams did very well in the Auckland Secondary Schools' Section coming first equal in the Second Grade Section. Secondary Schools' Section at Napier they won two of their four games, defeating Hastings High School and Takapuna Grammar School. South Auckland Cross Country the School came first in the Senior and Intermediate races and second in the Junior. In tennis the Girls' teams won the Intermediate and Senior titles and in Table Tennis won all titles. In Cricket as in Football the coaches have had to build up a 1st XI from young and inexperienced players. The boys have done very well and in a year or two we should have again a very good 1st XI.

EQUIPMENT OF SCHOOL: This has been added to quite extensively A new electrically controlled this vear. Gestetner was bought and has proved its worth in labour saving. of class readers, particularly for those pupils who are backward in reading have been purchased. Over £300 has been spent on books for the Library. The main addition to the equipment of the school is the Concert Grand Piano which you can see and have heard. excellent instrument and before we bought it had had little more than 12 The Vocational boys as part of their practical work have built a kitchen to service any socials or Parent Teacher functions we have in the hall. Under Mr. Marshall's guidance they have modified the room so that it can also be used as a canteen.

It is the well established custom at the Prize Giving Ceremony for the Principal to speak on some facet of education which changing conditions have brought to the fore. Certainly in this period there is no lack of important problems which are calling for solutions. The shortage of teachers is the immediate problem facing the country and I am convinced that the situation has deteriorated to a degree where very little can now be done to help it. Your children for the next decade will have to suffer in varying degrees from not getting the education that you want for them and an education from which they are capable of profiting.

The matter I do wish to speak briefly on, on this occasion is the steady infiltration into our society and so into our schools of what I consider to be the less desirable influence of American Very broadly one might say the British tradition and the tradition which in large measure we adopted in New Zealand was to delay transition into adult life - the growing school boy or girl was called upon to undergo a long and a demanding apprenticeship before admission into adult status. American tradition developed along different lines - to encourage self expression, to learn by experience, in the belief that the developing boy or girl would make the transition into adult life without inhibitions or undesirable complexes. It is not surprising that American educationists who visit our country are jolted when they enter a postprimary school to find the pupils all dressed alike in the school uniform. Reactions vary from the mild criticism to the outspoken condemnation. This wearing of a school uniform to them is the imposition of a dull uniformity - it denies personal freedom - it is the mark of authoritar-These criticisms have been given support by a section of the public and it is not uncommon for letters to appear in the correspondence columns of the newspapers condemning the wearing of school uniforms. This movement can grow and you as parents may see in the not far distant future your teenagers going to their High Schools dressed, the boys in jeans or stove pipe trousers and floral shirts and the girls in matador I feel parents should be aware of the outfit and liberal make-up. The adolescent period standards of which the school uniform is a symbol. of development is one in which the need to belong to a group is very strong. The urge to be with group is really an expression of their emotional and They are moving into adult life, which is a new and social insecurity. at times frightening experience. The brashness, the assumed over confidence are usually attempts to hide lack of confidence. Naturally the school is one of the places where this urge to be in a group can be fulfilled and with compulsory attendance at school up to the age of fifteen the school is one of the most important of youth organizations. the school the children will form minor groupings based on age, courses taken, forms they are in and perhaps most important similarity of interests but over all of these is the major group - the school. What the school stands for in spiritual values, academic values and general social values will dominate from 9 a.m. to 4 p.m. each school day, it will dominate whilst they are travelling to and fro to school, when they are on the sports field - it will dominate whenever they are in school uniform. It places on the adolescent values are set high, the uniform will level up. the responsibility of upholding what is best in the school, because that is It is the symbol or should be of the group to which he or she belongs. I am convinced that disciplined behaviour, of directed work, of fair play. our young people, with few exceptions, want to work to high ideals. They may criticize the standards you set, but if properly handled they will accept those standards and work to them. They will very often try to break through the barriers we appear to set up because they attribute to adult life a freedom which we as adults know does not exist. This desire to be completely free is normal, natural and to be desired, but if letting them go free involves a betrayal of standards they will sooner or later Our High Schools in New Zealand have established good despise us. Now that all must go to a High School and selection has reputations. disappeared we must show that the reputation of the past was not The standards demanded which gave based on selectivity alone. this worthy reputation are under attack, not by the pupils but by a section of the adults. You who value the worthwhile in our British heritage must beware that they are not piecemeal gnawed away by those to whom tradition and worthwhile standards mean nothing.

Next year sees the establishment of an Intermediate School and the end of the direct contact between the primary schools and us. One cannot but regret this, as our relationships with the contributing schools have been very happy. The staff and I would like to

pay tribute to the standard of work achieved by the pupils who have come to our third forms. Mr. H. Cox, as Headmaster of the Normal School has given an excellent leadership in primary school work in this area. He was never carried away by the frothy parts of the new education. He took from it only what was basically sound and his leadership in this has shown itself in the pupils who are now at High School, out at work or at University. To Mr. L. Davies, of the Central School who is retiring may I express our thanks and our good wishes in his retirement.

PRIZE-GIVING CEREMONY, 1960.

The annual prize-giving ceremony was held in the There was a large and Assembly Hall on the 8th of December. representative attendance of parents and friends of the school. After the Chairman of the Board of Governors, Mr. C. C. Mansell, had welcomed the visitors; and the Principal, Mr. A. J. Campbell, had delivered his report, the school sang "O Leave Your Sheep" (a French Carol) and "Angels from the Realms of Glory" (French tune). address was given by Dr. A. C. Keys, Professor of Romance Language With wit and wisdom he exhorted pupils to at Auckland University. make good use of their opportunities at school to gain as wide an educ-For the more varied their interests and skills, the ation as possible. Mrs. C. A. Mansell presented the richer would their lives be. academic prizes and sports trophies. To conclude the ceremony the school sang "Go Forth with God" (Martin Shaw).

RETIREMENT OF MISS J. P. LINTON

All those teachers and pupils, especially the prefects, who in the past five years have had opportunity to be in close association with Miss Linton will be quick to realise how tirelessly she has worked for the good of the school, and how deeply interested she has been in the welfare of the pupils, particularly the girls. She will be missed very much by us all.

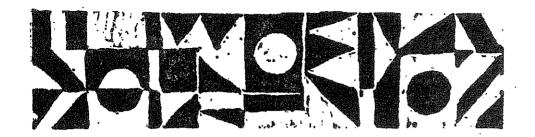

During her years as Senior Mistress the school roll has risen considerably, but the number of mistresses has not increased. There are only half as many mistresses as masters, and each year has seen some of the former leave to be replaced by newcomers. This has made Miss Linton's duties the more demanding, especially in preserving continuity in the high standards she set.

Her unfailing cheerfulness, despite her many duties, her wit, her courtesy, her thoroughness, her attention to detail, and her high sense of vocation will be the traits for which she will long be remembered with gratitude and affection. Pupils fortunate enough to have been taught Latin or English by her will recall with pleasure and appreciation the lessons she took. Setting high standards for herself, she has always expected from her pupils high standards of courtesy and of thoughtfulness for others. Perhaps many of us have not realised how much the school owes to her in the maintenance of worthy standards.

Most Saturdays have found Miss Linton attending some sports gathering in which our girls were participating. She has served on the executive of the Parent-Teacher Association, and been secretary of the South Auckland Post-Primary Schools Sports Association. For three years she was sole editor of the school magazine. It was she who arranged for the girls to provide and arrange the flowers that have added grace to the entrance hall and other social areas.

Miss Linton came to us from Henderson High School, where she was the foundation Senior Mistress. Her experience there fitted her admirably for her position here, and she has devoted herself to the advancement of the high aims set for the school in scholarship, in sport, and in community service.

Miss Linton, we wish you long life and much satisfaction and happiness in your years of retirement. You may have no English essays and Latin proses coming in to remind you you are a teacher by profession, but we are certain you will still seek ways to serve others. Papakura High School is the richer because of your work for it.

STAFF NOTES

DEPARTURES: In addition to the teachers listed in last years magazine, Mr. G. J. Wareing left to join the staff of Huntly College and Mr. H. Faessler, after two years in the Art Department, resigned in order to go to England. Mrs U. A. Peebles also resigned during the first term; as did Mrs Congdon.

MARRIAGES: Toward the end of January Miss M.R. Irwin became
Mrs. Tetley-Jones and on October 14th Mr. Hardie was

married.

NEW APPOINTMENTS: Seven teachers joined the staff in February Mr. M. C. McLellan, D.F.A., replaced

Mr. Faessler; Misses J.A. Cotton, M.A., and Miss Y.E. Hamilton, P.C accepted permanent positions; Miss F.A. Doherty took up a probationary assistantship; and Messrs P.K. Matteson M.A., B.Sc. and A.R. Poletti M.Sc. accepted relieving positions. At the end of the second term the latter left to take up his Shell Company Scholarship at Oxford.

Mr. D.W. Wilson M.A. and his wife were amongst a party of teachers from the United Kingdom who arrived by air via the Polar route on September 1st. Mr. Wilson filled the vacancy left by Mr. Poletti's departure. When Miss Hamilton resigned at the beginning of the third term Mrs. A.K. Etherington, P.C.T., agreed to relieve in the Commercial Department for the rest of the year.

We have appreciated the coming of these colleagues and hope they have been glad they came.

DEATH We were saddened by the sudden death of Mrs D. M. Snell in May. Mrs Snell had assisted us part-time during Miss Bruce's prolonged absence in 1960, and had proved a conscientious and pleasant colleague. We express our sympathy with her husband and family.

IMPENDING DEPARTURES: As the year draws to a close we face the regrettable fact that we are to lose the services of several valuable teachers, all of whom have contributed worthily to the life of the School, and some of whom have been on the staff for nearly as long as the School has existed.

Mr. D. R. Thurlow has been appointed first principal of Darfield High School, in Canterbury. The secondary department of the present district high school there becomes disestablished next year. In the class room, on the playing field, as a former careers leader as present head of the Social Studies department, and as one deeply interested in slow learners, Mr. Thurlow has almost become a tradition in the School. We congratulat him on his well-deserved promotion and wish him much joy and success in his new post.

Mr. D. Rockel, a foundation member of the staff, is leaving to take charge of engineering at Northland College.

At the time of writing it appears that at least seven other teachers will not be with us next year.

Mr. and Mrs. Aston expect to go overseas. Apart from his teaching especially of social studies, Mr. Aston will be remembered for his long association with school hockey and tennis. Mrs Aston has played a major part in developing the school library and has been careers mistress for two years. She will be missed as a teacher of senior classes in English and French.

Mr. Hardie is also travelling abroad; Miss Mitchell is returning to England; and Mrs Tetley-Jones is giving up teaching. Mr. Matteson's relieving position terminates in December.

Our thanks and best wishes accompany those who are leaving us.

We hope no others will have occasion to depart; for with an anticipated rise of about 100 in the roll we shall need at least three extra teachers in 1962, as well as ten replacements.

SCHOOL DIARY, 1961.

Term 1

February 1. 10. 15. 16. 23.	School opened with 757 pupils present. Prefects appointed. School Swimming Sports at Ardmore College Baths. School party attended a promenade concert in Auckland. South Auckland Inter-Secondary School Swimming Sports at Pukekohe. Old Pupils' Dance.			
March.				
1.	School roll 808.			
7.	School Athletic Sports preliminaries.			
9.	School Athletic Sports.			
21/22.	South Auckland Secondary Schools Tennis Championships			
25.	at Papakura High School.

16/19.	Post-primary Inspectors visit the school.		
24/27	Examinations for VI B.		
November			
15.	School Certificate Examination began.		
16.	Final third and fourth form examinations began.		
29.	School Certificate Examination ended.		
December			
6.	Annual School Carol Service.		
7.	Prize-giving.		
8.	School year concluded.		

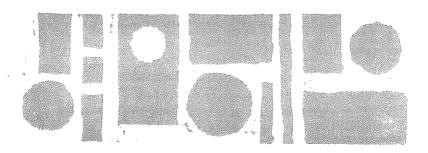

ANZAC DAY SERVICE.

As in the tradition of this School, Anzac Day Service was observed in our assembly hall, the address being given by a returned soldier on our Staff, and a prayer read by our Head Boy.

This year Mr. Rockel gave the address. He chose as his topic, the way in which ordinary untrained people, civil as well as military, during the adversity and trouble of war were able to work together as one entity to help each other as well as themselves. He spoke of various deeds - brave and unselfish and unrewarded - of which he knew. From these can be drawn the thought that if people can do so much under ghastly difficulty, it would be simple to work to one end in these days of plenty and peace.

P. Kelly read the passage from Ecclesiasticus Chap. 44 lines 1 - 15, "Let us now praise famous men" and the School sang the hymns, "Oh God Our Help in Ages Past," and "I Vow to Thee My Country."

The service ended with the School's singing the National Anthem and the playing on bugles (R. Miller and J. Seccombe) of the Last Post and Reveille.

THE PREFECTS' UNIFORM.

For the first time in the history of the school, it was decided this year that the prefects should have a different uniform from the rest of the school.

The girl's wear pleated black-watch skirts with white shirt-blouse, bottle-green ties, tan shoes, and nylon stockings.

The boy's uniform is a white shirt and bottle-green tie worn with charcoal-grey trousers, black shoes and grey socks.

GIRL PREFECTS' NOTES.

Pat Craig:

Theme Song: "Starry Eyed".

Ambition: To learn to jive.

Proposed Career: Undecided.

Probable Destiny: Professional Loafer.

Pastime: Dreaming.

Favourite Expression: "Gee, he's nice."

Priscilla Edmunds:

Theme Song: "Wooden Heart."

Ambition: To keep the Prefects' Room tidy.

Proposed Career: Secretary.

Probable Destiny: Sitting on The Bosses knee.

Pastime: Making J.W. do duties.

Favourite Expression: "Yes, Miss Linton.".

Gwenda Garlick:

Theme Song: "Where the boys are."

Ambition: To appear cool, calm and collected.

Proposed Career: Primary Teaching.
Probable Destiny: Being taught?

Pastime: Boys...boys...boys.

Favourite Expression: "When does this period end?"

Jackie Kevey:

Theme Song: "Wild One."

Ambition: To drop Biology.

Proposed Career: Primary Teaching.

Probable Destiny: Remaining a spinster???!!

Favourite Expression: "I'm tired".

Pastime: Recovering from "Saturday night and

Sunday morning."

Lyn Leadley:

Theme Song: "I'm getting married in the morning".

Ambition: To leave school.

Proposed Career: Occupational Therapy.

Probable Destiny: Being occupied.
Pastime: Writing letters.

Favourite Expression: "I beg your pardon Paul!"

Elizabeth Martin:

Theme Song: "I could have danced all night." Ambition: To play jazz on the grand piano.

Proposed Career: Pharmacy.

Probable Destiny: Washing other little bottles.

Pastime: Playing Arppegios in B sharp minor.

Favourite Expression: "She can just"

Sylvia Miller:

Theme Song: "Get me to the school on time."

Ambition: To get to bed early. Secondary Teaching. Proposed Career: Probable Destiny: Teaching (secondary). Pastime: Coiffure combing.

Favourite Expression: "I'm just not going to."

Marjorie Moncrief:

Theme Song: "Please don't tease." Ambition: To do Latin ad infinitum.

Proposed Career: Varsity then!

Probable Destiny: What?

Pastime: Trying to make P.C. do her Latin homework.

Favourite Expression: "You kids are awful."

Jennifer Rockell:

Theme Song: "Please don't treat me like a child." Ambition:

To have something to worry about.

Proposed Career: Bacteriologist.

Probable Destiny: Bacteria ... bugs ... hormones, and things.

Pastime: Worrying about "nothing".

Favourite Expression: "Is it really necessary?"

Jan Whitwell:

Theme song: Theme from "The Apartment." Ambition:

To play top A without squeaking. Proposed Career: Doubtful.

Probable Destiny: Very Doubtful.

Pastime: Avoiding Phys. Ed., sports, duties,

and all forms of work.

Favourite Expression: "How utterly haggard."

BOY PREFECTS' NOTES

Ian Haszard:

Theme song: "All things bright and beautiful."

Pastime: Humanitarianism.

Favourite Expression: "Well, coming to Crusaders, chaps?"

Ambition: Moderator.

Possible Destiny: Heaven.

Probable Destiny: Hell-sinki (Olympic Games).

Paul Kelly:

Theme song: "Robbing the Cradle".

Pastime: Breaking bones and straining muscles.

Favourite Expresion: "Turn that radio down!"

Ambition: To improve; physically, morally,

spiritually, culturally, academically.

Possible Destiny: Encouraging growth of calves, biceps,

neck etc.

Probable Destiny: Retarding growth of tongue, paunch, etc.

Stuart Laird:

Theme song: "Wozzek".
Pastime: Being.

Pastime: Being. Favourite Expression: ".....

Favourite Expression: ".....Thus spake Zarathustra."

Ambition: Bearded Holy Barbarianism or Zen Buddhism

Possible Destiny: Greenwich Village, U.S.A.

Probable Destiny: Kassowisky sewerside.

Colin McAnnalley:

Theme song: "Baby Face".

Pastime: Hockey, Tennis, work (in that order).

Favourite Expression: "How crude!"

Ambition: Teaching.

Possible Destiny: Child corrupter.

Probable Destiny: Family Man.

Phillip Lindesay:

Theme song: "I was Tearin' Roun' the Corner, Doin'

90 Miles An Hour. "

Pastime: Scripture reading.

Favourite Expression: "Rats!"

Ambition: Professional Boxer.

Possible Destiny: Punching boxers with uppercuts. Probable Destiny: Punching boxes with staples.

Keith Mason:

Theme Song: "Primrose Lane".

Pastime: Picking Primroses.

Favourite Expression: Wassamarrer?
Ambition: To be a live wire.

Possible Destiny: Electrican.

Probable Destiny: Electric Chair.

Miles Paver:

Theme Song: "Cindy O Cindy."
Pastime: Ornithology.

Favourite Expression: "Utter - !"
Ambition: Bird Watcher.

Possible Destiny: Posing for beautiful painters. Probable Destiny: Painting beautiful posers.

Donald Ross:

Theme Song: "The Volga Boatman."

Pastime: A fast yacht, a placid sea, a still breeze, and a congenial companion.

Favourite Expression: "Let's have a barbecue."

Ambition: Indulging in his Probable Destiny.

Possible Destiny: An ardent interest in yachts.

Probable Destiny: An ardent interest in congenial

companions.

Brian Rowlands:

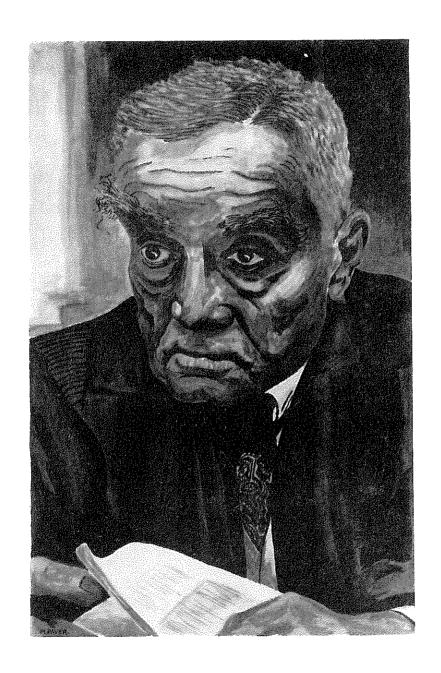

Theme Song: "Overture to Le Nozze Di Figaro" by

Wolfgang Amadeus Mozart.

Pastime: We know, he knows, and if you'd been

there, you'd know.

Favourite Expression: "Stop it."

MEDITATION.

Ambition:

Well, what is the ambition of an innocent

country boy?

Possible Destiny:

Probable Distiny:

Agricultural technician in molybedenium

distribution.

Farm hick.

David Russell:

Theme Song:

Pastime:

Ambition:

"Gentlemen Prefer Blonds."

Studying medical texts; gangrene, gall-

stones, gumma, goitre, gout
"C'mon, Jazz! Off to Bio, Boy!"

Dr. D.W. Russell, M.D., M.Sc., Ph.D.,

So.D., F.R.C.S.

Possible Destiny:

Favourite Expression:

Probable Destiny:

Physician.

Hospital janitor.

Peter Williams:

Theme Song:

· Pastime:

Favourite Expression:

Ambition:

Possible Destiny:

Probable Destiny:

William T'hell Overture.

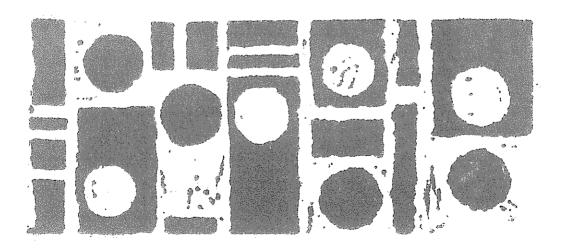

Health and Beauty.

"Apres moi, le deluge!"

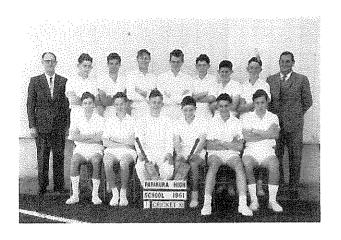

Guardian of the Law

Police Training Centre, - Trentham.

Mt. Eden Goal.

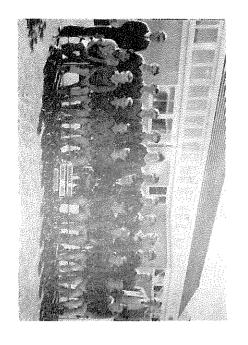

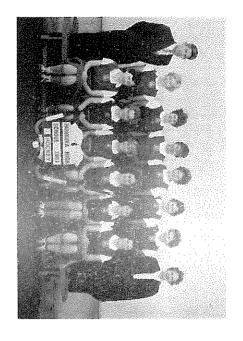

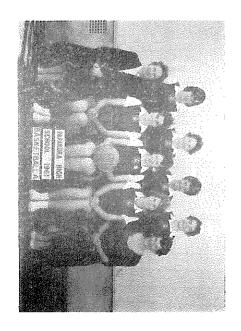

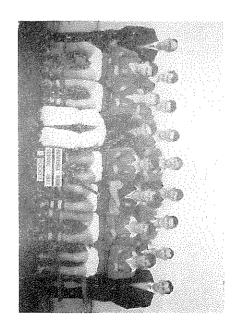

SENIOR SPEECH CONTESTS.

Finalists in this year's speech contest held at the High School and at Manurewa were very successful. In our own contest representatives from the senior forms spoke to the school. Their task was to "Introduce a Colombo Plan Student to the Assembly". Ian Haszard, the only boy contestant, won the contest, with Elizabeth Martin (last year's winner) and Alexis Roberts second and third respectively.

These three finalists represented the school at Manurewa in the South Auckland Speech Contest. There were seven representatives from schools in South Auckland. The title for the speech was "The Far East, New Zealand's Near North.". I. Haszard won the contest and now holds the Bledisloe Cup for one year. G. Bennett of Wesley College was second and Elizabeth Martin was third.

On August 18th I. Haszard represented the school in the Auckland Speech contest. This competition was very much harder, with twenty one contestants in the competition. Our representative failed to gain a placing and the Sir Anthony Eden cup was won by an Auckland boy.

I. W. H.

PAPAKURA HIGH SCHOOL OLD PUPILS.

During the year two dances were held at Papakura High School which were a success. The suppers were very good and the M.C. Tom Howie made the evenings most enjoyable.

The sports day at Papakura High School was held in windy weather. The Old Boys Hockey XI were beaten and the Old Boys first fifteen beat Papakura High School. There will be another dance coming up towards the end of the year and an annual Ball in the middle of 1962. We welcome all pupils to come along and enjoy these evenings.

THE SCHOOL DANCE.

On Saturday 23rd September the school hall was transformed. This was the Annual Fifth and Sixth form dance. Large masks, paper-mache shrunken-heads, shields, spears, abstract paintings of skulls, painted Easter Island heads, black figures dancing on the wall and coloured lighting combined to make a vivid junglescene. On the back of the stage against black curtains was a realistic fire glow reflecting on native dancers. Snakes and a monkey added atmosphere.

Various people contributed the greenery, including three whole punga-ferns, which surrounded the inner walls of the hall, and branches also hung from the roof above the dancers' heads. In one corner was "Dewdrop Dell" where one could get soft drinks during the dance. The floral arrangements in the hall, and supper rooms were very much appreciated.

We have to thank Miss Bruce for advice in the decorating and Mr Congdon, prefects, and six formers who spent all Saturday decorating the hall.

Among the official guests were Mr & Mrs Mansell, Mr & Mrs Paver, Mr & Mrs Campbell, Miss Linton, Mr Donnell, and staff members with their partners. The ladies were presented with sprays. Wesley College pupils and guests, together with last year's prefects who attended, mixed and joined in the fun.

Bill Orr's band provided the music, and a good job was done by Mr Thurlow as M.C. Mr. Howard was busy all night taking photos of groups and guests.

A most enjoyable evening was had by everyone, and all too soon the last dance, followed by Auld Lang Syne and the National Anthem, was announced.

LIBRARY NOTES.

More use is being made of the Library for background to subjects taken in class and this important side of the Library's function should be extended even more in the year to come. New Non-fiction books have been bought in quantity for up-to-date information on all subjects. For instance "The Astronauts" by Commander Alan Shephard is already in the Library.

Some beautiful and expensive books have also been purchased, and to house these we have had made a pair of cupboards with locking glass doors. Here are placed such books as "The Past we Share", "Discovery and Exploration", "Sir George Grey" by Professor Rutherford, "Illustrated History of France", White's "Pictorial New Zealand". These books may be read and looked at with the permission of the Librarian who judges whether the pupil will handle the book with respect and care.

803 new books have been bought this year so far - 461 Non-fiction and 342 Fiction, which have kept the pupil librarians busy processing and reading. Among these books are three volumes of the New Zealand Junior Encyclopeadia. Added to the New Zealand section these are proving very helpful to those doing New Zealand Social Studies.

The custom of presenting a book to the library on leaving school has not been kept up by the majority of pupils and we would recommend that this is a pleasant way of making some return for the help and encouragement given you during your years here. If in doubt what to give, ask the librarian.

We thank the donors of the following books:-

CHOIR

The School choir numbers have soared this year and we hope that this has rewarded Miss Marshall for the time she has given up for us. We were lucky, this year, in obtaining a new music mistress Miss J. Cotton who as well as giving up a lot of her time to help the established choirs has also been instrumental in founding a new one.

Miss Cotton's Junior Choir of 3rd and 4th Form girls, having met for nearly two terms, gave an item at a special Maori Parent-Teachers Association meeting. The choir of 50 sang two songs, "Linden Lea" and "I Would that my Boundless Love". The Junior Choir thoroughly enjoyed their singing this year, and hope that it will be continued next year.

The Senior Choir was this year composed of both girls and boys. The boys, who had chosen to sing with Miss Marshall, rather than take notes with Miss Cotton, although numerically fairly small, added to both the volume and tone of the singing. On one evening during the year the choir entertained the Rotary Club, and sang a number of songs including "The Yeomen of England.", part of which was sung as a solo by Paul Kelly.

The highlight of the Choir's year was when we combined with Wesley College for a concert on 16th August. The choirs, together numbering 160, sang a bracket of songs together, then Jan Whitwell played two violin solos, Elizabeth Martin gave a piano solo, the choirs gave separate items, and the Wesley College Brass Band played three tunes. Finally, the choirs combined for three inspiring choruses from the "Messiah"; "And the glory of the Lord", "Lift up your Heads", and the "Hallelujah" chorus.

The boys and girls in the Carol Choir again put on the service of "The Nine Lessons and Carols", which has become an annual event at the The numbers this year reached 180, and the concert proved Some of the carols were changed from last year's very successful. choice, which helped to vary the programme somewhat. evening was enjoyable and proved a happy ending to the school's musical year. M.B.

CHOOSING A CAREER

Choosing a career should be a gradual process. It is very important to select a career which will satisfy you and employ your abilities to the full, so think hard about it.

Most of us tackle the task in three stages. First of all we explore and find out what occupations are available. Next we study closely those which seem to be most suitable for our own particular interests and abilities. Finally we select one or two careers which strongly attract us, careers for which we are sure we can meet the personal and educational requirements. For this process we must know two sets of facts, facts about ourselves, and facts about the world of work. Only when we find the two sets matching, or almost matching are we close to coming to a decision.

There are many people who can help you in choosing a career. In gathering facts about yourself you can consult your parents and your teachers. They know you well and can help you assess your abilities and weaknesses, your personality and temperament. In collecting information about careers you can discuss different types of employment with friends, employers, your careers teachers at school, or vocational guidance Most people are very willing to talk about their work and will freely answer your questions. There is no excuse for being in the wrong job because of lack of knowledge about it before you start. It is your business to find out well before you leave school the disadvantges as well as the advantages of any career you choose. We are all apt to see things not as they are, but as we would like them to be; and it is very easy to be taken in by glamorous accounts of the more interesting side of a job without realising that it also entails a good deal of routine work.

The choice of a career has far-reaching effects on the whole of your life - at home, at work, and in the community. If you aim at a goal far beyond your capacity you will be an unhappy failure. If you attempt a job that provides you with no challenge you are likely to feel dissatisfied and frustrated. To be successful and contented you should choose an occupation which you can do well, and which gives you a chance to make progress.

OUR SPECIAL EFFORT.

After a most inspiring talk by Miss Paulette Learning on Cerebral Palsy we allowed our imaginations to run wild on different ways to raise money. The result - in the last week of the second term curious advertisements appeared everywhere imploring folk to this grub party or that coffee bar. In these five days the magnificent sum of £166-8-1d. was raised and with much delight and enjoyment passed on to Miss Paulette Learning.

The staff entered into the effort with the same enthusiasm as the pupils. There are several noteworthy features, firstly that the pupils organised and ran their own activities, secondly, it was done in their own free time so no school time was consumed and thirdly everyone spent their time, energy and money freely.

It would take up too much room to list all the different Many forms ran stalls selling food and drinks, contributions in detail. Others had coffee comics, hot dogs, chips and all manner of things. bars and grub parties, while others had film shows. One form supplied the staff with coffee and soup and with each staff member left their bill. Then there were the different shows in the hall, several jive sessions, a quiz show "Take the Cake", (5Pro 1), an all male Mannequin Parade (6Bs) which caused much amusement, a beauty contest staged by 3 Com, called "Miss Teenage Quest", at which a 6Bs mannequin turned up and caused much laughter. The Prefects ran a Talent Quest. we had to pay to get into the hall, some bright spark made up pay as we This was for the hockey match played by the 1st XI against went out! the staff.

On the sports field there were attractions; 6B versus the rest of the 'skool' also the hockey match. During this match a rather amusing incident arose, one of the members 'passed out', on went Dr. Kelly, who blew his whistle for the stretcher bearers then following that came the mourners, walking orderly with their heads bowed. The 'pall bearers' carried him off and so as to insure a quick recovery ducked him under the tap.

This is just one of the incidents which happened during a most enjoyable and benefactory week of raising money for an excellent cause.

R. Buchan, V. Pro. 3.

GIRLS' CRUSADER UNION.

Each Thursday at lunch time an average of sixty girls assemble in A4, under the leadership of Mrs Higgins, to study the word of God. We are all helped as she talks to us about the basic truths of the Christian life. We thank her for giving up her time to lead our meetings.

During the year, we have had a number of visiting speakers including Mrs. L. A. Twyman, a missionary in New Guinea, Mr. Campbell, our principal, Mr. Snow, a missionary from Brazil, Mr. Carson from Nigeria, and Dr. S.R. McCabe, a heart specialist, and with him Mrs Winter. All these speakers have been most interesting.

This year eight of our girls received Crusader badges, making the total number of badge-holders twelve. This badge is not presented lightly and shows that the wearer is daily seeking God's guidance for her life. Two of our badge holders went to the Badgeholders Rally on the 22nd of September in the Baptist Tabernacle.

During the second term we held a Crusader Squash where we played games and looked at slides of various Crusader Camps. Otahuhu joined us in this social evening. On the 25th September a combined Crusader, C.S.S.M. and S.U. rally was held in our school hall. We wish to thank Mr. Campbell and Mr. Aston for the use of A4 during this year.

BOY'S CRUSADER UNION

This year under the leadership of Messrs. Donnell, Paton and Owens over 30 boys have enjoyed our regular Bible study meetings. Those most highly attended were ones in which we joined with the Girls' Union to hear some visiting speaker.

Our visiting speakers this year have included our principal Mr. Campbell; Dr. S. R. McCabe the artificial heart specialist; Mr Martin Snow from Amazonia; Mrs L. Twyman who has returned from work in New Guinea; Mr. Ross Carson from Nigeria; and an ex-staff member, Mr. E. Rout.

The social side of our Christian activities has not been neglected this year, as we have had two enjoyable "Squashes"; one in the first term and the other in term two: and a South Auckland Scripture Union and Crusader Rally, which was held in the third term and preceded by a tea. Crusader unions from Pukekohe, Otahuhu, Onewhero, and Papakura attended this function which included a film; a chorus session; an audio-visual feature about Scripture Union and an address concerning the Beatitudes which was given by the Rev. A. G. Gunn. The Rally was presided by the Rev. Lewis Wilson and Dr. V. C. Mortin and Mr. Neville Salisbury

took part. The committee of badge-holders this year were: Ian Haszard, who is the junior leader, Peter Williams, Brian Vincent, John Bartley and Alan Harris.

A.H. 6.Ba.

MAORI CLUB.

A Maori Club was started in the school this year, meeting in Hl at lunch time on Mondays. Mr. George Brown of Kawakawa Bay generously gave his time to assist in teaching action songs. We are grate ful to Mr. Brown for giving up so much time.

Unfortunately the programme which was to have concluded in a concert failed due to a number of reasons. In the third term efforts were made to bring in some of the local ladies to help. The inconvenient time however made this impossible so that Miss Lavinia Howard has had to take over the role of leader. We hope that next year more will be possible so that we may truly give the school as a whole a glimpse of Maori culture and provide a place where the Maori can be at home and the pakeha can learn.

Kia ora.

ATHLETIC SPORTS.

The 8th Annual High School Sports Meeting was held on Tuesday and Thursday - March 7th and 9th. On both days the weather was excellent and the parents who came as spectators on the Thursday were rewarded with strong competition and excellent team spirit in both championship and non-championship events. In some instances competition was very close.

G. Taylor and Valerie Wymer did exceptionally well gaining 28 marks each in the intermediate section. Altogether, 9 records were broken and 2 previous records were equalled.

Place-getters represented the school at the South Auckland Sports Meeting which was held at Papatoetoe on Saturday, March 25th.

SOUTH AUCKLAND SECONDARY SCHOOL SPORTS ASSOCIATION . INTER-SCHOOLS CROSS COUNTRY CHAMPIONSHIPS 1961.

Five schools - Pukekohe High, Papakura High, Papatoetoe High, Manurewa High, and Wesley College took part in the Inter-School Cross Country Championships on the Wesley College Course on Saturday 14th October 1961. The weather was overcast and very light rain fell during the Intermediate and Senior events.

The course was a very hard one, though most interesting; it included water jumps, swamps, and several natural hazards. The Senior and Intermediates ran over a distance of 5,000 metres, while the Juniors covered 4,000 metres.

Atkinson, (Papatoetoe) in the Seniors, ran an outstanding race to finish the course in 17 mins. 35.7 secs. Walker (Pukekohe) took the honours in the Intermediates in 18 mins. 6.3 secs. Muir (Pukekohe) took the Junior race in 16 mins 7.6 secs.

Papakura took the honours in the Teams' races in the three events and are to be congratulated on the splendid combined effort in each section - their lowest place to be counted was a 10th in the Intermediate section.

The results were:-

Seniors: - Papakura.

3. Haszard, 7. Brash, 8. Glasgow, 11. Hatley,

15. Duncan.

Intermed.: Papakura.

2. Loveday, 3. Reeves, 4. Byron, 10. Wood,

11. Campbell, 17. Blundell.

Junior: - Papakura.

3. Deadman, 4. Numans, 6. Sharp, 8. Howie,

12. Thorley, 21. Collecut.

L. V. BRYANT MEMORIAL MEETING.

On the 18th March the boy's athletic team journeyed to Pukekohe to take part in the 13th annual L. V. Bryant memorial meeting. With 31 schools competing, including strong teams from the Auckland area, the standard of athletics was very high.

Our team, although it was young and inexperienced acquitted themselves very well with B. Rowlands distinguishing himself by breaking his own high jump record by 3 inches and also coming second in the senior high jump.

RESULTS:

The following were place-getters in Finals

G. Taylor - 1st in Intermediate Broad Jump.

Junior Relay Team - 1st in their division of the relay.

B. Rowlands - 2nd in Senior High Jump.

K. Collecutt - 3rd in Junior Hop Step & Jump.

Several other boys won their way through to finals where they performed creditably.

150 yards: V. Wymer 1st Record Time.

J. Mitchell 2nd Junior High Jump with

her best jump ever of 41 911.

Intermediate Relay Team: 2nd.

V. Wymer, M. Robinson, L. O'Brien, K. Eyre.

BASKETBALL.

This has been one of the most successful seasons of Basketball in the School's history. We increased the number of teams competing in Saturday Auckland competitions from six to eight because of the interest and enthusiasm of the girls. This interest was sustained very well through the rather short season and the performances and loyalty of the team's left little to be desired.

The 'A' Team more than held its own in the championship Chade losing only one match during the Season. The 'C' Team too played cutstandingly and was unbeaten in its series of matches. The 'A' Team was an almost completely new team and its success was all the more praiseworthy. The pleasant, co-operative spirit of the team members was most marked this year and contributed greatly to its success and to its success and to the pleasure of everyone involved.

Huntly visited us during the season with five teams and our girls enjoyed three wins and two drawn games. The Thames visit was not so successful however and we lost both games there.

The Taumaranui visit was probably the high-light of the season, the game being very good indeed. The teams were extremely well managed however to keep a slight lead and finish the game four goals ahead.

A. Team:-

Sue Waterhouse (Capt.), Margaret Anderson (Vice Capt.), Jessie Matheson, Dinah Middleton, Mary Ryan, Pamela Stansbury, Kay Topp, Marie Miller (Reserve).

CRICKET - 2nd XI.

The Second MI cricket team had a most successful season, winning all their matches. The fielding and behaviour of the team was of a very high standard, reflecting creditably on the Coach and all concerned. The bowling attack was consistent and sustained, with good variation under direction of R. Bruce, Captain. Whilst there were no outstanding individuals in the batting, the whole team played their part in scoring.

CARLES - A SECTION OF THE SECTION OF

The first XI in the 1960-1961 season had a fairly successful season, but was unfortunate at the end of the year to lose many of the more experienced and seasoned players, and it was felt that the new team for the 1961 part of the season would not be up to the standard of that of the 1960 team. However, this illusion was quickly dispelled when the team won three out of the five games played in this part of the season.

Thomas was appointed captain and Campbell vice captain for 1961, and were ably assisted by Glover, Fornusek and Mathews of last year's team.

The most successful batsmen; in 1961, with the highest personal scores, were Campbell, (70), (66), (46), Fornusek (39), and Glover and Zinzan (31). The younger players made steady progress throughout the season. The bowlers taking most wickets were Fornusek (18), Campbell (15), and Glover (11).

The annual match against the Rotary/Club was very enjoyable with the school team notching a win and reclaiming the cup lost to the Rotary Club the previous year.

The team was: - G. Collecut (Capt 1960), W. Thomas (Capt. 1961), L. Billon, J. Campbell, K. Collecut, I. Feder, D. Fornusek, B. Glover; J. Irving, S. Keats, K. Lendrum, R. Mathew, K. McSweeney, J. Mowbray, P. Pickard, R. Sara, R. Willoughby, J. Zinzan, Coach: R. Marshall.

Result of the games were:-

27.
60.
98.
126 for 6 declared.
23.
71.
84.
45. for 7.

The team was:- R. Bruce (Capt), R. Woodbridge (Vice-capt), R. Bellingham, R. Campkin, G. Cato, G. Chitty, I. Fraser, S. Graham, D. Hamp, W. Hayes, P. Magnussen, B. Martin, W. Osborne, G. Townsend.

Results: Games played, 12, Won outright, 9. Won 1st Innings, 3. Lost, 0.

CRICKET - 3rd XI.

The team was: - Tony Milne (Capt), W. McMillan (Vice-Capt), P. Sumpter, W. Webster, P. Milne, D. Brown, L. Tauranga, A. Smith, K. Marshall, R. Quigley, S. Payne, P. Frederickson.

The 3rd XI comprised a particularly keen and happy group as, in addition to three or four resident fourth formers from the previous season, the balance of the players were formerly in the same Primary School Team.

The season was most enjoyable there being practically no cancellations for rain.

Some memorable games were played particularly against Papatoetoe, Waiuku, and Papakura Intermediate.

Team members developed their abilities very well with bat and ball and were quite a formidable group by the end of the season. The coach wishes to thank the captain and vice captain for their conscientious attention to the gear and the whole team for their help on numerous occasions.

CRICKET - 4th XI.

The 4th XI in a short season played only five games losing to Papatoetoe, Wesley and Pukekohe. The match against St. Stephens was won by default and the new Papakura Intermediate School met our school for the first time in a drawn game in which the honours went to the Intermediate.

The team members were: I. Graham (Capt), R. McSweeney (Vice Capt), R. Lendrum, T. Ryan, L. Auty, C. Peterson, W. Yardley, J. Milne, M. Parkin, J. Nelson, D. Knight, J. Martell.

GIRLS' HOCKEY.

Three school teams were entered in the Secondary Schoolgirl Division of the Auckland Ladies' Hockey competition. The First XI, Second XI, and Beginners' team were entered in the Intermediate A, Junior B and Beginners grades respectively.

Despite the cancellation of many games because of bad weather, the teams had a most enjoyable and successful season, improving greatly with practice under Mr. Congdon's coaching.

The First XI displayed great keeness and enthusiasm throughout the season, well deserving their record of losing only one game (5-6) out of all matches played. Jennifer Rockell, captain, and Ruth Milliken, vice-captain, were responsible for fostering the wonderful team spirit which was evident at all times.

Because the team "played as a team" there is no wish to single out individuals. However mention should be made of Papakura's good fortune in gaining a centre-forward, Jennifer Potton, who proved a prolific goal scorer.

The Team was as follows:- Forwards: Mary Cox, Jennifer Rockell (Capt), Jennifer Potton, Glenys Lane, Margaret Donald, Half backs: Anne Milliken, Ruth Milliken (vice capt), Elizabeth Pye, Vivienne Harper. Full backs: Barbara Davis, Nerida Barson. Goalie: Margaret Brown, Coach: Mr. Congdon.

Results: Games played 12, Won 11, lost 1 and drew 0.

v.	Otahuhu	won 8 - 0.
v.	Otahuhu	won 5 - 2.
A.	Avondale	won $6 - 0$.
v.	Papatoetoe	won 4 - 1.
v.	Diocesan	won 2 - 1.
v.	Huntly	won 4 - 1.
V.	Taumaranui	won 4 - 1.
v.	Diocesan	won $6 - 0$.
v.	Takapuna	won $5 - 0$.
v.	Auckland Grammar	won 5 - 0.
v.	Thames	lost 5 - 6.
V.	Selwyn	won 6 - 0,

The Second XI, after a mediocre start in the competition, showed great improvement in later games. The team displayed very good defence, but was unable to capitalize fully on their scoring opportunities. Nevertheless, as results verify they put up a very creditable performance.

The team was: Forwards: Lynette Blake, Jeannette Watson, Juliet Milne, Patricia Morrison, Trixie Stephenson, Sharland Bilich, Carol Zinzan, Half backs: Jill Carter, Kerry McCullum (vice Capt), Hilary Jeffs, Varerie Craymer, Full backs: Maureen Amies (Capt), Sheryl Hayes, Goalie: Yvonne Thomas. Reserves: Patricia Fullerton. Results: Games played 12, Won 6, lost 3, drew 3.

The third XI, or Beginners' team, more than fulfilled its function as a hockey training squad for developing interest, skills and enthusiasm. These young players combined well, early in the season, to form a formidable team with only three losses during the whole season.

The team was: Forwards: Glennis Irvine, Anne Mawhinney, Rae Fowler, Susan Blundell (vice capt), Sue Berry, Laxie Kesry, Isobel Jagger, Half backs: Ngaire Crump, Lindsay Brown (Capt), Mary Donald, Full backs: Shirley Davis, Gail Chamberlain, Valerie Hodson, Goalie: Sheena Wood. Results: Games played 10, Won 6, lost 3, drew 1.

BOYS' HOCKEY 1961.

First XI.

This year the team played in the Auckland Secondary Schools First Grade competition, which comprised the First XI's of Auckland, Mt. Albert and Takapuna Grammars; Otahuhu, Avondale, St. Kentigerns and Kings Colleges. Though the opposition was very strong, the boys acquitted themselves well, winning matches against Avondale and Otahuhu and drawing with Mt. Albert. Skill and fitness improved greatly owing to these hard games and keen practices.

The highlight of the season was undoubtedly the visit to Christchurch'to compete in the New Zealand Secondary Schools Tournament of 24 teams. Here, Papakura excelled itself against strong opposition to finish runner-up in its section of six teams to Christchurch West, the eventual tournament champions. The flights to and from Christchurch and the hospitality received will long be remembered by team members.

First X players were: - C. McAnnalley Capt., M. Glasgow (vice capt), J. Bartley, C. Bear, R. Clerk, C. Craymer, I. Feder, M. Fielding, P. Gibbs, A. Harris, R. Johns, N. Mathieson, J. Mowbray, M. Paver.

Coach: Mr. W. B. Aston.

Results included: Annual games v. Taumaranui High lost 0 - 1, and v. Thames High won 5 - 1. New Zealand Tournament games v. Christchurch West High, lost 0 - 3, v. Kings High won 2 - 1, v. St. Kentigerns College drawn 4 - 4, v. Christchurch Technical won 5 - 0, v. Napier Boys! High draw 3 - 3.

Second XI.

On the whole the team for the season 1960-1961 was not as good as the one previous. Many of the original players had changed to other sports and many had come up from the 3rds. However, as the season progressed so did the team, but it was not until after the game with Auckland Grammar that an earnest training system started and from then on the team had considerable success. In the trials for the Auckland Representative team, Warwick Hay gained a place as a reserve forward. Owing to many games being cancelled because of the poor state of the fields, the season was a very scrappy one.

The team was: L. Allen (Capt), D. Mills (Vice captain), J. Glasgow, D. Milne, W. Hay, J. Hansen, D. Hamp, R. Campkin, J. Blundell, K. Porter, G. Kerr, H. Baas, Extras: J. Dobbs, D. Buisson, Coach: Mr. Hardie.

Third XL

The following players represented the school as the Boys' Third Hockey XI in the Saturday competition. B. C. Andrew, (Capt), B. Barclay, D. L. Browne, S. S. Callis, F. H. Crockett, H. C. Davy, R. H. Hawke, B. J. Hawthorn, I. M. Howard, K. J. Kessel, D. A. Lawrie, M. Parkin, A. M. Stephens, S. H. Vause, W. G. Webster (Vice capt).

Efforts were made to give all players as many games as possible so that a total of 15 players were able to play at various times. All matches were played with enthusiasm and in a fine spirit. tone and standards of the team were due in no small measure to the leadership of the team captain B. C. Andrew. The team is grateful to those parents who were so willing to help with transport on Saturday.

Results: Auckland Grammar lost 1 - 2. Won 5 - 0.

Penrose

won 5 - 3. lost 1 - 2.

Otahuhu

won 4 - 0. won 5 - 0.

Avondale

lost 1 - 3.

Manurewa

lost 1 - 3.

Goals scored 23. Against 13.

SOCCER.

Associated Football teams were formed in the school for the first time last season, led by an experienced group comprising Wood, Byrom, Oliver, Fornuseck, and Andrews.

As most of these players had club obligations on Saturday, games were played only on Wednesday, when about thirty boys took part at McLellan Park.

Games for the 1st XI were rather hard to arrange, but the team acquitted themselves very well against Huntly and Otahuhu, and defeated Pukekohe.

With the addition of new staff members keen on soccer we can look forward to greater things next season.

RUGBY FOOTBALL.

Once again this year seven teams were entered in the competition, and two of them played off in final games for championship A very good performance by these teams (6A and 3A) and their coathes, Mr. Milna and Mr. Fryer.

It was pleasing to see the support of parents for all grades and we have that even more will attend next year, The boys appreciate very much parautal interest in their games.

We offer our thanks to all rugby coaches, and referees for their untiring efforts and their regular attendance on Saturdays, and a special thanks to Mr. Adam Campbell and Mr. H. Martin for their help in reformelar our midwook games.

As a school we would like to congratulate Leonard Leaming on his salection to the "Countles Repa". It is pleasing to see so many ex members of let MV's appearing in club football, it shows a healthy state of empty in this school.

With excellent performances by our lower grade teams, we as a school can look to the immediate future with confidence.

lat KI:

3730

With only two rounds in the competition, the 1st XV was able to enjoy several one day visits to schools outside our area. These visits included Hamilton Technical High School, Te Awainutu College, Paerra High School.

The 1st XV lost only one competition game to finish the season in second position. The match against St. Kentigern College provided the best Rugby of the season, the team playing outstanding football to who by fourteen points to eight. To end the season a very enjoyable game was played against an Old Boys! Team.

Conspetition Results were as follows:-

/, Pukekohe High		drew 6 - 6.
-		won 11 - 6.
• •	WOZI 5. 93	,, 011 11 11 10 10 10 10 10 10 10 10 10 10

v. Thames High won 6 - 3.
v. Hamilton Technical lost 0 - 6.
v. Old Boys lost 3 - 14.
Matches played 13, won 7, lost 5, drew 1.
Point for 115. Against 109.

Members of the 1st XV were: P. Lindesay (Capt), P. Kelly (Vice Capt), R. Gunson, D. Ross, K. Mason, K. Hough, K. Fitzpatrick, T. Conway, S. Robertson, P. Holland, S. Laird, B. Rowlands, H. Wilson, H. Wilson, R. Flanagan, J. Bennett, C. Duncan, M. Bothwell, J. Whitwell.

2nd XV:-

After a most discouraging start the 2nd XV finished the season in fine fettle and with quite a creditable record. This was achieved by close and enthusiastic attention to training. Every player pulled his weight throughout and a special word of thanks must go to the "reserves" who always turned out for games and training and were on hand to fill a gap at any time. The team was ably led by Peter Williams and David Robertson, the Captain and Vice-Captain.

The team played 10 games: - Won 5, Lost 4, and Drew 1. With the exception of the first loss all games were evenly contested, even against the best teams.

The players were: N. Duckworth, M. Ferguson, M. Gore, B. Lea, I. Lucas, B. Hill, W. Mansell, C. Miller, B. Peacock, A. Porter, K. Reeves, D. Robertson (Vice-Captain), L. Rockel, D. Russell, T. Ryan, G. Skipper, W. Thomas, B. Te Rongamau, I. Wilkinson, P. Williams (Captain).

Coach: - D. R. Thurlow.

3rd GRADE RUGBY.

The Third XV won the Third Grade competition. The team was made up of twenty-five players and it says much for the leadership of De Mey and Mathews, that although we often had eight emergencies on the side-line, the whole team showed a fine team spirit throughout the season.

All the games were hard fought, and it was to a hard working pack of forwards that the team owed most of its success. Forwards like De Mey, Bunn, Bell, Bateman and Whyte ensured that Papakura received more than a fair share of the ball, while Ross, Lendrum and Zinzan were outstanding in loose forward play.

The backline had potential speed right from the start of the season, but combination took longer to develop. Running and Osborne were both very clever and elusive five-eights; Hocking showed tremendous acceleration and determination on the wing; and in Brash and Willoughby the team had two full-backs of great ability. Perhaps the best testimonial to the work of both full-backs was the fact that only once did the team have a try scored against it in a competition match.

Although they had limited opportunities to play, some of the younger members of the team, such as Parsons, Hawke, Howard, J. Milne and Hogg, showed great keeness, and proved by their improvement that they had the ability to learn from experience.

The team was represented by: I. De Mey (Capt),
R. Mathews (Vice-Capt), S. Bateman, W. Bell, C. Bennet, I. Brash,
M. Bunn, G. Dalton, T. Govorko, A. Hawke, I. Hill, G. Hocking,
R. Hogg, D. Holliday, F. Howard, D. Lendrum, W. Lovell, J. Milne,
W. Osborne, R. Parsons, S. Ross, G. Running, B. Whyte, R.
Willoughby, J. Zinzan.

Matches played 9; Won 8, Lost 1, Points for 134; Points against 14. Coach: Mr. W. J. Fryer.

4th GRADE RUGBY.

The aims of the 4th Rugby Team were for the individual players to learn the technical skills of their positions, and for the team to apply this knowledge, by concentrating upon playing constructive As a result their play at all times was bright and enterprising, After a poor start the backline and much good football was produced. developed confidence and became the most dangerous in the competition. Here Campbell (five-eights) and Walker (half) deserve special mention for their cool generalship and consistent high level of play, while Numans, Wilton and T. Davis stood out for their rugged defence and quick opport-The forwards well led by Morgan (good in the lineouts) unism on attack. and P. Davis could be devastating in the loose but locked fine in the scrums and tight play, in spite of Sharp's capable efforts as hooker. A pleasing feature was the fine team spirit generated under Glover's captaincy and the large number of third-formers blooded for future years. In spite of an unsatisfactory 4th Grade competition, which allowed no return games, the team did well to finish only one point behind the competition winners. -

The team was represented by: - B. Glover (Capt), J. Campbell (Vice Capt), P. Davis, C. Wilton, R. Harsant, R. Woodbridge, R. Numans, W. Walker, S. Keats, T. Davis, D. Hogan, C. Howie, P. Milne, N. Morgan, G. Smith, M. Winstone, R. Sharp, J. Hutchinson, Coach: Mr. E. R. Fov.

5A RUGBY.

The 5A team had a successful and very enjoyable season, and won some very keenly contested games. The backs, particularly Townsend, Pickard and Yardley, played open and venturesome football at all times, while the forwards showed a steady improvement in their play to secure a large share of possession of the ball, and to dominate forward play.

5A was represented by:- N. D. Stevens (Capt), P. E. Pickard (Vice-Captain), R. P. Bruce, G. A. Chitty, R. J. Chitty, J. E. Cooper, L. N. Fitzpatrick, I. N. Graham, K. R. Jensen, G. H. Kidd, D. Knight, R. J. MacDonald, D. C. McKenzie, W. L. McMillan, K. C. Mischewski, J. Ross, G. C. Sharp, W. N. Steele, G. W. Townsend, W. R. Yardley. Coach: Mr. S. Owens.

Matches played 11, won 8, lost 3. Points for 176 against 62. Non-competition games were played against Huntly College, won 38 - 5; and Kings College, lost 9 - 5.

5B RUGBY.

Although we only won one of the games we played, the team played all games in a hearty manner and in good spirits. Even though we were beaten by some fantastic scores we always went back for more never refusing to play.

The team was as follows: - G. Lorenson, R. Lorenson, R. Hill, G. Archibald, D. Parker, P. Bell, G. Hazard (vice capt.), R. Thompson, P. Everett, T. Rogers, J. Dow, B. Martin, R. Deaming, G. Thomas (Capt), L. Hedges.

6th GRADE RUGBY.

The 6th Grade team won the competition in its grade defeating Papatoetoe, Pukekohe, Wesley, and St. Stephens and drawing with Manurewa in a very wet and muddy game. In friendly games, the

team experienced its only defeat against. Papatoetoe and meeting the new Papakura Intermediate School team in the first match so far narrowly gained a victory.

Competition Games:	v. Wesleyv. Pukekohev. Papatoetoev. St. Stephensv. Manurewa	won 31 - 5. won 22 - 0. won 13 - 3. won 24 - 3. drew 3 - 3.
First Annual Match	v. Intermediate School	won 5 - 0.

The team members were: K. Collecutt (Capt), G. Browne (vice-capt), A. Rose, R. Blundell, I. Graham, K. Marshall, S. Payne, A. Smith, A. Milne, G. Peterson, R. McLean, P. Sumpter, L. Auty, G. Russell, R. Lendrum, P. O'Brien, D. Walker, R. Anderson, P. Galloway, J. R. Stewart, K. Craig. Coach, Mr. C. Milne.

SCHOOL CROSS COUNTRY CHAMPIONSHIPS.

These were held in fine spring weather on the Army field on 4th October.

A slight change in the course made the going easier and very fast times resulted, the Intermediates actually recording a faster time than the Seniors. As both the first and second place-getters in the Intermediates are still in this age group next year, this fine achievement may be excelled again in 1962.

In the Junior race, R. Deadman of 3 Voc. led from start to finish over the 2 laps to become Junior Champion. A similar race in the Intermediates saw K. Reeves of 4 Mod. 1 lead the field for the whole of the 3 laps, but not without strong challenges from I. Loveday of 4 Mod. 2.

The Senior race became a battle of tactics between I. Haszard, D. Ross and W. Hatley. Haszard led from the start to within 50 yards of the finish, and although Haszard succeeded in shaking off Ross, he was conquered in turn almost on the tape by Hatley's strong finish.

RESULTS:

SOFTBALL.

Senior Team:

The Senior Softball team had a very successful season, and very satisfactory results were obtained both on and off the field. The large numbers of players striving for a place in the team ensured the playing standards were very high.

The season started with very few experienced players in the Senior team, but after a few weeks training the team started to show considerable promise. The ability of the team was soon evident in competition games played against other South Auckland schools, and probably the highlight of a successful season was a rather unexpected victory over a strong team from St. Stephens.

P. Kelly, although in his first season as a Softball player made an excellent captain, and his keeness and leadership had much to do with the success of the team. Outstanding players in the infield included P. Holland, M. Glasgow, M. Fielding, and B. Te Rongomau, while W. Doherty, a promoted Junior made an excellent pitcher in the third term. In the outfield I. De Mey, G. Hocking, P. Williams, and G. Skipper took many fine catches and gave good support to the basemen. S. Laird, M. Fielding and G. Hocking were the strongest batters in the team.

Team Players during 1961 were: P. Kelly (Capt), P. Holland, S. Laird, M. Glasgow, M. Fielding, P. Williams, G. Hocking, I. De Mey, W. Te Rongomau, G. Skipper, T. Johnston, T. Conway, I. Davis, J. Mowbray, R. Clark, D. Robertson, S. Robertson, W. Doherty, Coaches: Mr. W. J. Fryer, Mr. E. R. Foy.

Junior Team:

The Junior team had a very enjoyable season and developed into a well balanced side. Running was a good pitcher; Glasgow and Anderson were excellent fielders; and Waller, Hogan, Derrick and Walker were strong batters.

Team members during 1961 were: W. Walker (Capt),
B. Running, H. Walker, A. Fielding, B. Hawthorn, J. Glasgow, R.
Anderson, L. Stephens, M. Laird, B. Hogan, S. Vause, R. Derrick,
R. Hogg, N. Herewini, I. Lucas, D. Bremner, L. Ayerst, T. Sheppard,
H. Davy, K. Sanders, T. Simon.

In conclusion we would like to thank the softball-players and coaches of St. Stephens College, Wesley College, and Manurewa High School for the enjoyable games they provided, and for the many lessons they taught us about the finer points of softball play.

HARRIERS

The school harrier club was divided into three packs, fast, slow and intermediate, this year, under the guidance of Messrs. Rockel Matteson and Opperman.

Varying lengths and types of courses were run over, and the runners showed the flag in most areas of Papakura Borough and nearer parts of the Counties.

In a championship run in the Red Hill area at the end of the second term, R. Deadman distinguished himself by being the first runn home in all age groups.

FENCING.

A Swords Club for boys and girls was formed early this year at the same time as Onehunga, Selwyn, and Avondale Clubs came into being. In June an Auckland Secondary Schools Fencing Association was formed with Professor Lilley of Onehunga High School as the first chairman. Lilley, a physical education specialist, is a graduate of the top London fencing school and under his guidance a series of competitions have been arranged in 1961.

On 17th June an Open Boys and Girls Individual Competition was held at Onehunga High School. Four Papakura High School boys, W. Webster, G. Thomas, A. Milne and P. Graham took part and Graham did well to reach the final pool.

On 23rd September a Mixed Doubles Competition was held at Onehunga. Linda Higgs and Kevin Collecutt represented our school and fought well narrowly missing reaching the final pool.

Auckland Secondary School Team and Individual Championships are planned for late 1961 and this new sport for boys and girls will provide the opportunity to meet other schools from all over New Zealand in subsequent years.

SCHOOL SWIMMING SPORTS.

The fourth Boys' and Girls' Combined School Swimming Sports were held on February 15th, at Ardmore Teachers! College. The full programme of swimming and diving events lasted until mid-afternoon, and in spite of a sharp shower during the morning, this meeting was one of the most enjoyable and keenly contested so far. The number of new records which were established showed the high standard of swimming this year. In the points championships 3 Latin came first out of the whole school - an excellent performance.

AUCKLAND INTER-SECONDARY SCHOOLGIRLS' SWIMMING SPORTS.

This was an enjoyable and successful day, Papakura winning sixth place out of twenty-seven schools.

Places in the heats were gained by the following:

Rae Fowler - third - Junion Breaststroke.

Pamela Kurney - second - Intermediate Breaststroke.

Jocelyn Fowler - second - Senior Breaststroke.

Fiona Jones - first - Junior Freestyle.

Gail Sanders - second - Senior Freestyle.

Fiona Jones - first - Junior Backstroke.

Lynne Townsend - second - Intermediate Backstroke.

Gail Sanders - first - Senior Backstroke.

Fiona Jones - first - Open Freestyle.

Lynne Townsend, Penny Parkes - third - tandem.

Mary Ryan, Jocelyn Fowler - third - Tandem.

SOUTH AUCKLAND INTER-SECONDARY SCHOOL SWIMMING SPORT:

The fifth Annual Championship held in Pukekohe Baths on February 23rd 1961 proved to be a great success in spite of intermittent heavy showers, which did not damp the enthusiasm of competitors or spectators. The heats were held during the previous afternoon, where most of our Papakura competitors succeeded in gaining a place in the finals. The team included:-

Boys:

- H. Wilson, (6BSc), P. Holland (6BSc), T. Ryan, (3L),
- J. Whitwell (5P4), P. Kelly (6Ba), B. Peacock (5P2),
- R. Neumans (4M2), J. Zinzan (5P3), T. Fairhurst(4 Tech),
- I. Howard (3L), D. Cato (4 Tec), J. Berg (5V).

```
Those who won places in the finals were:
```

- 200 yds Boys Open Free Style H. Wilson, 2nd.
- 75 yds Boys Open Medley P. Holland 2nd.
- 50 yds Junior Boys Freestyle T. Ryan 1st Time: 28.2s.

(Record)

- 50 yds Intermediate Boys Freestyle J. Whitwell 1st.
- 50 yds Senior Boys Freestyle P. Kelly, 3rd.
- 25 yds Junior Boys Backstroke T. Ryan, 1st 16.8 s. (Record)
- 50 yds Senior Boys Backstroke P. Holland 2nd.
- 75 yds Junior Boys Freestyle T. Ryan, 1st 48.2s. (Record)
- 100 yds Intermediate Boys Freestyle J. Whitwell, 1st.
- 100 yds Senior Boys Freestyle H. Wilson, 2nd.
- Boys Open Diving Championship H. Wilson, 2nd.
- 25 yds Boys Open Butterfly B. Peacock 2nd.
- 25 yds Junior Boys Freestyle R. Neumans, 1st.
- 25 yds Intermediate Boys Freestyle J. Zinzan, 2nd.
- 25 yds Sneior Boys Freestyle H. Wilson 2nd.
- 25 yds Junior Boys Breaststroke T. Ryan, 1st.
- 50 yds Intermediate Boys Breaststroke B. Peacock 2nd.
- 25 yds Senior Boys Breaststroke H. Wilson, 2nd.
- 4 x 25yds Junior Boys Relay Papakura 2nd.
- 4 x 25yds Intermediate Boys Relay Papakura, 2nd.
- 8 First in which T. Ryan established three records.

Girls:

- J. Fowler (6Ba), D. Wilson (5P), P. Parkes (4M2), M. Ryan (5P2), F. Jones (3F), G. Sanders (5P4), C. Zinzan (4L),
- P. Kurney (4L), R. Fowler (3L), L. Randi (4M1), L. Townsend (4F), R. Mowbray (6BSc), Y. Thomas (4C), R. Stewart (4L).

The Place Winners were:-

- 75 yds Girls Open Medley J. Fowler, 2nd.
- 50 yds Junior Girls Freestyle D. Wilson 3rd.
- 50 yds Senior Girls Freestyle M. Ryan 2nd.
- 50 yds Junior Girls Backstroke F. Jones, 1st.
- 50 yds Senior Girls Backstroke G. Sanders 1st 43s. Record.
- 75 yds Junior Girls Freestyle F. Jones 1st.
- 100 yds Intermediate Girls Freestyle P. Parkes 3rd.
- . 100 yds Senior Girls Freestyle G. Sanders 1st.
 - Girls Open Diving Championship P. Fowler 1st.
 - 25 yds Girls Open Butterfly F. Jones 1st.
 - 25 yds Junior Girls Freestyle C. Zinzan 1 t.
 - 25 yds-Senior Girls Freestyle L. Randi 2nd equal.
 - 25 yds Junior Girls Breaststroke R. Fowler 1st.

50 yds Intermediate Girls Breaststroke - P. Kurney 1st.

50 yds Senior Girls Breaststroke - J. Fowler 1st.

4 x 25 yds Junior Girls Relay - Papakura 1st.

4 x 25 yds Intermediate Girls Relay - Papakura 2nd.

4 x 25 yds Senior Girls Relay - Papakura 1st.

12 First in which G. Sanders established one record.

TENNIS.

The South Auckland Secondary Schools' Tennis championships were held on Tuesday and Wednesday at Papakura. Approximately 200 pupils from 9 schools took part.

The Papakura teams teached 9 semifinals and the finals of 2 events. C. McAnnalley reached the final of the Senior Boys' Singles while Pam Sharplin and Robyn Smith were runners up in the Intermediate Girls' Doubles.

All Papakura team members played well as the standard of tennis was very high, and all played their parts well as hosts to the visiting teams.

SOUTH AUCKLAND SECONDARY SCHOOLS TABLE TENNIS CHAMPIONSHIPS.

Four girls teams and four boys teams competed in the South Auckland Secondary Schools Table Tennis Championships on Saturday.

Our 1st Boys Team (Haszard (Capt), Martin, Andrews) won the boys' championship defeating Pukekohe in the final.

Our 1st Girls' Team (Lyn Leadley, Elizabeth Martin, Pat Fullerton, Pam Sharplin) reached the final of the girls' championship loosing to Pukekohe by only a small margin.

Our 2nd Girls' Team (Pat Craig, Gillian Davy, Carol Zinzan, Lyn Townsend) reached the final of the Plate Competition also loosing to Pukekohe team by a narrow margin.

STAFF NOTES:

School:

Theme Song:

"Problems, Problems, all day long."

Mr & Mrs Aston:

Theme song:

"It's a long way to Tipperary."

Pastime:

French and Geography make a good pair. Favourite expression: "We'll have a weekly test from now on."

Mr. Atkinson.

Theme Song:

"Smoke Gets in Your Eyes"

Pastime:

Chasing up attendance slips and latecomers. Favourite expression: "You're a bright, beautiful, bouncing boy."

Mrs Barclay:

Theme song:

"Knees up Mother Brown".

Pastime:

Keeping us fit.

Favourite expression: "What chatterboxes you are, girls".

Miss Bruce:

Theme Song:

"War Paint"

Pastime:

Making us all into "Da Vincis" or "Angelos"

or others.

Favourite expression: "That's enough, get on with your work."

"Be brave."

Mr. Campbell:

Theme Song:

"The Campbell's are comin"

Pastime:

Signing absence notes, reports and things.

Favourite expression: "I've noticed an improvement"

Mr. Coldicut:

Theme song:

"Thank heaven for little girls."

Pastime:

Making experiments go wrong especially in

beakers.

Favourite expression: "You'd make good chemists."

"One of my little blokes."

Mr. Congdon:

Theme song:-

"Baby Talk".

Pastime: -

Baby sitting or finding babysitters.

Favourite Expression:"Now, look here you blokes"

Mr. Conway:

Theme Song:

"Personality"

Pastime:

While there's boys there's trouble.

Favourite Expression:"Out in the corridor." "I'll separate you two."

Mrs Lavcock:

Theme song: "Birds and the Bees." Pastime: Measuring worms for sale.

Favourite expression: "You'll appreciate that won't you?"

Miss Cotton:

Theme song: "Motor Cycle Boots".

Pastime: Playing second piano to Miss Marshall.

Favourite expression: "Now, sing louder."

Mr. Donnell

Theme song: "Donkey's Serenade."

Pastime: Perfecting his French accent.

Favourite expression: "I'd like to see"

Miss Dougherty:

Theme Song: "Straight Skirts."

Pastime: S. 4. has interesting things in it.

Favourite expression: "I don't know but Mr. Coldicut will,"

Mrs Etherington:

Theme song: "It's now or never."

Pastime: Keeping the typewriters and fingers in

working order.

Favourite expression: "Now, girls, this is your homework for

tonight."

Mr Foy:

Theme song: "Try, Try, Try, Again". Pastime: Going round the globe.

Favourite expression: "With all due respect"

Mr. Opperman:

Theme song: "Runaway,"

Pastime: It's not far to run. Favourite expression: "Do it yourself".

Mr Owens:

Theme song: "All hands on Dex(ter)." Pastime: Cleaning his specs.

Favourite expression: "Now, girls and boys."

Miss Parish:

Theme Song: "I'll be with you in Apple Blossom Time". Pastime:

Cutting dresses to one pattern, sewing to

another.

Favourite expression "Girls, remember to return those scissors,

won't you?"

Mr Paton:

Theme song: "Beep, Beep."
Pastime: Buying Brylcream.

Favourite expression: "I've got a great new textbook here."

Mr. Rockell:

Theme song: "Jailhouse Rock".

Pastime: Catching boys riding in and out of school

grounds.

Favourite expression: "Pick that up ..."

Mr. Simmons:

Theme song: "Blue Suede Shoes".

Pastime: Finding relics.

Favourite expression: "Cor, Blimey."

Miss Linton

Theme Song: "Sweet, old fashioned girl."

Pastime: Thinking of our figures in assembly. Favourite expression: "You must get on, it's so near to School

Certificate.

Miss Marshall:

Theme song: "Rock 'n' Roll Waltz."

Pastime: Trying to coax the 5th and 6th form boys to sing

on a Monday Morn.

Favourite expression. "Come on, girls, see if you can beat the boys."

"And so on"

Mr. Marshall:

Theme song: "Mona Lisa".

Pastime: Looking for talkers to stand in the aisle

during assembly.

Favourite expression: "Move up and fill up those gaps."

Mr Mathieson:

Theme song: "Yankee Doodle."

Pastime: Teaching geography of the Corn Belt.

Favourite expression: "Sure."

Mr. McLellan:

Theme song: The old master painter from the faraway hills.

Pastime: Keeping 3 Gen. quiet.

Favourite expression: "Now where did I leave my pipe."

Mr. Milne:

Theme song:

"Cookie, lend me your comb".

Pastime:

Using glo-wax.

Favourite expression: "But my dear child."

Miss Mitchell:

Theme song:

"If I knew you were comin' I'd have baked

Pastime:

A way to a man's heart is through his

stomach.

Favourite expression: "Come on, girls, on with your work."

Mr. Fryer:

Theme song:

"It's a woman's world."

Pastime:

Being sarcastic.

Favourite expression: "You can't afford to waste time..."

Mr Gillion:

Theme song:

"Bell Bottom Trousers."

Pastime:

Well, there was a fella! called Shakespeare

who wrote plays.

Favourite expression: "Quite creditable."

Mr Greenslade:

Theme song:

"If you're looking for trouble."

Pastime:

Readin' Bobby Burns.

Favourite expression: "If you were 3 Voc I'd have caned you long ago

Mr. Hardie:

Theme song:

"So long, its been good to know you".

Pastime:

Ducking through doorways.

Favourite expression: "Put that away."

Mrs Tetley-Jones:

Theme song:

"Scratch, Scratch me Back."

Pastime:

Checking up on facts with Mr Fryer.

Favourite expression: "My father and mother"

Mr. Thorburn:

Theme song:

"Woody Woodpecker."

Pastime: Dictating to 5 Com.

Favourite expression: "Dictation starts at 70 words per minute".

Mr. Wilson:

Theme song:

"I belong to Glasgow."

Pastime:

Hunting golf-balls.

J. C. & R. E

Favourite expression: "It's a sair fecht."

5 Pro III.

SARTORIAL ELEGANCE:

MONDAY MORNING:

How handsome he looks; a pride to the school; A competent fellow, a worthy tool Of authority. His posture's correct, his head's in the air -So sauve, immaculate, debonair.

A deft glance down to shining shoes, "What do I see? My own cheery face reflected to me!" He says with a broad complacent smile; And stops to admire himself for a while.

Crisp shirt as white as far-flung snow;
"My nice green tie makes quite a show!
Over my longs well creased and clean,
My blazer's a showpiece - that dark subdued green."

As if deep in thought he pauses awhile......
Is his face red from strain, or is he febrile?
He's probably hot those blazers aren't thin We boys wearing shorts must show pity for him.

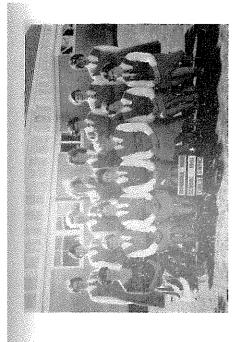

FRIDAY MORNING:

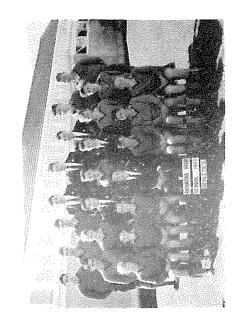

Now our debonair friend is looking so shabby; Thick blazer, tight collar (he's feeling quite crabby). The snow of his shirt is turning to sleet That has fallen and lain in a muddy street.

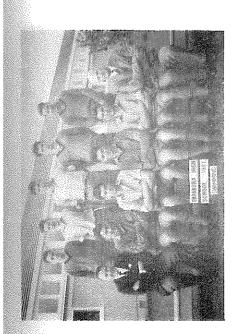

"Oh, surely not mud on my longs that I see From football! Whatever's come over me! A big patch of mud where the crease used to be; This Eton tradition was not meant for me."

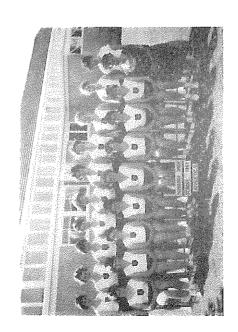

"The hue of my blazer's beautiful green
I'm afraid in perfection is not to be seen;
It's mottled; with Biology stains and chemical taints,
It's been daubed and besplattered in Art from my paints.
My uniform's aim was prestige to aid;
But alas! My authority's started to fade.
The children admire me, Monday - first thing
But on Friday, abuse and rude comments they fling.

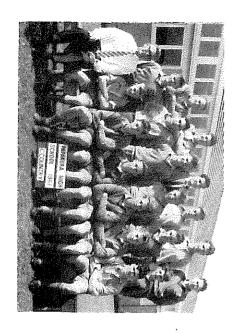

M. Paver. 6A.

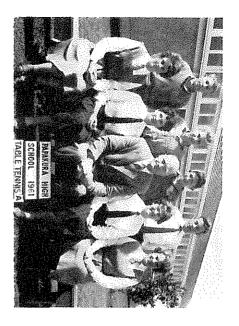

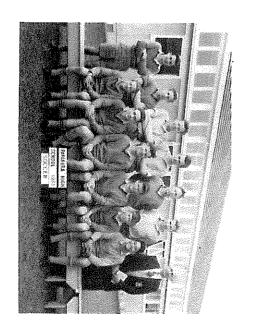

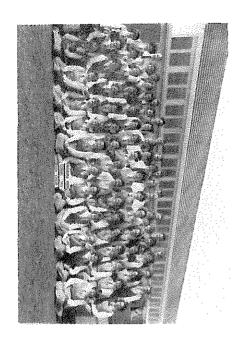

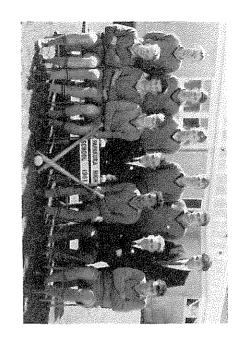

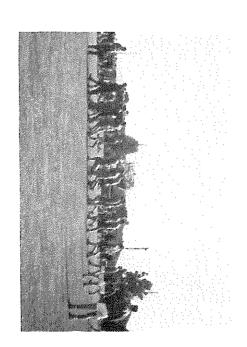

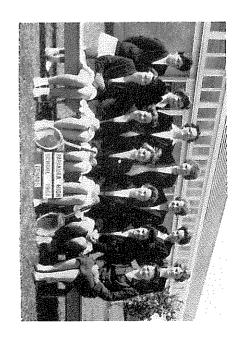

-000000 -

Core Maths:- Adding up the money you haven't got.

Algebra:- There are not enough figures to use so you

make use of the alphabet as well.

Geometry:- Drawing the shapes of the coloured paper

which you cut up during your first years at

primary school.

Chemistry:- Trying to make the laboratory represent

Rotorua.

Physics:- Trying to do an experiment without getting

your wires crossed.

Biology:- Trying to find out what made deceased animals

tick.

Latin:- Being taught to make your writing illegible.

French:- A subject which you have to travel half-way

around the world to use.

Geography:- Taking up what you left off in art by drawing

free form shapes which are supposed to repres-

ent countries.

History:- Learning something which you can't prove to be

true because it happened before your time.

Music:- Trying to sing those blues, obtained from school,

away.

Woodwork:- In this subject you always succeed in hitting the

wrong nail.

Homecraft:- Trying to make bait to catch some poor fish.
Clothing:- The joining together of two pieces of material.

Typing:- Rythmn without music.

Shorthand:- Learning to draw worms with the stomach ache.

Phys. Ed.:- Try to obtain a 19 inch waist-line.

Art:- Painting your imagination.

English:- Learning something you have known and been

using for the last ten or more years.

Margaret Martin

GIRLS IN THE SECOND YEAR FIFTH 1961.

There are thirteen of us and we were just unlucky. The margin of our misses was from two to -? (some of us just sat to give the Government thirty bob, others for experience). But we do not mind because we have had much more fun this year back in the Fifth than we would have had being stuck up studious Sixths.

There is Lindy who is always in and out of love, Ruth who puts outside attractions before school functions and who is hooked for life. Val is almost caught, but her attractions are within school boundary. Mary is an arty type and swots good-o. Dinah is arty too but we have our doubts about her swotting in her spare time. Judith and Maureen are cute little things - but . . . ? the less said the better. Next comes Helen who could be mistaken for Anne, and then there is Anne who could be mistaken for Helen. And Cox from the Northland sticks is always moping about home and talking of Peter Jones. Margaret D's first ambition is to be a missionary but has never been known to go to Crusaders. We do not know much about Barbara - worse luck, but if we did -! Last but not shortest we have dear old Andy who refuses to go to school dances because of her height and whose life revolves aroung basketball.

So, dear friends, we hope you will not see our names in the Third Year notes next year but in the "Herald" at the end of January.

TECHNICAL TERMITES.

Two-thirds of Four Tech, are "Termites" at heart,
We are experts at boring, our original art;
But the third of "Tin-bashers" who make up our class,
Can't bore as much metal, as "Termites" can, frass.
When we are working, our teeth scrape and grind,
And big clouds of sawdust go flying behind.

The King "Termite" Marshall, shows us how to bore wood,
He growls and he chews "Here's how you should."
His example we follow, our work turns out fine,
And we thank him for giving us most of his time.
But, when "Willougby" bores and Thompson chews
Poor tired King Marshall has no chance to snooze.

Although he's a teacher, our King's a good bloke,
And he's got lots of time for us "Termite" folk;
He's a hard working guy, and he takes a good class,
Though all he gets from our labours, are shavings and frass.
But when he is in anger and we are in pain,
How I wish some kind "Termite" would chew through his cane.

D. Bates, 4 Tec.

^{*&}quot;Termites" - Wood-Work Students.

^{*&}quot;Tin-bashers" - Metal-Work Students.

^{*&}quot;Frass" - Dust produced from boring.

OUR NEW ZEALAND BUSH.

A cheeky fantail flits from branch to branch On rimu, rata-covered but severe, Which tall and straight can probe the forest's sky And try to reach the clouds that seem so near Yet, billowing, toss above, and then pass by.

The kauri, kingly, proud, can dwarf each tree, But even it is linked by trailing vine, For all are draped in crimson or in white. Red Rata and white clematis entwine To hang their starry flowers against the light.

The birds sing best at early dawn's first light, But even in the peace of afternoon The tuis' chuckle and the parrot's cry Will mingle with the tinkling bell bird's tune, And from this orchestra the notes rise high.

What is this harsh discordant roar which fills the air? Men cutting our forest down!
Stone hearted men who do not care.
When these trees fall, other first turn brown
Then die, then crash upon the mouldy floor
And leave our heritage, our bush, no more.

But time makes changes in this forest scene, For now the only trees that stand are old. The deer have eaten undergrowth and shoots And changed the cool scene to one dead and cold, With naked, knotted trunks on writhing roots.

THUNDERING HOOVES.

From the Californian Prairie
Came the sound of thundering hooves.
Nearer and nearer, faster and faster.
Then from behind a boulder,
Came shining, foaming, sweating horses.
Kicking, bucking and biting.
Tiny glistening bodies, galloping to keep up
(with their mothers.

Then just as quick as they came,

They were gone.

Sue Mundy 3 Mod. 2

FIRE

Animals ran as fast as they could.

Hurry! Hurry! they did cry.

The wolf so fierce, the fox so sly,

The donkey, and pony and ass so dumb,

Brother, sister, father and mum,

The owl so wise;

Every one cries.

Animals ran as fast as they could,

When fire swept quickly through the wood.

Susanne Dixon.

A POEM.

Winter has gone, spring has come and with it come the blossoms, Glistening in the morning dew that gently floats down,
Like a butterfly as it quietly settles aloft a tree.
And as the day smolders away the glisten steadily goes, until all traces of morning are gone.
When gradually the sweet smells of Sunday dinner creep out of door

When gradually the sweet smells of Sunday dinner creep out of doors and silently blow away.

Colin Preston 3 Mod. 2.

NEMESIS.

As sand streams from an hour glass so the age
Runs out. The sun sets in the West to rise
Phoenix - like in East unless from storm swift skies
Fire falls, blinding sun, burning all in rage.
Our older generation wise and sage
Deals in pledges broken, quick death, and lies;
"Apres moi le deluge." So the era poisoned dies And we, the young, are left a canker's heritage.

Why? - Discipline, progenitor of war, Curse and inheritance of Cain, The lie spread by the omniverous state Stifles the upright of the age. Now, once more Disciplined Phalanxes rise again Cry - For we will be left desolate.

S.L. 6A.

I LOVE....

I love to feel I almost fly,
When on my skis I glide,
Leaving a trail of broken snow
Right down the mountain side.
Nowhere else can I feel so free The whole world might belong to me.

J.S. (3F).

I love the sound of the thundering waves, Which toss and roll to a towering height, That crash into the gloomy caves And come tumbling in all foaming white.

Above the pounding waves that roar About the distant rugged rocks, Gulls spread their wings and upwards soar Through the ice-blue sky in massive flocks.

B.M. (3F).

"DEMOCRACY IS DISCUSSION"

I shall begin by stating my opinion of the quotation "democracy is discussion". As far as it goes it is correct, but as a summary of the democratic system it is completely inadequate. The originator of those three words has tried to define with a clever catch-phrase, a topic on which volumes have been written. He has failed.

It is true, however, to say that discussion plays a major part in any democratic country. The very word "parliament" is derived from a French word meaning "to talk" - parliament and similar institutions form a solid base of the democratic building. Discussion in order to bring out all sides of an argument and to compromise is its aim. This is carried out in an orderly manner by having a "speaker" acting as an impartial intermediary between the opposing parties. The right of discussion is exercised from the family level to the government and is often used in schools - take, for example, the time our English class spent talking about ideas for this essay. In a democracy, discussion is part of the proof that democratic principles are being used.

Generalisation is the outstanding fault of the quotation. It is far too sweeping. I do not think that a system as important to us as democracy can depend on only one thing. There are many, many other factors which constitute the government of a democracy such as Britain, although undeniably discussion is of tremendous importance not only in reaching agreements but in bringing out the opinions of the people.

Therein lies one of the rafters of democracy. The population elects their own representatives who act as their spokesmen and who can by voting, be put out of power again, (something common only to our system). Secret ballot, universal suffrage and the allowing of any political party are other features of democracy. In the party system, however, lies one of the democratic world's major problems. Any political group is permitted, as I have already said, and this poses the question, "Should we tolerate intolerance", or, in other words tolerate sections of society that should they come to power, would destroy the principles by which they survived? In theory, the answer is no, but a great many difficulties arise from that attitude (we would, for instance, be accused of intolerance

ourselves). The question is almost unanswerable.

Action must follow discussion. A decision resulting from a conference is no use until it is activated; how futile is talking endlessly without any definite result, as has been happening at the recent meetings of world powers! Also, and most important, a democracy consists not only of democratic laws, but of putting those laws into practice (another instance of what I mean by 'action') Thus America, who styles herself the "greatest democracy" has no claim to the title when the case of the southern negroes is examined. The federal law, democratic indeed, has been so twisted by the southern state governments that the negroes are almost unable to exercise their rights. The United States, South Africa, even Australia and New Zealand are guilty of a seemingly unavoidable problem, (most certainly NOT democratic) - the colour bar - although the situation is not so apparent in our country, where the Maoris officially have equal rights with the Europeans. of the well-known quotations concerning such a huge subject as Democracy, Lincoln's "a government of the people, by the people, for the people," comes closest to the ideal situation.

I purposely left the topic "freedom of speech" until later as it brings up a most interesting comparison with Communist The Hyde Park orators in London are outstanding and often hilarious examples of freedom of speech in practice. "Down with the Royal Family", "The World Ends Today" and many serious subjects are freely spoken about. Heckling by listeners is rife; great arguments are shouted. In Russia, open dissent from the Party (Communist) opinions makes any person a candidate for liquidation. If discussion is intended to produce a line of action and not only to expose ideas then a decision must result from it. In Britain, aims ideas and means are talked over, everyone saying what he thinks within the bounds of respectability. As the "Russian People's Representatives" already have the same basic ideas, discussion of means is the main form that their governmental conversation or debating takes. Problems are no doubt discussed in communist countries, from the collective farmer to the rulers, which shows that to turn the quotation round and say "discussion is democracy" would be a dismally stupid thing to do. Discussion of a kind may take place in any country without turning that country into a democracy.

I have used the word "compromise" several times already. It is a thing which must accompany any democratic discussion, for if neither side is prepared to give way even a little, the only result will be

confusion and anger - (adequate examples of this were the futile Summit Talks). As a final contrast between Democracy and Communism, freedom of decision, (the right to work whereever one wants to), is almost unknown under the latter regime; voting for the Party is compulsory; children are conditioned to have their own opinions only within the strict ruling of the government's doctrine.

Discussion is a half-way point in the democratic system; a high-diving board from which ideas leap to become action. The quotation should read, "No Democracy without Discussion".

D. Fraser.

MY VIEWS ON TELEVISION.

Television has been much talked about recently.

There are as many against it invading our lives as there are for it. We have had television in our home for a year now and I would like to give some of my impressions.

Firstly, its entertainment value. We are country people who do not have the same opportunities as town people to go to the pictures, sporting and other entertainments and we do find T.V. brings this right into our home. The sporting programmes are excellent, both local and overseas. The news is up-to-the minute and we feel it is very educational. Some of the travel features are very good and it helps us with our Social Studies.

We enjoy meeting people at interviews and most personalities who come to New Zealand are interviewed. The programmes for little ones are very good and are put on early. There are programmes to suit all types of people, but over all there is really no cause for complaint. Some of the features put on later are much of a type and we have learned to switch off. We choose the programmes that we particularly want to watch and do not let it interfere with our homework.

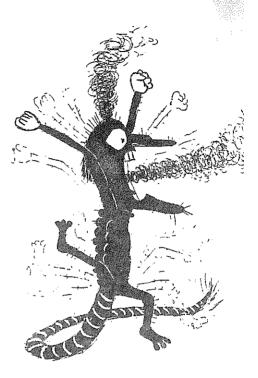

Advertising is something which apparently we must have, but the repetition can be monotonous.

I think T.V. has a lot to offer. It keeps the family together and at the moment the hours of viewing fit in with the home routine. I do not think we are ready in New Zealand to have it in the daytime as too much time would be wasted.

Michelle Manley 3 French.

THE SLOGYVIN.

The slogyvin is long and thin. His nose is long and tapered in. His tail's a steely, lashy coil, His temper always starts to boil And on his back are bumpy humps. His legs are short and look like stumps. The eyes on him are sunken in. Oh, what an awful slogyvin! The slogyvin breathes smoke and flame, The children tremble at his name. You may shove him from a ledge, A thousand feet into a hedge But it's no use to even trouble For he just gets up from the rubble. An expert said, "Ah yes, I see, We'll need a crate of TNT!" They laid the bomb inside some meat, The slogyvin's most favourite treat. The slogyvin walked to the bait He swallowed it and sealed his fate. And then there was a mighty roar -The slogyvin is now no more.

P. Lovett, L. Auty, 3 Latin. BALLAD

Oh, where have you been my handsome young son? I've been out a-hunting with my new shot gun. And what did you get? Oh, pray tell me now. I shot me a pig and a wandering cow. But why did you leave it back on the road? Oh, only because it was such a load. You're pale my son what happened today? From looking at you you're poisoned I'd say. Oh no, mother dear, but then you're half right, You see in the woods I had me a fight. Oh, I have been poisoned and shot through the head But the poisoning I have has come from the lead. Oh no, mother dear, oh please do not cry. For now I am ready and now I will die.

P. Lovett. 2 Lat.

---- DOLLOOL YEAR.

First Day at School:

"I wish I were a mile hence." - Browning.

Going to School:

"The whining school-boy, with his satchel, creeping like a snail unwillingly to school." As You Like It . - Shakespeare.

Lessons:

"I swore to study .. then I swore to jest." Love's Labour's Lost. - Shakespeare.

"Heard melodies are sweet, but those unheard are
sweeter". - Keats.

On the School Concert:

"Then all the people in a body
To the town-hall came flocking,
Fathers, mothers, uncles, cousins,
Families by tens and dozens" - Pied Piper - Browning.

Waiting for Results:

"My heart aches, and a drowsy numbness pains
My sense" Ode to a Nightingale - Keats.

On the Prospect of School Cert:

"I have fears that I may cease to be Before my pen has gleaned my teeming brain." - Keats.

On Sitting Exams:

"My poor head aches again,
"I've scratched it so, and all in vain." - Pied Piper
- Browning.

On Leaving School:

"Now farewell. I am going a long way." Morte D^{I} Arthur.

"And departing leave behind us

Footprints on the sands of time. " - Longfellow.

J. Carter 5Eng.

SCHOOL LEAVING.

The day I had been looking forward to ever since I had started High School had come. I was leaving school.

I lay thinking over my school life before I got up. My first thoughts were that I would not be doing homework every night. My nights were free. But then I would not have so many holidays and I would not get home so early. I weighed the advantages and disadvantages up.

Was I really going to be free of exams and swotting? I thought then that I would be. I thought over the fun I had had at school. Also over the trouble I had been in. The teachers I had liked and disliked. The boys I had had in my class; I would miss the companionship of the friendly mob that had been in my class.

The thought of no homework still reigned in my mind though. I suddenly realised that I would miss the constant bickerings of the teachers. No longer would I have the fun of evading them. I would be bending down receiving my punishment no longer. Would I be able to have the same fun away from school, I asked myself?

Later as I arrived at school I looked around me. I knew I would miss the games of football we had played on the best fields in the district. Our fields.

I handed in my textbooks and emptied my football gear out of my locker. I got my leaving certificate. I said goodbye to the teachers and boys with a feeling of regret. My last day of school was nearly over. I caught the bus for the last time. I looked out of the window of the bus and looked at the school. I was leaving it. I now regretted it in many ways.

The bus pulled up at our stop. I got off and walked home thinking over my school days. I had to admit that I had had a good time at school. I was sorry in a way to have left but in other ways, glad.

I was more independent now, I thought. No longer would I have to wear a cap, keep my socks up high or be caned. I had left school for good.

B. Lovell 5 Eng G.

To a Group of Sixth Formers engaged on the Construction of an Atomic Fall-out Shelter:

Have you built your fallout shelter yet?
You bet!

'member all the shovels that we'd get?

You bet!

Think of all the toil, Made your blood fair boil, Finished off your fall-out shelter yet?

Old Niky's got his megatons,

You bet?

Who'se he gonna drop 'em on?

Not yet?

Look out mate, oh no! Scramble, get below;

Is your fall-out shelter finished yet?

How many will they get in there?

Wanna bet?

Not many; never fear'

Wanna bet?

Stop crowdin' in the corner That whisky isn't water

Ish your fall-out shelter finishhed yet?

A. R. Harris 6B Arts.

THE DELIGHTS OF LATIN.

"Hi girls, done your homework: Oh Jessie, you angel. No, I didn't finish the translation. It was hard, wasn't it? did you get for the first sentence? Oh dear, here is Miss Linton. Good morning Miss Linton. Yes, Miss Linton I will drag my desk over in a moment. Oh, translation again? Good heavens, I have forgotten Caesar. Raewyn, shove your bag out of the way. coming over. Yes, Miss Linton, I have forgotten it. No, it's at Yes, I will bring it tomorrow. Do you want me to start Oh dear .. What's the first sentence, Raewyn? Haven't you prepared it either? No, Miss Linton, she's not telling me anything. Well quickly, what does 'Quaecumodo' mean? Thanks. Gee, that is hard. Does 'anus' mean 'old woman'? Good. Well here goes.... well how was I to know that 'castella' were forts instead of puppies. Everyone laughs at me. Ah .. that's finished. Now it's Raewyn's turn. No. Miss Linton I was not talking. Raewyn just asked me... It takes a dative, clot. no I won't answer her. Is that all you have to do! Gosh, you're lucky. What's your new dress like? Oh very nice. And a pink sack? Lovely. Are you wearing ... yes I'm attending Miss Linton. Oh, er ... Raewyn, what was the last sentence? No, Miss Linton I wasn't listening, I was miles away. Yes, I know School Cert. is only a few weeks away. No I don't expect to pass, Miss Linton. I know my attitude towards work is deplorable, and I will attend now. Be quiet Raewyn I'm trying to listen to Lindsey. Whacko, the bell! Neither am I packing up yet.. just putting a few books away. Oh, Miss Linton, do I have to clean the black-board? O me miserum!

T Davev. 5 Pro. 1.

THE TURTLE

Once upon a time there lived a turtle in the middle of a desert, by a little swamp. One day the swamp dried up and the turtle began his journey across the desert even though he knew he couldn't do it. After he had walked for a day his two friends the ducks came over with a stick in their mouths. The turtle held on by his mouth and the ducks took off. When crossing a little town two men looked up and said, "Have you ever seen a flying turtle?" Then the turtle looked down and said, "Ha, shuddup it's none of your business."

Moral: There is often a good reason for some very funny things.

DEDICATED TO DAVE.

We were told we had to write Something, dedicated to Dave. It had to be alright Because it was, dedicated to Dave. We were told we had to write it, So we hope that you like it; We sure hope that you like it; !Cause it!s dedicated to you, Dave.

We all remember that meal,
So it's dedicated to Dave.
It made our appetites real,
That's why it's dedicated to Dave.
It won't be forgotten by Kelly
For he sure filled his belly,
Both times he filled his belly,
That's why it's dedicated to you, Dave.

The boy from quiet old Murchison, (Which is dedicated to Dave)
He's a lucky, lucky son.
That's why it's dedicated to Dave
We hope that you will excuse it,
But we simply had to use it,
We really had to use it,
Because it's dedicated to you, Dave.

We hope you'll excuse the liberty,
Of refering to you as Daye.
So pardon please our liberty
As we dedicate to Dave
These verses all astir
And so instead we'll call you Sir.
At Darfield too they'll call you Sir
And they will be dedicated to you - Dave.

From all of 6B Art.

THE AUSTRALIAN TRAVELLER.

The summer's day was wearing on As four-thirty had already gone When in the distance I could just make out The tiny figure of a little lout

Who up to me on horse back rode
Along the endless dusty road.
He told his name and whereabouts
To my wife and I who had no doubts
Of where he had travelled that weary day
From our closest neighbour one eighty miles away.

We fixed him a meal of toast and peas And told him he could stay as long as he pleased But next morning at the break of dawn He'd packed his bags and he was "gawn".

VALE SIXTH FORM.

Wooden statures and blundellous dorms,
Are what one saw in the top sixth form,
Millering around in unruly mobs,
Both well they knew that they were snobs,
Russelling about as though they owned the place,
Pavering through corridors at a slow pace,
What gibbs them courage to be so glum?
Kings, t'was to say, of the school (or the dumb).

"Good Example" was what they were meant to set,
"Good Grief" is what they should expect,
To have seen their lairded forms prostrate,
Against some tree or garden gate,
And to have heard them in a fitz of glee,
"feder coup" a fourth most savagely.
Bartley-ve all pity, I know we should miss
Such pathetic types. But, what a good miss!
